The Science of Leadership Julian Barling,2014 Barling takes an evidenced based approach to his subject relying primarily on knowledge generated from psychological research on organisational leadership conducted around the world with some personal reflections from two decades of involvement in leadership research and leadership development with executives **Bush League, Big City** Michael Sokolow,2023-04-01 *Bush League Big City* tells the interwoven stories of two low level minor league baseball teams brought to New York City in the late 1990s It also illuminates the history of the New York Penn League America s oldest and longest running minor league from its inception in 1939 until its abrupt contraction by Major League Baseball in 2020 With an eye for details and firsthand accounts by many of the baseball people involved

Michael Sokolow tells the story of two franchises that went in very different directions as the Cyclones achieved astronomical success while Staten Island's Baby Bombers sank under the weight of debt and recriminations. Along the way the book visits small communities in upstate New York, New England and Canada, introduces the multimillionaires who came to dominate small time baseball ownership and tells the tale of two of the most expensive minor league baseball stadiums ever built. It also sheds light on the complex behind the scenes influence of New York City politics as the indomitable will of Mayor Rudy Giuliani reshaped the geography of both the city and professional baseball. *Bush League Big City* is a compelling examination of both the power and limits of nostalgia in a sport that is increasingly focused on the bottom line. **Forthcoming Books**

In these pages are the stories of a broad cross section of people and events that shaped the city, including mayors and moguls, women and workers and policemen and poets.
