

Teacher Tips

- Read the directions to the students and model how to play.
- Be prepared with dice/spinner and game pieces for each player (e.g., pencil top erasers, pieces from another game, etc.)

DIRECTIONS

You'll need a dice or a spinner for each game board and a game piece for each player.

The person whose name comes first in alphabetical order will play first in the game. Roll the die and move that number of spaces on the game board. Each person will solve the problem on their own recording sheet. Everyone will double check their answers with each other. If you have the same correct answers, the next person should roll the die. If you have different answers, discuss it with your team. Find a way to solve the same problem. The next player may go.

If you roll a 1 or 2 and an arrow, you must solve to the next space. If you roll a 3 or 4, you must solve the game again.
