The Siamsect Files ,2006      The Montrasec Demo Neil Paterson,Gert Vermeulen,2010 Recent European Union policy discussions have again highlighted the urgent need for consistent recording and analysis of data relating to trafficking in human beings Without such a framework the EU s ability to assess the scale and nature of the problem and consequently to formulate effective policy responses is severely impaired MONTRASEC a model for monitoring trafficking in human beings as well as sexually exploited and missing children demonstrates that real progress can be made in addressing these long standing difficulties Building on the work undertaken in the previous SIAMSECT Statistical Information and Analysis on Missing and Sexually Exploited Children and Trafficking research a practical IT tool has been developed by which the three phenomena can be described interpreted and analyzed in an integrated and multidisciplinary fashion The IT tool also provides National Rapporteurs or similar mechanisms with enhanced and uniform reporting capacity Recognizing the EU s emerging policy line the MONTRASEC IT tool provides a building block by which the European Commission or a future European Monitoring Centre on Trafficking in Human Beings can make horizontal comparison between the reports of the Member States This book describes how a workable IT tool with contents based on international legal instruments and definitions concerning the three phenomena has been designed and tested by a range of operational agencies in two separate EU Member States Critical questions relating to compliance with both Member States and European data protection and privacy legislation are addressed alongside the need to ensure the highest possible levels of security for sensitive personal data relating to both victims and authors Furthermore a CD ROM is included containing a live demonstration of all the features and functions of the MONTRASEC IT tool The MONTRASEC Demo shows that it is actually possible to move beyond theoretical discussions concerning data collection to a point where agencies operating in the field are prepared to work within a unified and consistent data collection regime inputting live data which can thereafter be analyzed at the Member State and EU level The book is essential reading for EU policy makers judicial and law enforcement authorities and organizations working in the fields of trafficking in human beings and in the field of sexually exploited and missing children both in the EU and in a broader international context It will also appeal to the research community and anyone with an interest in justice and home affairs or criminal policy initiatives in the EU      **Introduction to Criminal Investigation**

**The Elusive Rule of Law** Kim R. Lindquist, 2021-04-13 Language and the universal need of comparative criminal law information prompted this writing My early international experience involved Latin America and the Spanish language exclusively This ultimately resulted in the writing and publication of four books in Spanish directed at the comparative criminal procedure of those countries Since that time my studies have expanded into the Eastern Hemisphere with English as the common language With that expanded experience I came to appreciate the fact that the East shares the same comparative law reality with the West their varied cultural differences only underscoring the universal nature of the criminal law principles and mechanisms otherwise held in common I have come to realize that those universal principles and mechanisms must be addressed in English as well This book is the result The task has been daunting by virtue of the massive amount of information involved At the same time it has proved extremely satisfying The endeavor has allowed me to revisit confirm and refine the accuracy of the principles dealt with at the same time improving hopefully their pedagogical expression The work has also allowed me to bring together in a more coherent whole the concepts and ideas otherwise spread among the preceding books and related writings Although tempted to feel great intellectual comfort in achieving a single source of important but varied information I am fairly but harshly brought back to earth with the realization of the illusory nature of that achievement Indeed given the profound depth and breadth of Rule of Law its scholastic dominion is as elusive as Rule of Law itself Nonetheless I sincerely hope this writing will help

Fenella M. W. Billing, 2016-09-01 This book considers the effectiveness and fairness of using international cooperation to obtain confession evidence or evidence of a suspect or accused person's silence across borders This is a question of balance in limiting and protecting the right to silence The functioning of the applicable law in Denmark England and Wales and Australia is analysed in relation to investigative and trial measures such as police questioning administrative questioning powers covert surveillance and the use of silence as evidence of guilt On the national level this work examines the way in which domestic rules balance the right to silence in national criminal proceedings and whether investigative and trial rules produce continuity throughout the criminal proceedings as a whole From the transnational perspective comparative legal analysis is used to determine whether the national continuity may be disrupted to such an extent that cooperation in the gathering of confession evidence causes unfairness From the international perspective this research compares the right to silence under the ICCPR and the ECHR to identify the overall effect of cooperating under particular human rights frameworks on the question of balance *Unsuspecting Souls* Barry Sanders, 2010-07 In Unsuspecting Souls Barry Sanders examines modern society's indifference to the individual Beginning with the Industrial Revolution when care for human beings began to disappear slowly and ending with the modern era when societal events require less person to person interaction and introduce radical changes in common attitudes toward death and life Sanders laments that what makes us most human is slowly dying Our days are filled with a continuous bombardment of information that demands our attention

and brings us out of our world and into a sterile one of inhumanity and abstraction Weve also lost the original sense of a collective consciousness This loss has been culminating for two centuries now dating back to the rise of European powers and worldwide colonization We pick our poisons among several forms of radical fundamentalisms each one not only a threat to the other but a threat to humanity itself From references of Edgar Allan Poe to Abu Ghraib this is a fascinating and worrisome story impeccably researched and compellingly written **Angel City Blues** Jeff Edwards,2015-10-07 2018
