Various Types of Enneagram Edward Phillips, 2015-01-06 The Enneagram's structure may look complicated although it is actually simple. It will help you understand the Enneagram if you sketch it yourself. Read this book further to know more details about an Enneagram. *What's Your Enneatype? An Essential Guide to the Enneagram* Liz Carver, Josh Green, 2020-08-04 What's Your Enneatype? An Essential Guide to the Enneagram describes the nine Enneagram types, how to identify your own type and the types of those close to you, and how to use this knowledge to better yourself, your relationships, and your greater goals. **The Enneagram, Relationships, and Intimacy** David Daniels M.D., Suzanne Dion, 2024-12-04 Falling in love is what everyone dreams of. Sustaining that love is the real breaker. People can't sustain something they don't fully understand that they don't know how to nurture that they don't know how to develop and grow. The nine Enneagram types reveal that there are nine ways to love and receive love. Shown by both modern science and ancient wisdom, leaning into understanding oneself and others through the Enneagram leads to loving better and living more fully. Enneagram expert and psychiatrist David Daniels MD and certified Enneagram relationship teacher and coach Suzanne Dion present a relationship-changing guidebook packed with practical tips, specific guidance, and stories of working with couples on communication, anger, judgment, forgiveness, love, intimacy, and sexual fulfillment for all nine types. This unique resource brings together the power of the Enneagram, relationship mindfulness, and a deep understanding of the nine Enneagram personality types to transform relationships from conflictual and struggling to harmonious and thriving. Whether someone is seeking love and dating or is in an established relationship, *The Enneagram Relationships and Intimacy* will take them on a journey into themselves and others, a journey that will change their life. *The Enneagram* Helene Makani, The Enneagram is a personality model which describes 9 personality types and the unconscious thinking patterns of each type and the patterns each type is stuck in. It is a model that astonishes most people as it makes us realise how our own way of perceiving the world is only one out of many possible. It also teaches us about how differently each type is motivated and is therefore useful both as a guide to personal growth and for improving one's communication with others. This book gives an introduction to the basics of the personality model of the Enneagram and as it is easy to read and well structured, it is regarded as one of the best books for people who want an easy introduction to a rather complex personality system. **The Enneagram Unlocked: 9 Paths to Understanding Yourself and Transforming Your Relationships** Aaron Penner, Discover Your True Self and Transform Every Relationship Using the Most Powerful Personality Framework That Psychology Has Finally Validated. Ready to understand why you think, feel, and behave the way you do, and more importantly, how to consciously evolve beyond your limiting patterns into your fullest potential? *The Enneagram Unlocked: 9 Paths to Understanding Yourself*
