Gault, 2019-09-13 Explore metaphors in the exquisite and enigmatic poetry of Song of Songs One of the chief difficulties in interpreting the Song's lyrics is the unusual imagery used to depict the lovers' bodies Why is the maiden's hair compared to a flock of goats 4:1 the man's cheeks likened to garden beds of spice 5:13 and the eyes of both lovers described as doves 4:15 12 While scholars speculate on the significance of these images a systematic inquiry into the Song's body metaphors is curiously absent Based on insights from cognitive linguistics this study incorporates biblical and comparative data to uncover the meaning of these metaphors surveying literature in the eastern Mediterranean and beyond that shares a similar form poetry and theme love Gault presents an interpretation of the Song's body imagery that sheds light on the perception of beauty in Israel and its relationship to surrounding cultures Features Exploration of the Song's use of universal themes and culturally specific variations Discussion of the Song's literary structure and unity **Anne Carson: Antiquity** Laura Jansen, 2023-05-18 From her seminal *Eros the Bittersweet* 1986 to her experimental *Float* 2016 Bakkhai 2017 and *Norma Jeane Baker of Troy* 2019 Anne Carson's engagement with antiquity has been deeply influential to generations of readers both inside and outside of academia One reason for her success is the versatile scope of her classically oriented oeuvre which

she rethinks across multiple media and categories Yet an equally significant reason is her profile as a classicist In this role Carson unfailingly refuses to conform to the established conventions and situated practices of her discipline in favour of a mode of reading classical literature that allows for interpretative and creative freedom From a multi praxis cross disciplinary perspective the volume explores the erudite indiscipline of Carson s classicism as it emerges in her poetry translations essays and visual artistry It argues that her classicism is irreducible to a single vision and that it is best approached as integral to the protean character of her artistic thought

**Song of Songs** Graeme Watson,2014-05-15 The Song of Songs is a short beautiful but currently neglected book of the Bible Whilst acknowledging it s fascinating portrayal of human love and longing for love this unusual book explores the possibility of drawing on the mystics and the poets to read the book at a more profound level as a resource for contemplative prayer Aims to present the Song of Songs as a resource for contemplative prayer From its recorded beginning before Christ this biblical poem was widely and in fact exclusively interpreted both by Jews and Christians as a hymn of God s passionate love for his chosen people The Song of Songs is however a mysterious book and the more modern reading of it as a celebration of human erotic love has largely displaced this older interpretation Here the author presents a contemporary mystical reading with reference to some later Christian poetry including John Donne George Herbert Gerald Manley Hopkins and R S Thomas
