Vampires In The Lemon Grove Stories:

Vampires in the Lemon Grove Karen Russell, 2013 Six short stories with subjects ranging from a dejected teenager who discovers that the universe is communicating with him through talismanic objects left behind in a seagull's nest to two vampires in a sun-drenched lemon grove who try helplessly to slake their thirst for blood **Vampires in the Lemon**

Grove Karen Russell, 2013-03-07 An awkward teen with a terrible haircut has a reversal of fortune when he finds artefacts from the future lining a seagull's nest. In a godforsaken barn, Presidents Eisenhower, John Adams, and Rutherford B. Hayes are bemused to find themselves reincarnated as horses. Clyde and Magreb, he a traditional capes and coffins vampire, she the more progressive variety, settle in an Italian lemon grove in the hope that its ripe fruit will keep their thirst for blood at bay. Russell can take Antarctic tailgaters, an army of seagulls, or simply a window and twist a tale that explodes on the page and lingers in the mind. *The Times*

onlooker Yet we are increasingly fascinated by narratives in which children are depicted as unsettling beings both dangerous and endangered sometimes chaotic or even evil In *Grotesque Progeny The Commodification of Dangerous and Endangered Children* author Mark Heimermann argues that these representations reflect cultural anxiety regarding a shifting conception of youths from emotional assets to economic ones In the early to mid twentieth century children who had previously been viewed in part as economic investments were largely moved out of the work force For decades children were instead valued primarily as emotional assets However the rise of neoliberal capitalism in the 1970s and 1980s and its eventual proliferation throughout our politics and our lives has led to the widespread commodification of social arenas previously kept separate from the capitalist quest for profit Not even children have escaped being objectified and dehumanized in this manner Heimermann examines a variety of texts that center on children and adolescents who are marked as different from the adult characters and consequently viewed as grotesque Chapters cover Jeff Lemire s *Sweet Tooth* M R Carey s *The Girl with All the Gifts* Katherine Dunn s *Geek Love* Richard Starkings s *Elephantmen* Kazuo Ishiguro s *Never Let Me Go* and more Because the young characters are not viewed as equal members of society they must either strike back at those who commodify them or risk facing a lifetime of dehumanization *Grotesque Progeny* argues that these monstrous depictions reveal societal unease over shortsighted economic and political thinking the exploitation of children and the changing nature of childhood The book addresses a growing concern over which spaces ought to be excluded or removed from the harsh valuations of neoliberalism
