

Algebra 2 Summer Packet

- This summer packet is for all students enrolled in Algebra 2 for the 2020-2021 school year.
- Bring this completed packet to the first class of the school, as we will be answering questions on it that day.
- The entire packet will be collected at the end of the second week of school and will count as part of your first quarter grade.
- The objectives are Algebra 1 objectives and are outlined in this packet. Be sure to master the objectives before start of the school year.

Follow the directions in the packet and do all of the exercises, neatly showing all of your work in the packet. Do your work without a calculator for #1-28. For #29 & 30, you will need a graphing calculator.

- Upon completion of each section, check your answers with the correct answers.
- If you have forgotten how to do any of the problems in the packet, use the internet to "google" the objectives for help.

We will be using graphing calculators throughout the course. If you do not own a graphing calculator it is recommended that you purchase your own calculator. We recommend purchasing the TI-84 Plus. Do not buy a TI-89 because they are not allowed in class, on the SAT's, or on the Virginia SOL Test.

If you have any questions about the requirements outlined above or the directions for completing the summer packet, please feel free to email Mrs. Chong at amchong@fcps.edu
