*FBI Law Enforcement Bulletin*, 2010      **Making Policing More Affordable** George Gascón, 2010      **The Incarcerated Modern** Golnar Nikpour, 2024-02-06 Iran's prison system is a foundational institution of Iranian political modernity. The *Incarcerated Modern* traces the transformation of Iran from a decentralized empire with few imprisoned persons at the turn of the twentieth century into a modern nation state with over a quarter million prisoners today. In policing the line between bad criminal and good citizen, the carceral system has shaped and reshaped Iranian understandings of citizenship, freedom, and political belonging. Golnar Nikpour explores the interplay between the concrete space of the Iranian prison and the role of prisons in producing new public cultures and political languages in Iran. From prison writings of 1920s leftist prisoners and communiqués of 1950s militant Islamists to paintings of 1970s revolutionary guerrillas and mapping projects organized by contemporary dissident prisoners, carceral confinement has shaped modern Iranian political movements. Today, mass incarceration is a global phenomenon. The *Incarcerated Modern* connects Iranian history to transnational carceral histories to illuminate the shared architectures, economies, and techniques of modern punishment.

*Making Policing More Affordable* George Gascon, 2011-05 Public expenditure on policing in the U.S. more than quadrupled between 1982 and 2006. This report tries to create space for a careful conversation about the challenge of paying for policing. It starts by asking two questions: First, what is driving up police expenditure? Are police departments growing and providing more services to more people, or are the costs of providing these same services simply going up? Or are other factors responsible for the increase? Second, what have cities and their residents received in return for their investment in policing? Are there fewer crimes, a greater sense of safety, and more satisfaction with police services? What has happened to the bottom line in policing? *Illus*. This is a print-on-demand report.

**Texas Cops Exposed** Jay Kidd, 2011-09 The author is a former police chief and three-time Texas whistleblower. He now owns a private investigations company. Bret Adams tells a story that is inspired by true events. The story reveals everything you ever wanted to know about police corruption in Texas. Adams was the class president and valedictorian at the police academy and served in almost every Texas Law Enforcement capacity. Adams has filed whistleblower-type lawsuits against state law enforcement agency administrators, police chiefs, law enforcement organization leaders, sheriffs, dozens of police officers, multimillion-dollar companies, city councilmen, and mayors. Adams ended a corrupt sheriff's career and exposed a huge cover-up in a famous whistleblower lawsuit. The story also includes a unique look into the murder of a deputy sheriff and explores the possibility that the deputy was murdered by fellow officers. Also read how Adams exposed one of the most flagrant and outrageous speed traps in Texas history. It does not stop there; in fact, the story details how Chief Adams's police department was disbanded by the mayor to obstruct an investigation into the mayor's company, which allegedly employed hundreds of illegal immigrants. Read how the mayor's fifty-million-dollar-a-year company was suspected of bribing sheriffs, district attorneys, and a former United States Congressman.

The story provides valuable information for protecting you and your family from police corruption This story is also an absolute must for the policeman hopeful as it will give the new officer essential knowledge going into their career From speeding ticket quotas and racial profiling to one of the most corrupt towns in Texas all the way up to murder this story will finally reveal the other side of the blue line and what goes on outside the public eye

Committee on the Judiciary,2004 **Turfloop a Conscious Pariah** Kanyane Chris Kanyane,Chris Kanyane,2010 This book provides reflections on the butterfly effect on how Turfloop brought in the Age of Barack Obama What is the Age of Barack Obama To paraphrase Dr Ineke Van Kessel a prominent historian at the Leiden University in the Netherlands The University of the North also known as Turfloop played a vital role as the center of communication coordination ideological direction the engine of bringing the new South Africa was University of the North We approached this book like detectives Fortunately in our detective work we were not concerned with a particular agenda we were not trying to prove that a certain method of thinking was right or wrong We didn t want this book to be filled with personal opinions and biases We wanted this book to be juice and accessible to every person who reads it in whatever corner of the world We have to back up our story with facts of course and get other people to do practical analysis and later we added our own perspectives When we completed writing this book we passed it around amongst critical people spread across the globe Most of them said that the book is somehow highbrow and at the same time all together lowbrow which came as a compliment A lot of people are somewhere in between We want this book to embody that because there are many people there we want them to appreciate this book
