post 9 11 conceived Iraq al Qaeda nexus just as with no evidence except the absence of evidence it was certain of Iraqi mastery of denial and deception that hid Saddam's evil activities Resting on Cheney's one percent doctrine administration certainty of the threat from Iraq required a US invasion The policy offices of Douglas Feith at the Pentagon with the help of George Tenet at CIA would generate a case of such fright and enormity the mushroom cloud that required administration action Manipulating intelligence and ignoring the growing body of evidence undermining its case the Bush administration invaded Iraq to bring about regime change *Mediaweek*, 2008
