Police Defensive Tactics Manual:

Pro-Systems Complete Baton Manual Fernan Vargas, Joseph Truncale, 2015-10-03 The straight stick has probably been used as a self defense tool since a human made the first footprints on earth Through the ages variations of the stick and staff have been created to make a better self defense tool The straight stick was turned into spears and swords Understanding the basic use of the straight police baton makes it possible to use numerous other objects for self defense In fact the same techniques taught for using the police baton relate to a host of stick fighting and sword arts such as Hanbo Jutsu Jo Jutsu Wakizashi Jutsu and similar weapon combat systems It is hoped this book will provide a basic overview of the many ways a straight baton can be used for self defense control and takedowns for law enforcement security officers and martial artists studying weapons

FACTS AND FALLACIES ABOUT LAW ENFORCEMENT TRAINING AND DEFENSIVE TACTICS

Joseph Truncale, 2015-06-02 This is a manual will be of interest to not only all Law Enforcement Defensive Tactics Instructors but to anyone in the law enforcement field who is concerned about the facts and fallacies floating around this field The following are just a sample of the questions this basic guide will answer Is law enforcement defensive tactics a science Do the techniques and tactics you were taught always work on the street What is reality based training as it applies to defensive tactics Is there any formal martial art which is perfect for police officers Should officers be taught striking techniques Is the PR 24 Police Baton just a Tonfa Is training once a year sufficient to remain competent in defensive tactics

Giddings, Mark Furstenberg, Henry J. Noble, 1970 **Pro-Systems: The Basic Use of 5 Weapons** Joseph

Truncale, 2015-03-14 Besides the body's natural weapons we also emphasize how to use five basic weapons that can relate to numerous other common items for self defense purposes They include the following The Short Stick the Straight Stick Straight Baton the Side Handle PR 24 Baton the Knife and the Gun are the primary weapons in the Pro Systems Combatives program The pen, your mighty self defense friend joseph truncale, 2015-03-19 This book will show you how a simple

writing tool can easily be turned into an effective self defense weapon with just a little knowledge practice determination and imagination This is to my knowledge the first manual ever written that deals primarily with the use of the pen as a self protection tool Some of the areas this book will cover include choosing the best pen for self defense carrying methods how to grip the pen for most effectiveness the right to self defense and the law vulnerable areas of the body and specific techniques and tactics to use the pen for self defense When you finish this text you will be more aware and confident in your ability to defend yourself using a simple pen or pencil The key to defending yourself must always begin with the realization that your own body has numerous areas that can be used as a self defense tool

Pro-Systems: Baton Reverse Grip System

Joseph Truncale, 2015-03-14 This baton manual takes a different approach on how to employ the standard straight police baton

Whether you carry the expandable type of baton or the standard rigid model this text will provide a different perspective on how to use the baton for control and self defense The Baton Reverse Grip System BRGS was not created to take the place of any other baton system It was designated to increase an officer s options when employing the law rnforcement straight baton in arrest and control situations **SHOTOKAN KARATE: PRACTICAL COMBAT KARATE FOR THE STREET** Joseph

Truncate,2015-07-05 Shotokan Karate is one of the most effective forms of self defense but it is this area that is most ignored in traditional Shotokan dojos This modest manual is different from most Shotokan Karate texts because it focuses on the self defense application of karate Traditional Shotokan karate concentrates on three primary areas They are basics or Kihon Kata or forms and sparring or kumite The sparring may consist of five times sparring three times sparring one time sparring semi free sparring and free sparring Self defense training is seldom practiced and this manual hopes to fill that gap for students of Shotokan and other traditional styles of Karate This manual covers the basic principles of self defense use of force factors in self defense simple and effective self defense techniques to counter arm grabs body grabs choke attacks punching and kicking attack counters club attacks knife attacks gun attacks ground attacks and multiple attacker self defense techniques

Blue Army Jude McCulloch, 2012-11-27 We expect the police to stop armed robbers to arrest drug dealers to keep the peace at demonstrations and to protect us from crime Many of us believe that police officers need to carry guns to protect themselves as well as us But do we want our police forces to become armies Most of us are shocked when suspects are shot dead by police before they can be tried and disturbed to see police wearing riot gear and using baton charges at peaceful demonstrations When police begin using paramilitary tactics the essential nature of their role is redefined switching from protection and peacekeeping to active aggression Some units within our police forces such as the Special Operations Group train with the military and use military weapons and tactics In looking behind the extraordinary number of police shootings in Victoria Blue Army examines how the Special Operations Group and their tactics which are passed on to ordinary police have contributed to the toll Jude McCulloch's involvement as a lawyer in cases of police shootings led her to detailed investigation of changes to policing in Australia Blue Army arises from her research into the paramilitarisation of the police It exposes the risks of allowing Australia's police forces to move away from the key principle of keeping the peace with the use of minimum force Blue Army is a very disturbing book and one of great importance
