The Prince and the Pauper "Annotated" Literature & Fiction Mark Twain, 2020-09-03 On a magical day in London two boys are born into two different families and they just happen to look exactly like one another One boy Tom Canty is poor The other boy Prince Edward of Wales is obviously rich Fast forward a bit and Tom is a young boy living in the slums of London He has an abusive father and grandmother a kind mother and sisters and a pretty sad life But he has a dream one day he wants to meet a real life prince After dreaming about living in the lap of luxury Tom makes his way to Westminster Palace one day When he gets a little too close to the gate a guard attacks him Lucky for Tom this attracts the attention of the prince who rebukes the guard and lets our little pauper into the palace It's his dream come true Surprisingly enough the two little boys hit it off Turns out they both have pretty terrible fathers so we guess that's something to bond over Eventually Tom gets to tell the prince about his life and the prince thinks this sounds amazing You know what's coming next they decide to swap lives just for a little while But right in the middle of all of this the prince storms out determined to discipline the guard who bruised Tom What he wasn't expecting was to be mistaken for Tom

and kicked out of the palace because no one could recognize him without his fancy clothes. Now he's just another poor person on the street. The prince tries to tell everyone he comes across what happened to him, but it doesn't work; everyone just thinks he's crazy. Meanwhile, Tom starts to get a little fidgety at the palace. The prince has been gone for a pretty long time, and Tom's worried about getting caught. He tries to turn himself in, but everyone just assumes that he's crazy too. So the prince's dad, King Henry VIII, orders that no one talk about his son's mental illness. Looks like Tom is going to be the new Prince of England. Tom's first days as a prince are pretty hard because he doesn't know any of the etiquette or procedures of princehood. It's so bad that he drinks the water meant for washing his hands and stuffs his pockets with nuts at his first royal dinner. Classy. Back to Prince Edward. John Canty has found him, or wait, we mean John Canty has found him, and John is pretty angry that Edward doesn't have any money to give him. He brings the prince home, assuming that he's Tom, and beats him for saying that he's the prince. Only Tom's mom believes that the prince is not her son. Because moms always know. But the family doesn't have a lot of time to deal with these strange developments; they have to skip town when they find out that John Canty has killed Father Andrew. The prince takes advantage of all the distracted hurry to get out of John Canty's clutches and find out how to get back to the palace. Being a smart kid, Edward does make it back to the palace, but no one believes that he is the real prince. The crowd is just about ready to tear him to pieces when Miles Hendon comes to save the day. Also, everyone gets pretty distracted when it's announced that King Henry VIII has died. So that makes Edward the king. Awesome. You know, except for that whole his father is dead thing. Oh, yeah, and no one knows that Edward is the prince, so Tom is the one the royal court turns to. Tom's first act as king is to end Henry VIII's reign of terror by pardoning a bunch of people who have been condemned to grisly deaths. Miles Hendon takes Edward to his home, and the Edward pretty much takes over everything. Hey, he's a prince, he's used to it. After a nap and dinner, Miles tells his whole life story. Apparently, he was forced to spend three years away from home because his brother convinced his dad that he was going to elope. Edward is so sad about the story that he gives Miles the right to sit in his presence rather than stand all the time. What a great gift.

The Prince and the Pauper Mark Twain, 2021-05-06

The youngest son of a poor family, Tom Canty lives in the relatively poor area of London known as Offal Court. Tom has always known that he was made for better things and aspires to a more well-to-do lifestyle. The local parish priest is very encouraging to him and teaches him to read and write. Tom spends a lot of time hanging around the gates of the palace; eventually, this pays off. He meets Edward Tudor, Prince of Wales. This is seen as somewhat of a threat to the Prince's safety by his guards, who want to whisk him off and beat him for his insolence, but Edward speaks up for Tom and asks him to accompany him into the palace chamber. The two boys begin to strike up a friendship despite their different stations in life and their wildly divergent upbringings. What they have in common is that they are two young boys of the same age who happen to look very similar to each other. They are both fascinated by the other's life. The wildest coincidence is that they share the same birthday. One thing leads to another, and they decide to switch places for

the day The Prince goes outside dressed like Tom He is carrying an important document with him The guards don't recognize him and they drive him as far as the outer walls of the palace When he is dropped off he makes his own way to Tom's family's home It is a brutal experience Tom's father is an alcoholic and extremely abusive He manages to escape from him and he meets a soldier nobleman Miles Hendon who is returning from war Miles doesn't believe a word of the boy's story about being a prince disguised as a poor boy but he likes the boy and he decides to humor him by pretending that he believes what he is saying He becomes his wing man and protector

The Prince and the Pauper Annotated a Best Seller! Mark Twain, 2020-05-08

The Prince and the Pauper seemingly a simple novel handles several divergent themes and ideas simultaneously Foremost is the basic idea of the exchange of roles and lines between the prince and the pauper and the constant reference to their twin fates Prior to meeting each other both boys have dreams of living the life of the other Both are in a sense innocents who learn a great deal about life as a result of their exchanging clothes and roles Likewise the dreams of each are shattered as a result of the exchange Ironically both live at first in an extremely restricted society Like Huck Finn who did not want to be civilized and who rejected the confinements of society Tom Canty has no freedom and is constantly beaten and restricted in his home environment Likewise the young prince is confined to his royal apartments and has little or no freedom that is he does not have the freedom that he believes a commoner has The freedom that both young lads desire exists only in their dreams Of Tom Twain writes His old dreams had been so pleasant but this reality was so dreary Another basic idea is of course Twain's satiric expose of the concept that clothes make the man when the two lads exchange clothes the prince immediately becomes the pauper and is thus treated like a pauper and likewise the pauper is treated like a prince merely because he is dressed in royal robes The subject matter of The Prince and the Pauper like the subject matter of A Connecticut Yankee in King Arthur's Court appealed to Twain because he was writing about an age controlled by nobility and royalty political divisions which Twain enjoyed deriding in addition it was an age of great religious debate and distinction yet it was filled with unchristian acts just as it was also an age of enlightenment where new laws and new concepts of justice were beginning to be popular But in this novel Twain focuses particularly on the many social injustices which are exposed to the new king as he roams his land as a common pauper The subject matter specifically allowed Twain to utilize his vast knowledge of history and biography two subjects which occupied much of Twain's reading time and this novel also allowed him to meditate on the injustices inherent in human nature or the damned human race as it was termed in his later work The Mysterious Stranger The subject matter also allowed Twain to indulge in one of his favorite pastimes using a language different from that used by either the common people or the educated people the idioms and dialects of Tom Sawyer and Huck Finn and the archaic language of The Prince and the Pauper and A Connecticut Yankee are all illustrations of Twain's penchant for utilizing different sorts of language The Prince and the Pauper is also Twain's most elaborately plotted novel Seemingly an insignificant incident the whereabouts of the Great Seal of England becomes the key

to the real identity of the new king Likewise Tom s knowledge of Latin and his early role as a friend and counselor to the people of Offal Court influence his actions later as the surrogate king In his Autobiography Twain wrote of this novel Edward VI and a little pauper exchange places by accident a day or so before Henry VIII s death The prince wanders in rags and hardships and the pauper suffers the to him horrible miseries of princedom up to the moment of crowning in Westminster Abbey when proof is brought and the mistake rectified From this bare sketch Twain fleshed out the characters and created a masterpiece that has endured and delighted thousands of young readers and adults alike ever since its publication in 1882
