Highfill, Kalman A. Burnim, Edward A. Langhans, 1978 In contrast to each other Volume 5 is a sociological portrait of mostly little people in their tragic and comic efforts to achieve fame on the London stage during the Restoration and eighteenth century whereas Volume 6 is dom inated by the glamour of David Gar rick Nell Gwyn and Joseph Grimaldi the celebrated clown Some 250 por traits individualize the great and small of Protest and Reform Joseph Kestner, 2022-09-12 The social novel in nineteenth century Britain has the theatres of London been considered the effort of a predominantly male canon of writers In this ground breaking study originally published in

1985 Joseph Kestner challenges that assumption arguing that it was a succession of female writers women often meriting only a footnote in literary history who initiated and advanced the tradition of using narrative fiction to register protest expose abuses and promote reform Kestner explores the contributions to Victorian social policy by the fiction of these neglected authors Hannah More Elizabeth Stone Frances Trollope Charlotte Tonna Camilla Toulmin Geraldine Jewsbury Fanny Mayne Julia Kavanagh Dinah Mulock Craik as well as more prominent female authors Maria Edgeworth Harriet Martineau Elizabeth Gaskell Charlotte Bront George Eliot and male writers Charles Dickens Benjamin Disraeli G M W Reynolds John Galt Charles Kingsley This is an important work for every scholar student and reader of nineteenth century literature and history women s studies and sociology Kestner's book will encourage a reappraisal of women writers and their role in Victorian Britain and advance a long needed reassessment of the traditional canon of nineteenth century literature In rediscovering the literary and social contribution of these undervalued writers Kestner provides a chronological assessment of the female social narrative Tracing the form from its inception in the late eighteenth century to its evolution in the 1830s and 1840s and to its maturation in the 1850s and 1860s he reveals the continuity of a developing literary tradition that included early writers like More and later practitioners like Tonna Stone Jewsbury and Mayne In the process Kestner establishes a new basis for assessing major writers such as Eliot and Gaskell In consciously using fiction for social protest purposes these novelists were responding to a society marked by transition Their common emphasis was on the plight of the disenfranchised in a new era and the need for manifold reforms in such areas as housing labor legislation education childcare access to employment sanitation and marital law Reform was necessary as England evolved from an agricultural to an industrial economic system Kestner uses evidence such as Parliamentary investigations and early social reporting by James Kay William Cooke Taylor Peter Gaskell and others to assess the validity of the protests of these novelists Their impassioned novels supplemented the legislative findings of male dominated Parliamentary committees and reached an audience often specifically addressed as female that government documents could not Galvanizing readers through their narratives the socially conscious female writers gained new political influence that contributed to legislative process These writers also won artistic ground commanding a serious literary attention and respect never before accorded women writers It is that serious literary status Kestner argues unjustly neglected for so long that must be reclaimed today as we rethink and revise our view of Victorian fiction A Biographical Dictionary of Actors, Actresses, Musicians, Dancers, Managers & Other Stage Personnel in London, 1660-1800 Philip H. Highfill, Kalman A. Burnim, Edward A. Langhans, 1973 Like the works already published these latest volumes of the Biographical Dictionary deal with theatre people of every ilk ranging from dressers and one performance actors to trumpeter John Shore inventor of the tuning fork and the incomparable Sarah Siddons Also prominent is Susanna Rowson a novelist actress and early female playwright Although born into a British military family Rowson often wrote plays that dealt with patriotic American themes and spent much of her career on the American stage The theatrical

jewel of these volumes is the divine Sarah Siddons She raised the tragedy to the skies wrote William Hazlitt and embodied to our imagination the fables of mythology of the heroic and dignified mortals of elder time She endured much tragedy herself including a crippling debilitating illness and the deaths of five of her seven children Siddons played major roles in both comedy and tragedy not the least of which was a performance as Hamlet **People Management**, 2009 **Recruiting**News ,1933 The St. James's Magazine ,1872
