National Correct Coding Initiative (CCI) and Outpatient Code Editor (OCE) Edit Tables

Speech-Language Pathology Procedures

The following tables for speech-language pathology related CCI and OCE edits are derived from the complete lists of edits published on the [Centers for Medicare & Medicaid Services \(CMS\) CCI website](#). They apply to both Medicare Part B and Medicaid services.

The tables list:

- Code pairs that cannot be billed together for the same patient on the same date of service
- Code pairs that can be billed together for the same patient on the same date of service by attaching a -59 modifier to bypass the code edit. The modifier indicates that the two procedures are separate and distinct (must be supported in the medical record)
 - Modifier -59 should be attached to the CPT code listed in Column 2, when applicable

Note: SLP-related code pairs that are **not** listed here are **not** subject to CCI restrictions and can be billed on the same day without a modifier. However, speech-language pathologists should also be aware of [Medically Unlikely Edit \(MUE\)](#) restrictions.
