The Female Philosopher and Her Afterlives Deborah Weiss, 2017-11-17 This book argues that the female philosopher a literary figure brought into existence by Mary Wollstonecraft's *A Vindication of the Rights of Woman* embodied the transformations of feminist thought during the transition from the Enlightenment to the

Romantic period By imagining a series of alternate lives and afterlives for the female philosopher women authors of the early Romantic period used the resources of the novel to evaluate Wollstonecraft's ideas and legacy This book examines how these writers' opinions converged on such issues as progress education and ungendered virtues and how they diverged on a fundamental question connected to Wollstonecraft's life and feminist thought whether the enlightened intellectual woman should live according to her own principles or sacrifice moral autonomy in the interest of pragmatic accommodation to societal expectations The Roxburghe Library of Classics, 1904 □□□, 1985 **Renditions**, 1984 The First Wave Gillian Dooley, Danielle Clode, 2019-06-20 The European maritime explorers who first visited the bays and beaches of Australia brought with them diverse assumptions about the inhabitants of the country most of them based on sketchy or non-existent knowledge contemporary theories like the idea of the noble savage and an automatic belief in the superiority of European civilisation Mutual misunderstanding was almost universal whether it resulted in violence or apparently friendly transactions Written for a general audience The First Wave brings together a variety of contributions from thought provoking writers including both original research and creative work Our contributors explore the dynamics of these early encounters from Indigenous cosmological perspectives and European history of ideas from representations in art and literature to the role of animals food and fire in mediating first contact encounters and Indigenous agency in exploration and shipwrecks The First Wave includes poetry by Yankunytjatjara Aboriginal poet Ali Cobby Eckermann fiction by Miles Franklin award winning Noongar author Kim Scott and Danielle Clode and an account of the arrival of Christian missionaries in the Torres Strait Islands by Torres Strait political leader George Mye *Sounding Forth the Trumpet* Peter Marshall, David Manuel, 2009-06-15 *Sounding Forth the Trumpet* brings to life one of the most crucial epochs in America's history the events leading up to and precipitating the Civil War In this enlightening book readers live through the Gold Rush the Mexican War the skirmishes of Bleeding Kansas and the emergence of Abraham Lincoln as well as the tragic issue of slavery **A Conceptual-analytic Study of Classical Indian Philosophy of Morals** Rajendra Prasad, 2008 Using reconstructive ideas available in classical Indian original works this book makes a departure in the style of modern writings on Indian moral philosophy It presents Indian ethics in an objective secular and wherever necessary critical manner as a systematic down to earth philosophical account of moral values virtues rights and obligations It thereby refutes the claim that Indian philosophy has no ethics as well as the counter claim that it transcends ethics It demonstrates that moral living proves that the individual his society and the world are really real and not only taken to be real for behavioral purposes as the Advaitins hold the self is amoral being a non agent moksha is not a moral value and the Karmic theory because of involving belief in rebirth does not guarantee that the doer of an action is also the experiencer of its results contrary to what is commonly held and Indian ethics can sustain itself even if such notions are dropped Rajendra Prasad calls Indian ethics organismic because along with ethical concerns it also covers issues related to professions politics administration sex environment etc Therefore

in one format it is theoretical and applied normative and metaethical humanistic and non humanistic etc of course within the limits of the then cognitive enquiry

The Cambridge History of Classical Literature: Volume 1, Greek Literature, Part 1, Early Greek Poetry P. E. Easterling, Bernard M. W. Knox, 1989-05-04 The period from the eighth to the fifth centuries B C was one of extraordinary creativity in the Greek speaking world Poetry was a public and popular medium and its production was closely related to developments in contemporary society At the time when the city states were acquiring their distinctive institutions epic found the greatest of all its exponents in Homer and lyric poetry for both solo and choral performance became a genre which attracted poets of the first rank writers of the quality of Sappho Alcaeus and Pindar whose influence on later literature was to be profound This volume covers the epic tradition the didactic

poems of Hesiod and his imitators and the wide ranging work of the iambic elegiac and lyric poets of what is loosely called the archaic age. The contributors make use of recent papyrus finds particularly in the case of Archilochus and Stesichorus to fill out the picture of a cosmopolitan and highly sophisticated literary culture which had not yet found its intellectual centre in Athens.
