You Are The Reason  
You Are The Reason  
You Are The Reason  
**YOU ARE THE REASON**

When I was lonely you were with me  
When I was silent you spoke up for me  
When I gave up you gave me strength to stay

When I faltered you cheered me on  
When I doubted you believe in me  
I was lost before you showed the way

And I'll always remember  
the things that you said.  
and I followed my dreams where they led

**Chorus:**

It was you  
You are the reason I'm here today  
I followed my heart just like you  
You changed my life and I want to say  
My world is much brighter with you

You believe in me and told me  
Everyday your actions showed me  
You don't know how much that meant to me  
You picked me up when I  
fell through the cracks  
Gave me hope, despite  
how odds were stacked  
I stood tall because you had my back

And I'll always remember  
the things that you said.  
and I followed my dreams where they led

**Colloquies** Desiderius Erasmus, 1997-01-01 Erasmus Familiar Colloquies grew from a small collection of phrases sentences and snatches of dialogue written in Paris about 1497 to help his private pupils improve their command of Latin Twenty years later the material was published by Johann Froben Basel 1518 It was an immediate success and was reprinted thirty times in the next four years For the edition of March 1522 Erasmus began to add fully developed dialogues and a book designed to improve boys use of Latin and their deportment soon became a work of literature for adults although it retained traces of its original purposes The final Froben edition March 1533 had about sixty parts most of them dialogues It was in the last form that the Colloquies were read and enjoyed for four centuries For modern readers it is one of the best introductions to European society of the Renaissance and Reformation periods with lively descriptions of daily life and provocative discussions of political religious social and literary topics presented with Erasmus s characteristic wit and verve Each colloquy has its own introduction and full explanatory historical and biographical notes Volumes 39 and 40 of the Collected Works of Erasmus series Two volume set **Hearings** United States. Hazlett, 2024-07-12 Most people have wondered whether anything really matters some have temporarily thought that nothing really matters and some philosophers have defended the view that nothing really matters However if someone thinks that nothing matters if they are a nihilist about value then it seems that it is irrational for them to care about anything It seems that nihilism about value mandates total indifference This is the problem of nihilism Allan Hazlett addresses in The Epistemology of Desire and the Problem of Nihilism Hazlett argues that the problem of nihilism arises because desire and thus caring is a species of evaluation that admits of irrationality This contradicts the influential Humean view that desire

does not admit of irrationality which has a ready solution to the problem of nihilism since desire does not admit of irrationality it cannot be irrational to care about something that you believe does not matter However following G E Anscombe Hazlett argues that desire has the same relationship to goodness as belief has to truth just as truth is the accuracy condition for belief goodness is the accuracy condition for desire This reveals desire as an appropriate target of epistemological inquiry in the same way that belief is an appropriate target of epistemological inquiry Desires can amount to knowledge in the same way that beliefs can amount to knowledge and crucially for the problem of nihilism desire admits of irrationality in the same way that belief admits of irrationality Nevertheless although it is obviously irrational to believe something that you believe is not true Hazlett argues that it is not irrational to desire something you believe is not good despite the fact that goodness is the accuracy condition for desire This provides a solution to the problem of nihilism and shows that nihilism about value can coherently be combined with the anti Humean view that desire is a species of evaluation
