

Glowing Embers

I walk the fence line
And jolt in full surprise
To see the stump
Where I and father
Had six weeks prior
Exposed this mass
To wind and fire
With added brush
To clear the line
Now smoldering still!

It shook my being
That this former stump
Now glowing embers
Through relentless waves of
Wind and water
With no intent to
Endure or point to make
Could speak
With such clear measure
To the dying embers in my heart
Still smoldering
But nearly out.

Persian Literary Devices: Eight Essays Alireza Korangy, Pouneh Shabani-Jadidi, 2024-09-24 This volume offers a glimpse into the rich tradition of literary devices in Persian language and literature It establishes an incontrovertible connection between literary devices figurative language rhetoric and so on and pedagogy and poetics in both written and oral expression The essays offer a detailed and thorough overview of some of these literary devices and their dynamics which have helped make the Persian literary tradition a force to reckon with The essays also carve out a space dedicated to colloquialisms and idioms as they are interwoven into the fabric of Persian culture within the larger field of rhetoric These devices are fostered and furthered in their potency both culturally and linguistically by the poets writers and rhetoricians who utilize them The essays highlight a culture and history in texts and oral history that further speak to a culturally tailored complexity as per figurative language idioms colloquialisms and rhetoric they help found and or re define These discussions and analyses further facilitate an understanding of the epistemological and cultural meaning of some of the constituents of what is otherwise a Persian identity This work is a must have for scholars and students of Persian Arabic Ottoman and Urdu literature not to mention Middle Eastern history and cultural poetics enthusiasts

Basics of Literary Devices in English Literature Ainaab Tariq, Asma Arshi, Dr. Uma Rajmohan, Dr. T.V.S. Padmaja, 2023-02-14 There s no denying the significance of literary devices when conveying a story They may make the author s tale more comprehensible and engaging by emphasising key phrases evoking certain emotions and providing more context One may improve story telling skills by using these literary tools We can identify recognise interpret and or evaluate any element of literature or any one piece as a literary device Some literary devices include both aspects of literature and literary strategies Literary tactics are the linguistic structures that an author utilises to express an idea In most cases a literary method is used by an author using the single word or phrase or a small cluster of words or phrases at a specific location in the text Unlike components of literature literary strategies need not be included in every piece of writing

All literary techniques have one thing in common they make the reader think about the world in new ways by pointing out or exploring connections between various elements The use of comparison as a linking mechanism is widespread in literature Metaphors and similes the two most common forms of analogy will be introduced throughout the book Putting two items side by side is an example of a metaphor Each literary device deserves its own dedicated discussion and set of illustrative texts This is a book devoted to the most often used literary devices in both poetry and prose
