

The background of the book cover is a high-magnification, false-color aerial photograph of a complex integrated circuit (IC) die. The die is rectangular and filled with a dense, intricate pattern of circuitry. Various functional blocks are highlighted in different colors: large rectangular areas in bright green and red, and more complex, irregular shapes in purple, blue, and yellow. A network of fine, dark lines represents the interconnects between these blocks. The overall appearance is that of a highly detailed, multi-layered electronic structure.
