Cold Blood Andy McNab, 2016-10-20 Out here the cold isn't the only killer Nick Stone is suffering. The two people he cared for most are gone. Desperate for the chance to escape his misery, Stone heads north at the summons of his old SAS officer. Five ex-servicemen badly wounded in Afghanistan need his back up for a trek to the North Pole. They meet at the world's most northerly airport where the polar bear threat makes it illegal not to carry a gun. But it doesn't take long for Stone and his men to discover that the most dangerous predators in this part of the world walk on two legs, not four. The coldest war of all is just beginning and Stone needs to pick a side. *Detonator* Andy McNab, 2016-09-22 Betrayed and left for dead high in the Alps, Nick Stone is in trouble. The blood on his hands tells of a head wound he can't see and his foggy memory confirms it. He knows only one thing for certain: someone somewhere wants to kill him. And they think they've succeeded. Stone wants revenge, but the only person who can help him is a seven-year-old boy. Not much protection in the pursuit of a gang of faceless men who trade in human misery. But this run of the mill close protection task is about to become Stone's most personal mission yet. Payback is top of Stone's agenda. The fuse has been ignited, but who really holds the detonator? *State of Emergency* Andy McNab, 2016-05-19 On a freezing winter's night, a small craft skims the Thames towards London's most exclusive riverside hotel. On board is a lone assassin, his target Britain's most powerful new politician. In a nation threatened by extremists, billionaire businessman Vernon Rolt's plans for a zero tolerance crackdown have touched a popular nerve. MI5 operative Tom Buckingham is undercover inside Rolt's organisation from where he must neutralise the rogue assassins out to kill his boss. All too soon, Tom gets caught up in a far more devastating plot which will change the political landscape of Europe for ever. *Down to the Wire* Andy McNab, 2022-11-10 The explosive new thriller featuring Nick Stone. A sinister cult. Tasked with rescuing the daughter of one of America's richest families from the grips of a sinister cult, Nick Stone expects his latest mission to be quick and straightforward. A kidnapped woman. Travelling to the frozen depths of the Norway-Russia border, the dividing line between NATO and the Kremlin's armed forces, it seems all he and his team need do is abduct the woman and deliver her home alive. An agent whose time is running out. But there are deadly complications, not least that Nick soon discovers himself at the heart of a chilling cyber conspiracy that threatens war with Russia and the very existence of the Western alliance, and that following a shocking diagnosis, his body is failing him fast and any day now he will have to ask himself the ultimate question.
