STEP 2

Now use one red and one blue opaque disc to see if your expected results from the Punnet square match your actual results. On the red opaque disc, write a capital "T" on each side. On the blue disc, write a lowercase "t" on each side. Place 2 discs in a cup. Shake the cup and toss the coins on your desk. Repeat this step several times.

a) What are the genotypes that always show up?

b) What is the phenotype of the entire F1 generation? Explain.

STEP 3

To visualize how a dominant trait can actually mask the effects of a recessive trait your students will place a green and a yellow transparent disc on top of each other. They should hold them together and look through them at a light. Which color is visible? Which is the dominant trait in this simulation?

Questions

1. Is it possible for two organisms to have different genotypes but the same phenotype? Explain your answer.

2. Is the F1 generation homozygous or heterozygous for height?

3. In dogs, wire hair is due to a dominant gene. Is it possible to mate 2 wire-hair dogs that would produce a puppy with smooth hair? What are the genotypes of the two parent dogs?

A Christian Student'S Guide to Truth in Science Stanley J. O'Briant, 2015-03-13 This book exposes the attempt to teach atheistic evolution to students often ridiculing their faith in God The classrooms in our schools have become the battlegrounds for the minds of our children Since the introduction of evolution by Charles Darwin there has been a growing list of atheist professors who vigorously fight any religion The classrooms of America should not be the battlegrounds of any religion but evolution is a religion It has no place in the classroom since it does not offer any information that improves the teaching of any science class except evolution itself There is no proof of evolution only assertions innuendos credulity belief without proof and suppositions Fully one third of all geology textbooks deal with evolution which is founded only opinion and undocumented assertions Therefore it should be removed from all textbooks Dr David Menton who taught medicine at the Washington School of Medicine in St Louis Missouri for twenty five years stated that he never once needed to reference evolution in any medical class A coalition of organizations such as the National Academy of Sciences whose members are 93% atheist or agnostic and the National Center for Science and Education control most of the government grants intended for schools use fully support the atheism of evolution and they attack any criticism of evolution **Project Earth Science**
