A Christian Interpreter's Code of Ethics Julie Caliendo, 2019-04-25 A Christian Interpreter's Code of Ethics establishes a standard of ethical behavior and a written resource for those who believe God is calling them to participate in Deaf Ministry within the Christian church setting. It is about behavior and relationships, not the beautiful expressive language of the Deaf. It is a workbook that presents real life scenarios to prepare the workers for the everyday life. It identifies frequent challenges and suggests resolutions to better serve communication needs. Provides scriptural support to assist decision making including guided prayers. Lays a foundation setting expectations for aspiring and tenured interpreters, ministry leaders, pastors, and church staff. What is stated here has been tried and tested and it works. This is about behavior and relationships, not sign language. This is a guide, not the law. There are many books about starting, managing, and growing a Deaf Ministry, but they were more about administration than behavior. God prepared the author to write this book with a background in instructional design, then sent many encouragers involved for decades in Deaf Ministry to support her efforts. The initial goal of this book was and remains for the learner to better understand the roles and responsibilities as a communication link to perform with increased professionalism and to serve this special calling of God with a committed mind and heart.

People of the Eye Rachel Locker McKee, 2001 Deaf people in New Zealand are often little known outside their own culture. People of the Eye brings their world to life in personal histories translated into English with a series of photographs of the deaf community. The storytellers are both old and young and they reflect both the diversity and commonality of deaf experience: the painful lives of a generation brought up forbidden to use sign language, contrasted with the confidence of young people using New Zealand Sign Language as they attend school and assert deaf pride. The differences between children growing up in deaf families and those who struggle with identity as deaf children in hearing families are illuminating. These are stories of joy and sadness, confusion and resolution, and regret and optimism.

For Hearing People Only Matthew S. Moore, Linda Levitan, 1992 For Hearing People Only First Edition. Answers to some of the most commonly asked questions about the Deaf community, its culture, and the Deaf Reality by Matthew S. Moore and Linda Levitan with a foreword by Harlan Lane.
