Marvelous Minilessons for Teaching Nonfiction Writing K-3 Lori Jamison Rog, 2015-12-11 Today's young learners know more about their world than ever before. This remarkable book shows that even our youngest writers can consider audience and purpose as they use nonfiction writing to document their ideas and share those ideas with others. But if students are going to be able to use writing to learn, they must have opportunities for learning to write. That's what this book is for. A wealth of hands-on minilessons offer strategies for writing informational, persuasive, and procedural text. Each lesson starts with a learning goal and follows an I do, we do, you do format. Teachers will find a wealth of ideas for guiding young students to write about what they know and care about. Nonfiction Writing Prompts for Lower Elementary Math Rosemary Ruthven, 2005 GRAPHIC NOVEL This is an original creative way of unpicking relationship problems worth revisiting again and again for more insights. Bel Mooney, Columnist, Daily Mail. Anthony and Andrea aren't getting on. It's five weeks away from their marriage, and Andrea has caught her fiancé cheating on the internet with an older woman. Share this couple's journey with their counsellor and become a fly on the wall as they journey into their most private and unknown places. Much more than a comic strip, the graphic novel *Couple Therapy*. *Dramas of Love and Sex* takes you into the hidden world of the Relate counselling room and lets you into the private worlds of three fictional couples as they struggle to improve their relationships and their sex lives. Relate counsellor Barbara Bloomfield discusses each case with renowned family therapist Prof Rudi Dallos as they share thoughts, theories, and active techniques that will help each couple to understand what's gone wrong and how to make changes for the better. WITH A FOREWORD BY RUTH SUTHERLAND, CEO OF RELATE. *Couple Therapy* is a very innovative book exploring the private worlds of two fictional couples plus one family going through RELATE counselling. It is comic strip type graphic novel which highlights relationship issues in an exciting, easy, and highly readable way. A must read for anybody experiencing problems in a relationship. Cary L. Cooper, CBE, Distinguished Professor of Organizational Psychology and Health at Lancaster University, UK, and President of Relate. This wonderfully creative book provides a unique insight into the Relate counselling room. It is written with clarity and integrity, and I would highly recommend it to anyone interested in learning more about Relate counselling. Jenny Porter, Supervisor, Relate Cymru, and Tutor at The Relate Institute, UK. This graphic novel explores some of the problems we all face in our relationships and beautifully describes what goes on in the counselling room to solve them. I love the real feeling of being in the room that the cartoons convey, and then the what's going on in the counsellor's head commentary adds depth, followed by some excellent supervision of the work at the end of each chapter. There's no dumbing down, and the book gives real insights into the couple and family counselling process. Marvellous! Gwilym Roberts, Chief Executive, Relate Cymru, UK. This beautifully illustrated graphic novel provides an informative and accessible guide to systemic-oriented couple therapy, with accompanying comments and thoughts helping the reader to understand the way the couple feels and the therapist works with their problems. The book can be recommended to
