provides a global human rights perspective on social welfare policies that are at the forefront of controversy in today's world e.g. immigration policies, environmental sustainability, health care, housing, food insecurity, and income/wealth inequality.

Social Work and Social Welfare Katherine van Wormer, Rosemary J. Link, 2018-03-28 Unique in its use of a human rights framework, *Social Work and Social Welfare* goes beyond American borders to examine U.S. government policies including child welfare, social services, health care, and criminal justice within a global context. Guided by the belief that forces from the global market and predominant political ideologies affect all social workers in their practice, the book addresses a wide range of relevant topics including the refugee journey, the impact of new technologies, war trauma, environmental justice, and restorative justice. As a general textbook, the content is organized to follow outlines for basic introductory and more advanced courses examining social welfare programs, policies, and issues.

Advanced Practice Nursing: Essential Knowledge for the Profession Susan M. DeNisco, 2023-02-07 *Advanced Practice Nursing: Essential Knowledge for the Profession* Fifth Edition is a core advanced practice text used in both Master's Level and DNP programs. Along with original chapters, this bestselling text is a thoughtfully crafted compilation of existing chapters from a variety of advanced practice nursing textbooks from Jones Bartlett Learning. The strength of this approach is that each chapter was written by experts in each of the content areas, creating a comprehensive and well-rounded resource for the advanced practice nursing student. The Fifth Edition is framed around the new Domains from the AACN Essentials for advanced practice education as well as the Essentials for Doctoral Education, featuring the most up-to-date content on each set of Essentials. Thoroughly updated, the authors address current and emerging trends including emergency preparedness, financing health care, the impact of big data on healthcare outcomes, ethical leadership, and more timely topics.

Homelessness Prevention and Intervention in Social Work Heather Larkin, Amanda Aykanian, Calvin L. Streeter, 2019-06-26 This important text provides a comprehensive survey of homelessness in America, its scope and causes, its diverse populations, and the array of responses at the individual, community, and systems levels. Expert contributors explore the links between trauma and homelessness, the cycle of homelessness and health/mental health problems, and barriers preventing people from accessing services. Case studies of effective programs and practices focus on science-based interventions, broad understanding of client needs, and close coordination between systems and agencies. Finally, specialized chapters discuss issues and experiences common to homeless youth and young adults, including housing instability on college campuses and empowerment-based strategies for engaging youth voice in programming. Included in the coverage: Homelessness and health disparities, a health equity lens, Affordable housing and housing policy responses to homelessness, Street talk, homeless discourses, and the politics of service provision, Multisectoral collaborations to address homelessness, Trauma-informed care in homelessness service settings, challenges and opportunities, Incorporating youth voice into services for young people experiencing homelessness.

Homelessness Prevention and Intervention in Social Work fills a critical gap in the social work curriculum as a main or a supplementary text. It also makes an accessible resource for clinicians and community practitioners seeking current knowledge on the topic, practical approaches to working with clients experiencing homelessness and useful information for effective program and policy design.

Policy Practice for Social Workers Linda Cummins, Katharine V Byers, Laura Pedrick, 2023-07-18 The second edition of *Policy Practice for Social Workers* expands the concept of policy practice in social work settings and illustrates how significant policy change may be achieved at a local, community, state and national level. Guided by an ethic of care approach, this textbook is intended to raise readers' awareness about policy practice and its fundamental relationship with the aims of the social work profession, offers a foundation for key skill development and contextualizes the work of policy practitioners in the larger political economic settings in which they work. This textbook is divided into two parts. First, readers will expand their understanding of policy practice, its beginnings and development over the course of social welfare history and the political economic and social drivers that affect policy decisions and undergird the U.S. political system. Readers will also learn about the ethic of care framework and the value-based lens it contributes to the policymaking process. Later in the book's second part, readers will explore the essential skills and values in policy work. Detailed coverage and vivid examples offer valuable insight into specific advocacy skills, including lobbying, community organizing, mobilizing, advocacy, public coalition building, campaigning, problem analysis, policy analysis and policy evaluation. Within its comprehensive overview of policy practice and advocacy, the new edition of this text extols a value-laden perspective to identify and assess unmet needs and promote a more socially just environment for all. Combining these dual aims, *Policy Practice for Social Workers* is an excellent cornerstone of policy and policy work for undergraduate and graduate students in social work.

Literacy, Lives and Learning David Barton, Roz Ivanic, Yvon Appleby, Rachel Hodge, Karin Tusting, 2012-11-12 Demonstrating what it is like to be an adult learner in today's world, this book focuses on language literacy and numeracy learning. The authors explore the complex relationship between learning and adults' lives following a wide range of individual students in various formal learning situations, from college environments to a young homeless project and a drug support and aftercare centre. The study is rooted in a social practices approach and examines how people's lives shape their learning. Themes addressed range from how literacy is learned through participation and how barriers such as violence and ill health impact on people's lives. Based on a major research project and detailed reflexive and collaborative methodology, the book describes a coherent strategy of communication and impact which will have a direct effect on policy and practice.
