The Complete Aeschylus : Volume II: Persians and Other Plays Aeschylus, Peter Burian Professor of Classical and Comparative Literature and Theater Studies Duke University, Chapel Hill Alan Shapiro Distinguished Professor of English and Creative Writing University of North Carolina, 2009-02-17 Based on the conviction that only translators who write poetry themselves can properly re create the celebrated and timeless tragedies of Aeschylus Sophocles and Euripides the Greek Tragedy in New Translations series offers new translations that go beyond the literal meaning of the Greek in order to evoke the poetry of the originals The volume brings together four major works by one of the great classical dramatists Prometheus Bound translated by James Scully and C John Herrington a haunting depiction of the most famous of Olympian punishments The Suppliants translated by Peter Burian an extraordinary drama of flight and rescue arising from women's resistance to marriage Persians translated by Janet Lembke and C John Herrington a masterful telling of the Persian Wars from the view of the defeated and Seven Against Thebes translated by Anthony Hecht and Helen Bacon a richly symbolic play about the feuding sons of Oedipus These four tragedies were originally available as single volumes This new volume retains the informative introductions and explanatory notes of the original editions and adds a single combined glossary and Greek line numbers

The Experiment Barbara Vroman, 2005-09 So it was that each participant of the Experiment found a vision and was soon immersed with high excitement in making it come true And ironically Hinder who was to have been the spoiler became instead the enabler Then there occurred an event that was to challenge not only the Experiment group but the whole nation The time had come for a man named Abu Kalide Al Mussada to accomplish a vision of

a very different sort Abu Kalide and eight of his followers infiltrated across the border between Mexico and America in the early hours of the sixteenth day of September At ten o'clock that morning they took possession of a nursery school in Casa de Luna New Mexico As Abu Kalide had planned the headlines and airways screamed the news The President promised that action would be taken immediately but it would not be precipitate Every care would be taken not to move so rapidly it would be heedless The threat would be met without excessive haste or impulse The safety of the children would be the foremost consideration And to each of the eight participants in the Experiment a familiar green sheet appeared in their mail An emergency meeting was called The black bus would come for them

Religions, Mumbai Style Michael Stausberg, 2025-05-16 Mumbai is generally recognized as an environment of extraordinary religious diversity The city is known at one and the same time for a habitual cosmopolitanism and a series of violent religion related conflicts and clashes While there is much academic scholarship on various aspects of urban history and realities this volume is the first international academic publication focusing on religion s in Mumbai An extended introductory essay provides a scenario of the religious history of the city from the earliest colonial periods to the present it also discusses such topics as public celebration and landmark religious places By taking a thematic approach the contributions highlight the dynamics of religious life in the city Chapters discuss spatial settings such as so called slums Dharavi and ghettos Mumbra but also roadside shrines and taxis Other chapters focus on class and civil society organizations Contributions discuss the crossing of religious boundaries e g in dealing with intermarriage and conversion and challenges

faced by religious groups as to how to reconcile the religious diversity of the city with their own desire for recognition Lines of tension and conflict often run within and not so much between communities The two final chapters of the volume address the reflection of religion in fiction set in Mumbai and in the work of the Bombay poet Arun Kolatkar **Exploring Anne Frank and Difficult Life Stories** Kirsten Kumpf Baele, Waltraud Maierhofer, Doyle Stevick, 2024-09-19 This volume grounded in the Diary of a Young Girl and its continued appeal to readers of all ages sees both promise in the relevance of Anne Frank's story in the twenty first century and potential for new ways of teaching her story and those of other genocides and human right violations Engaging Anne Frank with these other cases clarifies the distinct nature of the Holocaust and we build on the fact that the diary touches areas of deep interest especially to young people and that it has been read as a monument to resisting hate which is itself a prerequisite for educating citizens of more diverse and inclusive societies The diverse contributions and viewpoints in this volume illustrate how rich the ongoing engagement with Anne Frank and her legacy remain The Scot in British North America William Jordan Rattray, 1880 **"Making a Way Out of No Way"** Wolfgang Mieder, 2010 In barely forty years of life Martin Luther King 1929-1968 distinguished himself as one of the greatest social reformers of modern times civil rights leader defender of nonviolence in the struggle of desegregation champion of the poor anti war proponent and broad minded visionary of an interrelated world of free people His many verbal and written communications in the form of sermons speeches interviews letters essays and several books are replete with Bible proverbs as Love your enemies He who lives by the sword shall perish by the sword and Man does not live by bread alone as well as folk proverbs as Time and tide wait for no man Last hired first fired No gain without pain and Making a way out of no way He also delighted in citing quotations that have become proverbs to wit No man is an island All men are created equal and No lie can live forever King recycles these bits of traditional wisdom in various contexts varying his proverbial messages as he addresses the multifaceted issues of civil rights His rhetorical prowess is thus informed to a considerable degree by his effective use of his repertoire of proverbs which he frequently uses as leitmotifs or amasses into set pieces of fixed phrases to be employed repeatedly The Sociology of Terrorism Michael Blain, 2009 This book is a compilation of previously published studies on the role of culture and language in political violence and terrorism These studies have contributed to a paradigmatic shift in sociological thinking about language and culture in politics particularly in regard to the genesis and dynamics of violence and terrorism Blending ideas derived from Michel Foucault and Kenneth Burke this book is unique in its range of focus from detailed studies of specific cases of violence and terrorism to peace movements in resistance of violence war and terrorism **Healthy People 2000** Institute of Medicine, 1990-02-01 *Works, in an English Translation* Anatole France, 1909 *Power, Discourse and Victimage Ritual in the War on Terror* Michael Blain, 2016-04-08 Blending concepts from dramatism such as victimage ritual with Foucault's approach to modern power and knowledge regimes this book presents a novel and illuminating perspective on political power and domination resulting from the global war on terrorism

With attention to media sources and political discourse within the context of the global war on terror the author draws attention to the manner in which power elites construct scapegoats by way of a victimage ritual thus providing themselves with a political pretext for extending their power and authority over new territories and populations as well as legitimating an intensification of domestic surveillance and social control A compelling analysis of ritual rhetoric and political violence Power Discourse and Victimage Ritual in the War on Terror will be of interest to sociologists political theorists and scholars of media and communication concerned with questions of surveillance and social control political communication hegemony foreign policy and the war on terror

The Works of Anatole France in an English Translation Anatole France,1909 *Animal Studies* Paul Waldau,2013-02-11 Animal studies is a growing interdisciplinary field that incorporates scholarship from public policy sociology religion philosophy and many other areas In essence it seeks to understand how humans study and conceive of other than human animals and how these conceptions have changed over

time across cultures and across different ways of thinking This interdisciplinary introduction to the field boldly and creatively foregrounds the realities of nonhuman animals as well as the imaginative and ethical faculties that humans must engage to consider our intersection with living beings outside of our species It also compellingly demonstrates that the breadth and depth of thinking and humility needed to grasp the human nonhuman intersection has the potential to expand the dualism that currently divides the sciences and humanities As the first holistic survey of the field Animal Studies is essential reading for any student of human animal relationships and for all people who care about the role nonhuman animals play in our society
