### Submitting claims

[Learn more](#) 

You must submit:

- A single claim for each patient
- Separate claims for each provider who saw a patient
- Separate claims for each site where a patient received services

Prior to submission, make sure claims:

- Meet all prior authorization requirements and include the authorization number, if applicable
- Include both your National Provider Identifier (NPI) and tax ID numbers. Per the Health Insurance Portability and Accountability Act (HIPAA) requirements, all claims must contain your NPI number for us to pay you.
- Use either a Center for Medicare and Medicaid Services (CMS)-1500 (professional) or UB04 (facility) claim form for paper claim submissions. For procedures performed in a hospital, submit separate claims for hospital services and a provider's professional service charge.

Please submit complete and accurate claims since missing or invalid data may cause us to delay payment of, deny, or return your claim. You should always:

- Check patient eligibility on the date of service. Please see [Eligibility](#) for details on the ways to verify eligibility, and reminder to keep proof of eligibility for your records.
- File initial claims electronically. You can check the status of electronic claims online the business day following submission.
- Submit claims to Network Health for services we cover. DO NOT send claims to the Commonwealth Health Insurance Commission Authority (Commonwealth), Massachusetts, the Department of Unemployment Assistance, or other state agencies for your Network Health patients.
