Moore, 2022-08-22 This Companion covers a range of receptions of ancient Greek and Roman gender and sexuality It explores ancient representations of these concepts as we define them today as well as recent perspectives that have been projected back onto antiquity Beginning in antiquity the chapters examine how the ancient Greeks and Romans regarded concepts of what we would today call gender and sexuality based on the evidence available to us and chart the varied interpretations and receptions of these concepts across time to the present day In exploring how different cultures have received the classical past the volume investigates these cultures

different interpretations of Greek and Roman sexualities and what these interpretations can reveal about their own attitudes Through the contributions in this book the reader gains a deeper understanding of this essential part of human existence derived from influential sources From ancient to modern and postmodern perspectives from cinematic productions to TikTok videos receptions of ancient gender and sexuality abound This volume is of interest to students and scholars of ancient history gender and sexuality in the ancient world and ancient societies as well as those working on popular culture and gender studies more broadly How to Seduce a Bad Boy Traci Douglass, 2019-01-14 Melody Bryant has heard it all before Sure she s the complete librarian stereotype Loves order Loves rules and deadlines Loves books But what she doesn t love is still being a virgin at twenty four Unfortunately the only guy she s ever been interested in turned her down flat and then left town Eight Years Ago Ugh Now her birthday is fast approaching and she just can t take it any longer She s finding a guy before her birthday in five weeks or she s adopting two more cats and fully embracing her life as That Weird Cat Lady But when her latest date ends in epic failure everyone thinks of her as the proper librarian Melody realizes she needs to ruin her reputation And she knows the perfect guy to help her the baddest bad boy in town And this Army vet won t know what hit Legacies of the Stone Guest Alexander Burry, 2023-06-13 The story of Don Juan first appeared in writing in him seventeenth century Spain reaching Russia about a century later Its real impact however was delayed until Russia s most famous poet Alexander Pushkin put his own unique and uniquely inspirational spin on the tale Published in 1830 TheStone Guest is now recognized with other Pushkin masterpieces as part of the Russian literary canon Alexander Burry traces the influence of Pushkin's brilliant innovations to the legend which he shows have proven repeatedly fruitful through successive ages of Russian literature from the Realist to the Silver Age Soviet and contemporary periods Burry shows that rather than creating a simple retelling of an originally religious tale about a sinful consummate seducer Pushkin offered open ended scenes re envisioned and complicated characters and new motifs that became recursive and productive parts of Russian literature in ways that even Pushkin himself could never have predicted The Ethical Seduction of the Analytic **Situation** Viviane Chetrit-Vatine, 2018-05-11 According to Jacques Andre the patient's encounter with the analyst is a scene of seduction the seductive statement being that of the fundamental rule or the invitation to address that which is most intimate or personal to a complete stranger But the practice of psychoanalysis can only unfold if there is a strict respect for ethics The words seduction and ethics which at first sight seem mutually exclusive are thus as the author shows at the heart of the analytic perspective The author takes as her starting point an encounter which is not necessarily consensual between Emmanuel Levinas thought and his conception of philosophy as ethics understood as responsibility for the other and that of the psychoanalyst Jean Laplanche who posits the first adult other as a seducer of the young psyche from the outset due to the transmission of enigmatic messages compromised by his or her unconscious The analyst's ethical position is re examined and with it the feminine maternal origins of the human capacity for responsibility for the other Civil War and

Courted and Abandoned Patrick Brode, Osgoode Society for Canadian Legal History, 2002-01-01 Patrick Brode examines the history of the heartbalm torts in nineteenth century Canada breaches of duty leading to liability for damages for seduction breach of promise of marriage and criminal conversation Reflecting 9/11 Heather Pope, Victoria Bryan, 2016-06-22 In over fifteen years the cultural and artistic response to 9 11 has been wide ranging in form and function As the turbulent post 9 11 years have unfolded years that have been shaped and characterized by the War on Terror the Patriot Act the Wars in Afghanistan and Iraq 7 7 Abu Ghraib and Guant namo Bay these texts have been commemorative and heroic have attempted to work through collective and individual traumas and have struggled with trying to represent the terrorist other Many of these earlier domestic heroic and traumatic works have so often been read as limitations in narrative This collection however challenges the language of limitation and provides re readings of earlier work but also traces the emergence of a new paradigm for discussing the artistic responses to 9 11 one that frames these narratives as dialogic self conscious and self reflexive interventions in the responses to the attacks the initial representations of the attacks and the ever shifting social and geopolitical continuities of the 9 11 decade These texts widen the conversation about the lasting impacts of 9 11 and incorporate strands of discussion on American exceptionalism and imperialism torture and otherness whilst still remaining invested in the personal and collective traumas of the attacks The authors included here ask crucial questions about the way 9 11 is being historicized will it for example be read as a moment of rupture or epoch Will it inevitably be attached to the War on Terror or the Wars in Iraq and Afghanistan As they trace the emergent patterns of reflexivity politicization and dissent the contributions here are also implicitly invested in asking how far they extend
