Kidd,2004 Will boys be boys What are little boys made of Kenneth B Kidd

responds to these familiar questions with a thorough review of boy culture in America since the late nineteenth century. From the boy work promoted by character building organizations such as Scouting and 4 H to current therapeutic and pop psychological obsessions with children's self-esteem, Kidd presents the great variety of cultural influences on the changing notion of boyhood. Kidd finds that the education and supervision of boys in the United States have been shaped by the collaboration of two seemingly conflictive approaches. In 1916, Henry William Gibson, a leader of the YMCA, created the term *boyology*, which came to refer to professional writing about the biological and social development of boys. At the same time, the feral tale, with its roots in myth and folklore, emphasized boys' wild nature, epitomized by such classic protagonists as Mowgli in *The Jungle Books* and Huck Finn. From the tension between these two perspectives evolved society's perception of what makes a good boy, from the responsible son asserting his independence from his father in the late 1800s to the idealized, sexually confident and psychologically healthy youth of today. The image of the savage child raised by wolves has been tamed and transformed into a model of white middle class masculinity. Analyzing icons of boyhood and maleness from Father Flanagan's *Boys Town* and Max in *Where the Wild Things Are* to Elin González and even Michael Jackson, Kidd surveys films, psychoanalytic case studies, parenting manuals, historical accounts of the discoveries of wolf boys, and self-help books to provide a rigorous history of what it has meant to be an all-American boy. Kenneth B. Kidd is assistant professor of English at the University of Florida and associate director of the Center for Children's Literature and Culture.

Boys at Home Ken Parille, 2011-05 In this groundbreaking book, Ken Parille seeks to do for nineteenth century boys what the past three decades of scholarship have done for girls: show how the complexities of the fiction and educational materials written about them reflect the lives they lived. While most studies of nineteenth century boyhood have focused on post-Civil War male novelists, Parille explores a broader archive of writings by male and female authors extending from 1830-1885. *Boys at Home* offers a series of arguments about five pedagogical modes: play, adventure, corporal punishment, sympathy, shame, and reading. The first chapter demonstrates that, rather than encouraging boys to escape the bonds of domesticity, scenes of play in boys' novels reproduce values associated with the home. Chapter 2 argues that debates about corporal punishment are crucial sources for the culture's ideas about gender difference and pedagogical practice. In chapter 3, *The Medicine of Sympathy*, Parille examines the affective nature of mother-daughter and mother-son bonds, emphasizing the special difficulties that boy nature posed for women. The fourth chapter uses boys' conduct literature and Louisa May Alcott's *Little Women*, the preeminent chronicle of girlhood in the century, to investigate not only Alcott's

fictional representations of shame centered discipline but also pervasive cultural narratives about what it means to be a man. Focusing on works by Lydia Sigourney and Francis Forrester, the final chapter considers arguments about the effects that fictional historical and biographical narratives had on a boy's sense of himself and his masculinity. *Boys at Home* is an important contribution to the emerging field of masculinity studies. In addition, this provocative volume brings new insight to the study of childhood, women's writing, and American culture. Ken Parille is assistant professor of English at East Carolina University. His articles have appeared in *Children's Literature*, *Tulsa Studies in Women's Literature*, *Papers on Language and Literature*, and *Children's Literature Association Quarterly*.
