

## **WORKKEYS WRITING TEST STUDY GUIDE**

The WorkKeys Writing Test consists of several scenarios set in different workplace situations presented on a CD. The examinee is responsible for listening to the scenarios and summarizing the information he/she hears in good paragraph form.

Each scenario will be presented to the examinee twice. During these two presentations, the examinee will take notes on the information given. Then, the examinee will be given a certain amount of time to summarize the information in a paragraph using correct grammar, punctuation, capitalization, and format.

Since the examinee is given only a limited amount of time to write each summary, he/she should **not worry** about neatness. **The summary is scored for correctness not neatness. The examinee can choose to either print or write the summaries.**

**To prepare for the Writing Test, the examinee should do the following:**

- Practice listening to a message, taking notes, and then writing a summary as quickly as possible. The examinee could have someone read something out of a given source like a newspaper or make-up a scenario.
- Review the summary sheet on possessive, semicolons, colons, and commas.
- Follow the following guidelines:

**During the presentation of each scenario, the examinee needs to remember the following guidelines:**

- Listen carefully for details (i.e. times, names, dates, phone numbers, locations etc.)
- Listen for whom the message is for
- Listen for whom the message is from
- Listen for how the message is received (i.e. answering machine, phone call, stopped by, etc.)
- Listen for the tone of the message (i.e. urgent, angry, pleasant, informative, etc.)

**When writing the message given in the scenario, the examinee needs to remember the following guidelines:**

- Use correct spelling of all words
