Chapter-wise Question Bank - Unit 8: Human Resource Management & Marketing Management Dheeraj Kumar Singh, The Science of Learning Joseph J. Pear,2014-01-02 Growing at an ever increasing pace for over a century the solid body of concepts and facts that constitute the science of learning demand a comprehensive systematic introduction Completely up to date and written in a direct easy to read style that is suitable for undergraduates The Science of Learning is such an introduction Because its focus is on what is known rather than what is speculated this book differs from other learning texts by not dwelling on which theories are or are not in vogue The text s comprehensive coverage makes it an ideal reference for more advanced scholars and specialists in learning and related fields **Behavior Analysis and Learning** W. David Pierce,Carl D. Cheney,2013-04-15 Behavior Analysis and Learning Fourth Edition is an essential textbook covering the basic principles in the field of behavior analysis and learned behaviors as pioneered by B F Skinner The textbook provides an advanced introduction to operant conditioning from a very consistent Skinnerian perspective It covers a range of principles from basic respondent conditioning through applied behavior analysis into cultural design Elaborating on Darwinian components and biological connections with behavior the book treats the topic from a consistent worldview of selectionism The functional relations between the organism and the environment are described and their application in accounting for old behavior and generating new behavior is illustrated Expanding on concepts of past editions the fourth edition provides updated coverage of recent literature and the latest findings There is increased inclusion of biological and neuroscience material as well as more data correlating behavior with neurological and genetic factors The material presented in this book provides the reader with the best available foundation in behavior science and is a valuable resource for advanced undergraduate and graduate students in psychology or other behavior based disciplines In addition a website of supplemental resources for instructors and students makes this new edition even more accessible and student friendly
