

Prometheus and Gaea

Prometheus and Gaea: Any Rand's Choice of Characters Throughout Greek mythology Prometheus is known as the fire bearing Titan who rebelled against Zeus and saved the world from his curse of a hatless and lightness punishment. Like wise, Equality In Anthem also rebels against his government in response to seeing the corruption within it. These similarities show how their lives exemplify the Ideal of individualism. Furthermore, Gaea, the goddess of earth, is comparable with The Golden one from Anthem; both would be seen as the beginning of a new race.

In particular, Prometheus and Equality trials and experiences correlate to each other and elicit the motives behind their audacious actions. Ultimately, Any Rand changes the names of her characters to Prometheus and Gaea as their lives parallel the lives of Equality and the Golden One both with similar trials and sacrifices for the sake of mankind. Prometheus and Equality rebellion are similar. They both passionately desire prosperity for their human race and are willing to rebel against a higher power to achieve it.

Initially, their rebellion against a higher power is quite similar: "The rebel Prometheus, who had taken such a arsenal risk for mankind, now was faced with getting the fire back down to earth. " (Pontoons; Prometheus; Mythology's Original Rebel). Furthermore, Equality rebelled against the higher power that threatened his humanity: " You fools! ' we cried, You fools! ' You thrice-damned fools! " (Rand, page 75). Here Equality calls the highest power, the Council of the Scholars, "Thrice-damned fools" because they reject his offering to humanity.

Later, Equality vows to protect his chosen brothers and start a new rebellion race that would be based off Individualism and loyalty. He wanted to rate a new race of humans, a race that would be superior to the people that he grew up with. He would add things that would make them like gods relative to that of the past humans, such as individualism and reverence for there own spirit. Here, Rand displays Equality plans for mankind, "Our son will be raised as a man. He will be taught to say 'I' and to bear the pride of it.

He will be taught to walk straight and on his own feet. He will be taught reverence for his own spirit" (Rand, page 100). Likewise, Pontoons also describes Prometheus' view on the creation of humans when e writes, "Prometheus had created humans in the likeness of gods" and also when he says, "Prometheus, the wise Titan, made man stand upright like the gods to be noble and conscious and to hold his head high, looking up at the heavens" (Pontoons, Prometheus; Mythology Original Rebel).

These similarities regarding rebellion and recreation of humans between Equality and Prometheus elicit their motives and exemplify how their lives are parallel. Throughout Greek

Anthem Ayn Rand, 1938 Equality 7 2521 writing by candlelight in a tunnel under the earth tells the story of his life up to that point He exclusively uses plural pronouns we our they to refer to himself and others He was raised like all children in his society away from his parents in collective homes Later he realized that he was born with a curse that makes him learn quickly and ask many questions He excelled at the Science of Things and dreamed of becoming a Scholar However a Council of Vocations assigns all people to their Life Mandate and he was assigned to be a Street Sweeper Equality 7 2521 accepts his street sweeping assignment as penance for his Transgression of Preference in secretly desiring to be a Scholar He works with Union 5 3992 and International 4 8818 who is Equality's only friend which is another Transgression of Preference He found an entrance to a tunnel in their assigned

work area Despite International s protests that any exploration unauthorized by a Council is forbidden Equality entered the tunnel and found that it contains metal tracks Equality realized that the tunnel is from the Unmentionable Times of the distant past He began sneaking away from his community to use the tunnel as a laboratory for scientific experiments He stole paper and is using it to write his journal He is now 21 years old While cleaning a road at the edge of the City Equality meets Liberty 5 3000 a 17 year old Peasant girl who works in the fields He commits another transgression by thinking constantly of her instead of waiting to be assigned a woman at the annual Time of Mating She has dark eyes and golden hair and he names her The Golden One When he speaks to her he discovers that she also thinks of him Later he reveals his secret name for her and Liberty tells Equality she has named him The Unconquered Continuing his scientific work Equality rediscovers electricity In the ruins of the tunnel he finds a glass box with wires in it that gives off light when he passes electricity through it He decides to take his discovery to the World Council of Scholars thinking that such a great gift to mankind will outweigh his transgressions and lead to him being made a Scholar However one night he loses track of time in the underground tunnel and his absence from the Home of the Street Sweepers is noticed He is whipped and held in the Palace of Corrective Detention The night before the World Council of Scholars is set to meet he easily escapes there are no guards because no one has ever attempted escape before The next day he presents his work to the World Council of Scholars Horrified that he has done unauthorized research they assail him as a wretch and a gutter cleaner saying he must be punished They say his discovery must be destroyed lest it disrupt the plans of the World Council and the Department of Candles Equality seizes the box cursing the council before fleeing into the Uncharted Forest that lies outside the City In the Uncharted Forest Equality sees himself as damned for having left his fellow men but he enjoys his freedom No one will pursue him into this forbidden place He only misses the Golden One On his second day of living in the forest the Golden One appears having followed him into the forest They live together in the forest and try to express their love for one another but they lack the words to express love as individuals They find a house from the Unmentionable Times in the mountains and decide to live in it While reading books from the house s library Equality discovers the word I and tells the Golden One about it Having rediscovered individuality they give themselves new names from the books Equality becomes Prometheus and Liberty becomes Gaea Gaea is pregnant with Prometheus child Prometheus talks about the past wondering how men could give up their individuality and plans a future in which they will regain it
