Sign Talk: A Universal Signal Code, Without Apparatus, Hunting, and Daily Life Ernest Thompson Seton, 2016-08-06 In offering this book to the public after having had the manuscript actually on my desk for more than nine years let me say frankly that no one realizes better than myself now the magnitude of the subject and the many faults of my attempt to handle it My attention was first directed to the Sign Language in 1882 when I went to live in Western Manitoba There I found it used among the various Indian tribes as a common language whenever they were unable to understand each other's speech In later years I found it a daily necessity when traveling among the natives of New Mexico and Montana and in 1897 while living among the Crow Indians at their agency near Fort Custer I met White Swan who had served under General George A Custer as a Scout He had been sent across country with a message to Major Reno so escaped the fatal battle but fell in with a party of Sioux by whom he was severely wounded clubbed on the head and left for dead He recovered and escaped but ever after was deaf and practically dumb However sign talk was familiar to his people and he was at little disadvantage in daytime Always skilled in the gesture code he now became very expert I was glad indeed to be his pupil and thus in 1897 began seriously to study the Sign Language In 1900 I included a chapter on Sign Language in my projected *Woodcraft Dictionary* and began by collecting all the literature There was much more than I expected for almost all early travellers in our Western Country have had something to say about this lingua franca of the Plains As the material continued to accumulate the chapter grew into a Dictionary and the work of course turned out manifold greater than was

expected The Deaf our School children and various European nations as well as the Indians had large sign vocabularies needing consideration

from a legal standpoint it s a franchisee of the Coca Cola company who has been granted the right to bottle and sell Coca Cola in an exclusive territory This franchise or contract has been amended and otherwise changed somewhat over the years to add many additional brands but in the beginning it was granted for the sole purpose of bottling and distributing Coca Cola throughout the bottler s territory In the early years it was bottled one bottle at a time placed in wooden cases and hauled to the customer in horse or mule drawn wagons The bottling plants were crude and the task was difficult but by acquiring these franchises these entrepreneurs had unknowingly won the lottery They had settled on investing in a product that would change the world A fabulous beverage with a delicious unique taste profile that provided a refreshing boost to the drinker Even in today s world with thousands of brands of both non alcoholic and alcoholic beverages Coca Cola remains at the top in providing that unique taste and special experience in a beverage You combine this great product with brilliant advertising and marketing from The Coca Cola Company and voila you have a brand and company and a bottling and distribution system that has been so successful that books upon books have been written about it for over 100 years That is unique in itself If you like history of any type you must read this book Part history part travel guide but always interesting and when you ve finished you ll be a master of some particular trivia questions The Coca Cola Trail is chockfull of very interesting every page brings a new delight of some lesser known areas of the US A wonderful book that I highly recommend to all history buffs Linda Thompson host of The Authors Show I would highly recommend this book to anyone who is interested in Coke memorabilia and also to anyone who is interested in learning a different portion of the history of the South Of course Coke extended past the southern states even in the beginning with one of the earliest bottling plants being located in Leadville Colorado If you grew up drinking Coke this is somewhat like a trip down memory lane as well filled with pictures of old places and people who were active in the first years of Coke S Byrd Atlanta GA Coca Cola is an international sensation and Larry Jorgensen of Lafayette Louisiana has written a book documenting the many places in the United States showcasing Coke history or attractions unique to Coca Cola Jorgensen spent two years researching this book which is also filled with historic photos and recent shots of places and people Louisiana Book News
