World History Elisabeth Gaynor Ellis, Anthony Esler, 2014 *Early Modernization of Chinese Education* Zhengping Tian, 2025-08-13 This book offers readers a comprehensive overview of the Chinese educational modernization process during which thousands of Chinese students studied overseas to find solutions for the reform of feudal education. This led to significant educational modernization between 1860 and 1940. Five topics are covered: the reasons Chinese students studied overseas; the three vital transmissions of the overseas study trend during these 80 years; returning students and the establishment and development of modern Chinese education; science; overseas students and Chinese modern educational reform; and returning students and the establishment and development of the modern Chinese higher education system. The book is of interest to high school students, undergraduates, and graduates in the fields of Chinese modern history and culture.

Chinese educational modernization and modern Chinese education reform Li Hung-chang and China's Early Modernization Samuel C. Chu, Kwang-Ching Liu, 1994 Li Hung-chang 1823-1901 was a Chinese statesman, particularly notable for his promotion of industrialization and advocacy of bureaucratic reform. Most of the papers in this volume were first presented in two panels devoted to Li at the 1987 annual meeting of the Pacific Coast Branch of the American Historical Association. The volume is divided into six parts: introduction; The Beginnings of China's Modernization; the rise of Li Hung-chang; Li in the role of a national official; Li as diplomat; Li as modernizer; and conclusion, including a bibliographical essay. Paper edition, unsewn, 225 pp. Annotation copyright by Book News, Inc., Portland, OR *Ecological Modernisation and Japan* Brendan F.D. Barrett, 2005-04-28 In the 1990s Japan gradually began to turn green and started to experiment with more participatory forms of environmental governance. *Ecological Modernisation and Japan* explores this transformation and looks at Japan as a case for ecological modernisation while contextualising the discussion within its unique history and recent discussions about globalisation and sustainability. It makes a significant contribution to the ecological modernisation debate by unpacking the Japanese environmental experience.

The Foreign Factor: The Multinational Corporation's Contribution to the Economic Modernization of the Republic of China, Schive economics National Taiwan University and the Hoover Institution must be the last to insist that the nation of China is represented by a little island in the Pacific, that the rest of us, including the US government, call Taiwan. In any event, this is an interesting, if unduly positive, study of the contributions to Taiwan's economy made by direct foreign investment, showing that the associated technological

Backwardness and Modernization: Poland and Eastern Europe in the 16th-20th Centuries Jacek Kochanowicz, 2018-01-31 The subject of this book is the economic backwardness of Poland and Eastern Europe in the modern era The studies in the first part analyse various aspects of the region s economic and social history in the period from the 16th to the 20th centuries such as the nature of peasant economics the character of economic evolution and the ambiguity of social and economic relations between Poland and the West The second part deals with the change following the fall of state socialism Papers in this part argue that for understanding the present it is necessary to take into consideration historical legacies It is also important to look at the process of this recent change comparatively both within Eastern Europe and comparing this region with other parts of the world Professor Kochanowicz s contention in these essays is that the so called transformation has had to cope not only with the effects of state socialism but also with a much longer legacy of backwardness
