The Legacy of Paradise Katrien Heene,1997 Within the framework of the Carolingian religious and moral reform 750 900 various measures were taken which had direct or indirect implications for the experience of sexuality among the laity as well as among the religious Those and other measures also influenced the position of women both in the Church and in the world Taking the Church Fathers as points of reference this book offers a detailed analysis of the view of marriage sexuality motherhood and women as constructed in Latin edifying writings of the time i e hagiographical texts moral treatises and sermons By studying the ideas and opinions of the male religious authors of these texts the author aims to examine whether and if so to what extent the attitude of the Carolingian Church was inspired by feelings of misogyny and misogamy In writings addressing the lay public such feelings may have been hidden for pastoral reasons Therefore attention was more particularly paid to the presence of misogyny and misogamy in texts which were chiefly written for religious readers In the last analysis the overall attitude towards women related matters turns out to be

different and in many respects more positive than the one found in the writings of the Fathers and of many medieval male religious authors To explain this phenomenon the author puts forward a number of socio cultural and psychological arguments **The Scientific Legacy of Beppo Occhialini** Pietro Redondi, Giorgio Sironi, Pascuale Tucci, Guido

Vegni, 2007-05-11 The present volume is a collection of reviews essays and personal reminiscences on Occhialini's scientific life and work Through these recollections the reader will also gain a vivid impression of the pioneering days of elementary particle physics when new detection methods emerged like the triggered cloud chamber and nuclear emulsions two techniques perfected by Occhialini which made progress on cosmic ray physics possible in the first place **The**

the Hijāz before Wahhabism Naser Dumairieh, 2021-12-13 In *Intellectual Life in the Hijāz before Wahhabism* Naser Dumairieh argues that as a result of changing global conditions facilitating the movement of scholars and texts the seventeenth century Hijāz was one of the most important intellectual centers of the Islamic world acting as a hub between its different parts Positioning Ibn al-Kātib al-Qurṭubī (1101-1169) as representative of the intellectual activities of the pre-Wahhabism Hijāz Dumairieh argues that his coherent philosophical system represents a synthesis of several major post-classical traditions of Islamic thought namely Kalām and Akbarian appropriations of Avicennian metaphysics Al-Kātib's work is the culmination of the philosophized Akbarian tradition with his reconciliation of Ibn Arabī's ideas with Ash'arī theology Ibn Arabī's ideas became Islamic theology *Under the Volcano. Warburg's Legacy* Giulia Zanon, Gertrud Bing, Max Adolph Warburg, Davide

Stimilli, Martin Trembl, Chiara Velicogna, Fritz Rougemont, Monica Centanni, Giacomo Calandra di Roccolino, André Jolles, Wannes Wets, Dorothee Gelhard, Giovanni Careri, Edgar Wind, Jaynie Anderson, Bernardino Branca, Fabio Tononi, Ianick Takaes, *Under the Volcano Warburg's Legacy* explores the enduring influence of Aby Warburg's ideas likening his intellectual legacy to volcanic activity continually shaping the landscape of cultural history If Warburg was a volcano this

issue is structured around the metaphorical fissures and lava flows and is divided into four sections Unpublished Rediscovery Readings Presentation Mystical Languages of Unsay Michael A. Sells, 1994-05-02 The subject of *Mystical Languages of Unsay* is an important but neglected mode of mystical discourse apophasis which literally means speaking away Sometimes translated as negative theology apophatic discourse embraces the impossibility of naming something that is ineffable by continually turning back upon its own propositions and names In this close study of apophasis in Greek Christian and Islamic texts Michael Sells offers a sustained critical account of how apophatic language works the conventions logic and paradoxes it employs and the dilemmas encountered in any attempt to analyze it This book includes readings of the most rigorously apophatic texts of Plotinus John the Scot Eriugena Ibn Arabi Marguerite Porete and Meister Eckhart with comparative reference to important apophatic writers in the Jewish tradition such as Abraham Abulafia and Moses de Leon Sells reveals essential common features in the writings of these authors despite their wide ranging differences in era tradition and theology By showing how apophasis works as a mode of discourse rather than as a negative theology this work opens a rich heritage to reevaluation Sells demonstrates that the more radical claims of apophatic writers claims that critics have often dismissed as hyperbolic or condemned as pantheistic or nihilistic are vital to an adequate account of the mystical languages of unsaying This work also has important implications for the relationship of classical apophasis to contemporary languages of the unsayable Sells challenges many widely circulated characterizations of apophasis among deconstructionists as well as a number of common notions about medieval thought and gender relations in medieval mysticism *Scenes from an Automotive Wonderland* Gregory A. Cagle, 2018-01-12 Gregory Cagle was a 10 year old car fanatic when his family moved from New Jersey to Germany in 1956 For the next five years he photographed unusual rare and sometimes bizarre automobiles throughout Europe This book features 105 specimens of auto exotica captured with Cagle's Iloca Rapid B 35mm camera not showpieces in museums but daily drivers in their natural habitats In the background can be glimpsed here and there the mood of postwar Europe The story behind each photo is told with dates and locations information and history about the cars and some of their owners along with Cagle's personal anecdotes **Queering the Middle Ages** Glenn Burger, Steven F. Kruger, 2001 The essays in this volume present new work that in one way or another queers stabilized conceptions of the Middle Ages allowing us to see the period and its systems of sexuality in radically different off center and revealing ways While not denying the force of gender and sexual norms the authors consider how historical work has written out or over what might have been non normative in medieval sex and culture and they work to restore a sense of such instabilities At the same time they ask how this pursuit might allow us not only to re envision medieval studies but also to rethink how we study culture from our current set of vantage points within postmodernity The authors focus on particular medieval moments Christine de Pizan's representation of female sexuality chastity in the Grail romances the illustration of the sodomite in manuscript commentaries on Dante's *Commedia* the complex ways that sexuality inflected English national

politics at the time of Edward II's deposition the construction of the sodomitic Moor by Reconquista Spain Throughout their work seeks to disturb a logic that sees the past as significant only insofar as it may make sense for and of a stabilized present

Thenebrae (VAMPIRE LEGACY TRILOGY VOL.3) Alessio Piredda, 101-01-01 Il mondo dei vampiri cambiato notevolmente e l'impero appena generato si sta assestando ma dal sottosuolo del passato e nelle ombre del rancore tre crudeli creature si sono alleate per spezzare gli equilibri ormai consolidatisi L'Imperatore Bianco e la Regina della Notte Halya dovranno affrontare con l'aiuto del loro Guardiano Imperiale Daniel una nuova minaccia che sta per sconvolgere ogni cosa Il coraggio e la fermezza non basteranno e solo il risveglio di tre antichi guerrieri potrà aiutarli a fronteggiare l'imminente e distruttivo conflitto globale che si sta per scatenare e che cambierà per sempre lo status quo Le trombe di guerra hanno suonato la loro sinfonia di morte e ora l'ecatombe avrà inizio

Marshall McLuhan's Mosaic Elena Lamberti, 2012-01-01 One hundred years after Marshall McLuhan's birth Elena Lamberti explores a fundamental yet neglected aspect of his work the solid humanistic roots of his original mosaic form of writing In this investigation of how his famous communication theories were influenced by literature and the arts Lamberti proposes a new approach to McLuhan's thought Lamberti delves into McLuhan's humanism in light of his work on media and culture exploring how he began to perceive literature not just as a subject but a function inseparable from communal existence Lamberti pays particular attention to the central role played by Modernism in the making of his theories including the writings of Ford Madox Ford James Joyce Ezra Pound and Wyndham Lewis Reconnecting McLuhan with his literary past Marshall McLuhan's Mosaic is a demonstration of one of his greatest ideas that literature not only matters but can help us understand the hidden patterns that rule our environment

"For Freedom's Battle George Gordon Byron Baron Byron, 1981 George Gordon Byron was a superb letter writer almost all his letters whatever the subject or whoever the recipient are enlivened by his wit his irony his honesty and the sharpness of his observation of people They provide a vivid self portrait of the man who of all his contemporaries seems to express attitudes and feelings most in tune with the twentieth century In addition they offer a mirror of his own time This first collected edition of all Byron's known letters supersedes Prothero's incomplete edition at the turn of the century It includes a considerable number of hitherto unpublished letters and the complete text of many that were bowdlerized by former editors for a variety of reasons Prothero's edition included 1 198 letters This edition has more than 3 000 over 80 percent of them transcribed entirely from the original manuscripts An enchanting epistolary saga ends with the publication of this volume Volume XI of For freedom's battle contains the letters Byron wrote from Greece between August 1823 and April 9 1824 ten days before his death Also included are over fifty letters dating from 1807 to 1820 that have come to light since Leslie A Marchand began this project ten years ago In the letters from Greece a new set of correspondents appears and a new tone is apparent Although occasionally playful Byron is preoccupied with the revolution and his efforts to unite the Greeks in a common cause despite their discord His chief correspondents are his business agents in the islands and his

banker friend in Genoa Charles Barry to whom he writes frank accounts of daily affairs His letters to Hobhouse and to John Bowring attempt to give a realistic picture of the Greek struggle To Teresa Guiccioli he writes only short dutiful postscripts in English to the longer letters addressed to her brother Among the additional letters that became available too late to take their chronological place in the earlier volumes are those discovered in 1976 locked in a trunk at Barclays Bank all but one of these fourteen letters were written to Scrope Davies Byron's witty friend and drinking companion

The Medieval Heart Heather Webb, 2010-01-01 Heather Webb studies medieval notions of the heart to explore the lost circulations of an era when individual lives and bodies were defined by their extensions into the world rather than as self-perpetuating self-limited entities Drawing from the works of Dante Catherine of Siena Boccaccio Aquinas and Cavalcanti and other literary philosophic and scientific texts she reveals medieval answers to such fundamental questions as Where is life located What does it consist of Where does it begin And how does it end Against the modern idea of the isolated self the medieval heart provides a model for rethinking the body's relationship to the world it inhabits

Bibliography of the History of Medicine , Cresciuti nell'ombra (VAMPIRE LEGACY TRILOGY VOL.2) Alessio Piredda, 2015-04-23 Sono passati parecchi anni dall'ultima battaglia che ha visto la salvezza della Terra da una distruttiva forza superna Nonostante ci una ferita ancora aperta nelle viscere della terra si espansa come una purulenta piaga e cerca in tutti i modi di uscire allo scoperto sgorgando tra le rocce e cercando di riportare alla luce un antico piano di morte Nel bel mezzo di questa nuova minaccia verrà catapultato un giovane ragazzo dalle fattezze quasi albine che non avrà altra alternativa se non quella di decidere da che parte stare Le sue scelte saranno importanti per la sua sopravvivenza ma anche per l'intera comunità dei bevitori di sangue Una nuova battaglia per la salvaguardia del mondo dei vampiri

The Politics of Opera in Post-War Venice Harriet Boyd-Bennett, 2018-09-13 Focusing on opera and modernism in postwar Venice Boyd Bennett challenges assumptions about music in the twentieth century

Humankind and the Cosmos: Early Christian Representations Doru Costache, 2021-07-15 In this volume Costache endeavours to map the world as it was understood and experienced by the early Christians Progressing from initial fears they came to adopt a more positive view of the world through successive shifts of perception This did not happen overnight Tracing these shifts Costache considers the world of the early Christians through an interdisciplinary lens revealing its meaningful complexity He demonstrates that the early Christian worldview developed at the nexus of several perspectives What facilitated this process was above all the experience of contemplating nature When accompanied by genuine personal transformation natural contemplation fostered the theological interpretation of the world as it had been known to the ancients
