Le monde islamique et l'image Dominique Clévenot, Isabelle Touton, 2001 *France Monde arabe* Samaha Khoury, Alhadji Bouba Nouhou, 2008 *Les relations des pays d'Islam avec le monde latin* John Victor Tolan, Philippe Josserand, 2000 **Traites et esclavages en Afrique orientale et dans l'océan Indien** Henri Médard, 2013

Aucune région au monde n'a connu une histoire aussi longue de la traite et de l'esclavage que l'Afrique orientale et l'océan Indien. Très loin des modèles simplificateurs du complexe atlantique, les sociétés de l'océan Indien ont prouvé des modalités de traites et des situations serviles très diverses dans lesquelles tous les systèmes esclavagistes européens orientaux et africains se sont mêlés. Les Africains et les Malgaches sont majoritaires parmi les esclaves, mais ils constituaient des compagnons d'infortune d'origines géographiques extrêmement variées, en particulier des Asiatiques. Les esclaves sont redistribués et vendus aux quatre coins de l'océan Indien, mais aussi vers l'Atlantique, alors que se développent en Afrique de façon croissante les logiques serviles qui connaissent leur apogée à Zanzibar au XIXe siècle. Cet ouvrage complète magistralement une historiographie qui demeure largement dominée par les études sur l'Atlantique. Par le biais d'une approche globale océanique comme continentale, il renouvelle en profondeur les questions de la traite et de l'esclavage, ainsi que de leurs mutations complexes du XVe au XXIe siècle dans l'espace de l'Afrique orientale et de l'océan Indien. Il offre ainsi au public francophone une approche novatrice et percutante, partant d'études de cas originales et fouillées menées par les meilleurs spécialistes de ces questions. P 4 of cover

Dix ans de recherche universitaire française sur le monde arabe et islamique Association française des arabisants, 1981-12-31T23:00:00+01:00

Cet ouvrage est une réédition numérique d'un livre paru au XXe siècle désormais indisponible dans son format d'origine *Les institutions traditionnelles dans le monde arabe* Hervé Bleuchot, 1996-01-01

On a souvent perçu les institutions du monde arabe sous des lumières très contrastées. On a ainsi décrié les institutions traditionnelles comme immobiles, acceptant la modernité contre cœur, incapables de correspondre aux besoins actuels et donc condamnées à disparaître tôt ou tard devant des institutions modernes puissantes et dynamiques. Ou l'inverse : on a décrié les anciennes comme toujours vivantes et hostiles au développement, les modernes n'étant que des paravents pour la propagande extérieure des créations d'autant plus fragiles qu'elles seraient menacées par les projets de restauration de la loi islamique. Des lors, la problématique tournait autour de la stagnation, du retour en arrière ou de l'affrontement avec la modernité. L'analyse concrète des situations répertoriées dans l'histoire ou dans la vie contemporaine fait vite douter de visions trop hâtives et trop polémiques. Cet ouvrage entreprend de retourner aux faits, de reprendre l'exploration plutôt que la discussion. En ouvrant les cadres disciplinaires et en diversifiant les problématiques, on suggère que la vie, la survie, la mort ou la résurrection des institutions traditionnelles peuvent être déployées sur les plans historique, juridique, économique, sociologique, etc. avec des problématiques diverses, mais les plus adaptées possibles. Chaque institution recherche des déterminants historiques de la destinée de l'institution, comparaison avec les institutions concurrentes, explicitation de la cohérence voulue par les législateurs en

dialogue opposition avec les usagers de l'institution mise en évidence de la stratégie des acteurs dans le contexte politique ou sociologique Cette étude se présente donc comme une moisson d'explorations concrètes dans les institutions du monde arabe du Golfe à l'Atlantique de la culture coranique aux universités du travailleur immigré aux confréries politiques Si elle indique l'impossibilité d'un maintien identique des institutions traditionnelles si elle montre que bien des formules de restauration ressortent de la manipulation ou carrément de l'erreur elle révèle aussi que certaines institutions font plus que survivre elles se transforment et parce qu'elles cherchent se dépasser entrent vraiment dans la modernité

L'Islam traditionnel face au monde moderne Seyyed Hossein Nasr, 1993 Distinction entre l'islam traditionnel et les diverses formes de fondamentalisme Présentation de trois grands interprètes occidentaux de la pensée et de la civilisation islamiques Louis Massignon Henri Corbin et Titus Burckhardt En troisième partie les divers courants de pensée qui traversent actuellement le monde islamique

Studia Islamica, 2004 **L'Europe** Laurent Carroué, Didier Collet, Claude Ruiz, 2006 **Des sources du savoir aux médicaments du futur** Jacques Fleurentin, 2002 L'origine des pharmacopées traditionnelles L'élaboration des pharmacopées Les médicaments du XXI^e siècle Comment les connaissances des savoirs thérapeutiques se sont-elles transmises au travers des différentes cultures Cet ouvrage innovant qui réunit les travaux présentés au 4^e Congrès européen d'ethnopharmacologie fait remonter la préhistoire les sources des connaissances thérapeutiques Si les pharmacopées critiquées jalonnent l'histoire des grandes médecines savantes d'autres modes d'accès la connaissance semblent exister dans l'univers chamanique des sociétés de tradition orale ainsi que dans la façon dont les animaux malades se soignent par les plantes L'évaluation des propriétés pharmacotoxicologiques et chimiques des plantes d'usage traditionnel devrait par ailleurs favoriser le développement futur des médicaments basés sur les plantes l'un des thèmes porteurs abordés dans cet ouvrage Mais l'objectif de ce livre est aussi de susciter partout dans le monde de nouvelles thématiques de recherche dans le domaine de la préhistoire du médicament et de la compréhension de l'acquisition et de la transmission du savoir Le développement du phyto-médicament non toxique destiné à l'homme et à l'animal figure gamment parmi les enjeux majeurs de demain

Pensée et politique dans le monde arabe Georges Corm, 2016-11-03 Cet ouvrage expose les multiples facettes de la pensée politique arabe depuis le XIX^e siècle attestant la vitalité de cette pensée et des grandes controverses qui l'ont traversée Il montre que ses acteurs loin d'être figés dans le carcan théologico-politique décrit par certains récits canoniques sur les Arabes et l'islam ont souvent exprimé une pensée critique forte sur les plans religieux et philosophique anthropologique et politique Inscrivant l'œuvre de ces penseurs dans le maelström des bouleversements géopolitiques et socio-économiques ayant marqué le monde arabe depuis deux siècles Georges Corm explique comment les puissances externes ont contribué à marginaliser la pensée critique arabe Cela a facilité l'installation hégémonique de la pensée islamiste instrumentalisée par certains régimes arabes comme par leurs protecteurs occidentaux En retraçant finement les avatars successifs du nationalisme arabe moderniste confronté à partir des années 1950 au double défi de la création de l'état d'Israël et de la manne pétrolière Georges Corm donne les clés pour comprendre les révoltes libertaires arabes de 2011
