

PHYSICS

The cover features a dark blue background with several overlapping rectangular panels. The top-left panel shows a perspective view of a square frame with a smaller square inside, containing a blue sky with white clouds. The top-right panel displays a series of concentric, curved lines in shades of blue and yellow, resembling a ripple or a lens flare. The bottom-left panel shows a blue, translucent, ring-like object. The central and largest panel is a complex, abstract design with a dark blue background, overlaid with a dense network of white, swirling, and intersecting lines, suggesting a complex physical phenomenon like a particle collision or a complex field. A small, green, spherical object is positioned near the top center of this central panel.
