and design Adrian Anthony Dormans MD FAAFP From skin and bone to organs and DNA the regenerative capabilities of the human body are not only astonishing they hint at something deeper The Living Signature lays out thoughtful well researched reflections and challenges you to consider whether the complexity and order we see in ourselves could truly be the product of blind chance or the body itself is whispering something about its origin a message not of randomness but of meaning Costiuc Alexandru M D Specialist in Gastroenterology Regina Maria Romania Resident Physician in Family Medicine University of Oradea
