The Real Meal Revolution:

The Real Meal Revolution Tim Noakes, Jonno Proudfoot, Sally-Ann Creed, 2015-07-30 Scientists labelled fat the enemy they were wrong Time magazine We've been told for years that eating fat is bad for us that it is a primary cause of high blood pressure heart disease and obesity The Real Meal Revolution debunks this lie and shows us the way back to restored health through eating what human beings are meant to eat This book will radically transform your life by showing you clearly and easily how to take control of not just your weight but your overall health too through what you eat And you can eat meat seafood eggs cheese butter nuts often the first things to be prohibited or severely restricted on most diets This is Banting or Low Carb High Fat LCHF eating for a new generation solidly underpinned by years of scientific research and by now incontrovertible evidence This extraordinary book already a phenomenal bestseller overturns the conventional dietary wisdom of recent decades that placed carbohydrates at the base of the supposedly healthy eating pyramid and that has led directly to a worldwide epidemic of obesity and diabetes Both a startling revelation and as old as humanity itself it offers a truly revolutionary approach to healthy eating that explodes the myth among others that cholesterol is bad for us This is emphatically not just another unsustainable quick fix diet or a fad waiting to be forgotten but a long delayed return to the way human beings are supposed to eat

The Real Meal Revolution 2.0 Jonno Proudfoot, The Real Meal Group, 2017-04-06 I am almost two weeks into Restoration and I am feeling great Went for a blood pressure check and my readings have dropped since I started the program My GP is thinking that if I keep going the way I am that I will be able to come off the medication really soon which is fantastic Maxine Launceston Australia Halfway through week three of Restoration and weighed myself today I dropped 5.6 kgs so far I can't tell you how elated I am By this time next week if I stick to the plan and my daily walking target I could be in double digits instead of triple digits that is such a big deal to me Michael Markoulides United Kingdom At the time that I started with the Banting I weighed 70.3 kg My goal is to weigh 55 kg After 13 weeks of strict Banting and a little cheating I have lost a total of 11.6 kg So I am almost there Monique Pretorius Rustenburg South Africa I love this program EVEN MORE I am not craving and feel full for a long time I'm in week two of Restoration and I have to say Jonno's recipes are fantastic I'm down four pounds Shari Kuntz Kansas United States I'm doing so well I've lost 3 kg for the past three weeks in Restoration and 7 cm from my waistline Nthabiseng Mogosoane South Africa The original book The Real Meal Revolution promoting a diet low in carbohydrates and unafraid of healthy fats has sold hundreds of thousands of copies all over the world inspiring a profound and widespread change in eating habits and improved health for thousands The Real Meal Revolution 2.0 provides the distillation of three years of data analysis from 120 000 online users and thousands of success stories combined with the latest nutritional science and behavioural research The result is a cutting edge four phase approach that isn't simply about losing weight it's about being healthy happy and absolutely awesome Achieve your awesome weight quickly and without compromise Save money by avoiding expensive supplements and medication Conquer the weight

Plants vs. Meats Meredith Sayles Hughes, 2016-01-01 No one can live without food but what you eat is a personal decision Today many people are examining nutritional advice and choosing to eat more vegetables and fruits and less meat But is all meat bad for you What does the science say People also make food choices for ethical and religious reasons Some vegetarians and vegans avoid meat because they believe killing animals is wrong Other people shun meat from factory farms Recently more people are seeking out foods grown locally and organically What do you choose to eat and why This book will help you make decisions to support your values

Careful Eating: Bodies, Food and Care Emma-Jayne Abbotts, Anna Lavis, Luci Attala, 2016-03-03 Critically reflecting on the interplays between food and care this multidisciplinary volume asks why do individuals institutions and agencies care about what other people eat It explores how acts of caring about food and eating shape and intervene in individual bodies as well as being enacted in and through those bodies In so doing the volume extends current critical debates regarding food and care as political mechanisms through which social hierarchies are constructed and both self and other re produced Addressing the ways in which eating and caring interact on multiple scales and sites from public health and clinical settings to the market the home and online communities Careful Eating asks what eating and caring are what relationships they create and rupture and how their interplay is experienced in myriad spaces of everyday life Taking account of this two directional flow of engagement between eating and caring the chapters are organized into three central theoretical dimensions how eating practices mobilize discourses and forms of care how discourses and practices of care look to shape particular forms of eating and food preferences and how it is often in the bodies of individual consumers that eating and care encounter one another

Wholesome Nutrition for You Ian Craig, 2016-05-12 Few people would dispute the fact that there is a bewildering array of books available on the business of eating fitness and nutrition many of them unfortunately with hidden vested interests in the food industry and singular theories But every now and again a refreshing and ethical book based on sound proven scientific principles comes onto the market which is more than just another trendy diet book Wholesome Nutrition is such a book In it nutritional therapist and exercise physiologist Ian Craig and his co author health food specialist and sports scientist Rachel Jesson cover in detail the emotive topics of nutrition and health from a scientific perspective They neatly unwrap all the jargon and pseudo mystique offering sensible practical economical everyday dietary approaches in a book that is not only enjoyable and informative to read but at the same time accessible to all South Africans who care about optimum health and the business of living life to the full And most importantly Wholesome Nutrition stresses the fact that we are all different and therefore a one size fits all
