half male half female Krao a seven year old hairy Laotian girl who was marketed as Darwin's missing link the Last of the Mysterious Aztecs and African Cannibal Kings who were often merely Irishmen in blackface Upending our tendency to read late twentieth century conceptions of disability onto the bodies of freak show performers Durbach shows that these spectacles helped to articulate the cultural meanings invested in otherness and thus clarified what it meant to be British at a key moment in the making of modern and imperial ideologies and identities
