Nozick's Libertarian Project Mark D. Friedman, 2011-03-17 Elaborating on and defending a rigorous rights based libertarianism Mark D Friedman here develops the seminal ideas articulated by Robert Nozick in his landmark work *Anarchy State and Utopia* Consolidating more than three decades of scholarly and popular writing to have emerged in the wake of Nozick's text Friedman offers a 21st century defense of the minimal libertarian state In the course of this analysis and drawing on further insights offered by the work of F A Hayek Nozick's *Libertarian Project* shows that natural rights libertarianism can offer convincing answers to the fundamental questions that lie at the heart of political theory The book also rebuts many of the most common criticisms to have been levelled at this worldview including those from left libertarians and from egalitarians such as G A Cohen

America's Right Robert B. Horwitz, 2013-07-10 Conservatism has been the most important political doctrine in the United States for nearly four decades It has dominated the intellectual debate and largely set the policy agenda even during years of Democratic electoral control But 21st century conservatism has moved far beyond even the Reagan Revolution of small government lower taxes and a respect for tradition The alliance of libertarians neoconservatives and the Christian right has launched anxious and angry attacks on the purported homosexual agenda the hoax of climate change the rule by experts and elites and the banishment of

religion from the public realm In the foreign policy arena it has tried to remake the world through the cleansing fire of violence Contemporary American conservatism practices a politics that is disciplined uncompromising utopian and enraged seeking to take back our country This is anti establishment conservatism whose origin can be traced back to the right wing that battled both the reigning post World War II liberal consensus and the moderate establishment Republican Party This book examines the nature of anti establishment conservatism traces its development from the 1950s to the Tea Party and explains its political ascendance *Our American Injustice System* Tom Scott,2022-04-01 The driving force behind this book is the need to convince the populace that the danger is real and paramount the system has decayed to the point that it would no longer be recognizable to the Framers if they were alive If you think you are immune from attack because you follow the law think again You must take an active role even simply by spreading the word to stem the tide This publication is not intended to be a protective guide like *Stack the Legal Odds in Your Favor* It is intended to be another reliable smaller news source It is a recounting or an expos of true events related to the author s and others legal experiences all supported by irrefutable facts and evidence This work should be viewed as a lengthy news article or a reporter s marathon dialogue at the scene of an unfolding catastrophic event People who have committed wrongdoing and crimes will be named in this book Unlike protection associated with any form of immunity qualified judicial absolute or otherwise nobody will evade culpability Government lawyers such as Kristin Tavia Mihelic will be named Her misconduct will be revealed Her crimes will be exposed Judge Louise DeCarl Adler will similarly be thrust into the spotlight Her misconduct and crimes will also not escape exposure The list of miscreants is lengthy and is constantly growing but everyone within my purview who is responsible for their iniquitous or criminal acts will be held accountable in this true report Most people who have not yet experienced our illustrious injustice system may think the events described herein would be part of the script for a Hollywood fantasy movie or more appropriately a Hollywood horror flick This is not so Everything put forth will be supported by rock solid evidence The intent of this eye opener is to prove to readers that any outrageous system related stories they may have heard from friends family members or colleagues are likely true It is also intended to be the proverbial whack on the side of the head that some individuals need to make them understand that being struck with the syndicate is not an other person s disease Ordinary people in Amerika must wake up to the fact that chances are high they will someday encounter the toxic waste dump also known as the world s largest crime syndicate The information in this book is a clarion call however time is running out Read it but fasten your seatbelts first It s going to be one heck of a bumpy ride **The Good Coup** Marco Cáceres di Iorio,2010 Honduras is known as the classic Banana Republic a characterization of a politically backward country ruled by a tiny wealthy class The phrase was coined by the North American writer O Henry in his book *Cabbages and Kings* It conveys the image of a nation plagued by military coup d tats historically undeniable in the case of Honduras The controversial overthrow of President Manuel Zelaya on June 28 2009 represents a watershed in Honduran history Was President Zelaya an

innocent victim of the military and judicial systems or did government officials act wisely in rescuing Honduras from a president intent on remaining in power indefinitely and dismantling the country's democratic institutions. Although it awakened memories of past coups, it is unclear whether this was a traditional or a hybrid coup featuring some elements of what the world tends to associate with coups but lacking others. The collection of short essays in this book offers personal insights on these questions and on a wide range of events, themes, and philosophical struggles that defined the political crisis in Honduras.

About the Author: Marco C. Ceresi di Iorio is the editor of the online newspaper Honduras Weekly. He is also the cofounder of projecthonduras.com, an international network of volunteers involved in humanitarian development projects aimed at empowering the people of Honduras. He directs the annual Conference on Honduras in the town of Copán Ruinas in northwestern Honduras. He was born in Tegucigalpa.

Meltdown Thomas E. Woods, 2009-02-09 With a foreword from Ron Paul, *Meltdown* is the free market answer to the Fed-created economic crisis. As the new Obama administration inevitably calls for more regulations, Woods argues that the only way to rebuild our economy is by returning to the fundamentals of capitalism and letting the free market work.

This Land Is My Land James R. Skillen, 2020 *This Land Is My Land* tells the story of rebellion over federal land management in the American West from lawsuits to armed confrontation. It starts with the stories of Cliven Bundy, Wayne Hage, and the Dann sisters, who all struggled for decades to maintain their accustomed use of federal rangeland, and then explains the evolution that made them conservative celebrities. These stories illustrated the profound challenges of federal land management as well as the partisan dysfunction in American politics today.

The Patriot's Guide to Taking America Back Charles Kraut, 2011 Every American over the age of fifteen needs to read this book. The Constitution of the United States is the most important political document in the history of the human race; it enshrines natural rights instead of the terribly destructive human rights which are being forced upon us. Very few Americans understand the Constitution, which is why our government has been able to trample and discard it with little or no protest. *The Patriot's Guide to Taking America Back* explains in simple, clear language exactly how far we have moved from the Constitution and why America faces so many problems today, most of which have been caused by our government. *The Patriot's Guide* offers a plan by which Americans may take America back to the Constitution and regain the sacred freedoms we seem to be willing to throw away. If you think something is terribly wrong in America today, you're right. *The Patriot's Guide* will help you understand the problem and the solution.

It provides clear-cut, in-depth instructions on how to directly plug into the Divine Being, the Holy One, and literally pull down His Power. Evictionism Walter E. Block, 2021-11-23 This book applies libertarian property rights theory to a vexing controversy abortion This book offers a compromise solution that will not fully please either of the two sides of this debate but is the only possible reconciliation between the two Nor are its benefits limited to the fact that the opposing forces in this debate may be brought together Evictionism also is the only philosophical position compatible with human rights neither of the other two can make this claim There are many other publications and learned articles supporting the pro life position as well as defending the pro life viewpoint This is the only book that offers a perspective on abortion that is radically different than both This book uniquely applies private property rights theories we all agree upon when referred to issues such as real estate crime torts etc to abortion The underlying philosophical contribution of Evictionism this book presents is that these basic legal premises can be utilized in this controversial case as well as practically everywhere else in law Want to solve the abortion controversy Want to demonstrate that both the pro life and the pro choice positions are erroneous Want to read about a position that is a compromise between the pro life and the pro choice positions Then this book provides robust understanding discussions and applications for getting to the truth about this issue

Obama's Four Horsemen David Harsanyi, 2013-03-04 Conquest Famine War Death the four horsemen are coming in the form of the national debt widespread dependence on government turmoil in the Middle East and the expansion of the bureaucratic state In Obama's Four Horsemen syndicated columnist David Harsanyi takes a provocative look at how the Obama Administration allowed four big problems to mushroom into looming disasters we can no longer avoid or postpone In his famous conversational fact driven and humorous tone Harsanyi argues that President Obama's handling of both domestic and foreign crises has set the stage for a disaster of Biblical

proportions Under Obama America has become a land of more dependence more hand outs more federal programs and more government agencies The great danger is that Americans have gotten used to it Many people today expect as a matter of fact that the government will hand them health insurance student loans birth control and anything else they might need or desire while they are increasingly numb to the pernicious creep of the bureaucratic state and the alarming escalation of unsustainable spending and debt Meanwhile powerful forces abroad seek to destroy American and Western culture while Obama has sat on his thumbs and looked the other way tossing out politically correct platitudes when asked about his response to their open threats and aggression America is facing a time of great upheaval domestic and global Obama's Four Horseman is a provocative expose on how we got here and a chilling prediction of what's to come **Latter-day Liberty** Connor Boyack, 2011 Individual liberty is a fundamental aspect of the good news of the gospel But what is liberty exactly and what role does it play in our lives Connor Boyack explores these questions and much more in this detailed analysis of historical developments secular information and scriptural insights Make the most of your freedom through the joys of the gospel with this timely book **Rollback** Thomas E. Woods, 2011-02-07 Thought the last financial crisis was scary Just wait it's going to get worse America is on the brink of financial collapse Decades of political overpromising and underfunding have created a wave of debt that could swamp our already feeble economy And the politicians favorite tricks raising taxes borrowing from foreign governments and printing more money will only make it worse Only one thing might save us Roll back the government In Rollback Repealing Big Government Before the Coming Fiscal Collapse Thomas E Woods Jr explains that we may still have a chance to avert total economic disaster but only by completely changing our understanding of government With bracing candor he dissects just how the political class has nearly destroyed America's economy In Rollback you'll learn Why practically everything you've been taught about government and the economy is wrong the product of liberal pro government propaganda How the Federal Reserve helps create crises and slows recovery Why big business is no ally in rolling back government and actually wants and needs big government intervention in the marketplace How current policies if unchecked will lead to the collapse of the dollar How government policies have driven the skyrocketing costs of health care Why retirement will be a pipe dream for the next generation How the coming collapse can be turned to your advantage and the advantage of all who believe in liberty and limited government Thanks to decades of politicians playing kick the can down the road we and our children are facing economic Armageddon But this crisis could help us see government for what it really is an institution that has seized our wealth and taught our children to honor it as the source of all progress The good news is it's not too late to roll back government and the opportunity to do so is now
