## **The Rufus Chronicle Another Autumn:**

The Rufus Chronicles Charles Gusewelle, C W Gusewelle, 1999-11-02 When Charles Gusewelle first saw Rufus as a pup he was a mere tangle of orange and white fur The plan was that he d be an outdoor dog But the feisty inquisitive Rufus decided otherwise and quickly made his way inside the house and soon after inside his owner s heart The Rufus Chronicle is Gusewelle s moving chronicle of the thirteen years he spent with his devoted loyal and much loved Brittany spaniel Rufus It is an affecting unforgettable portrait of the tender relationship between a man and his dog As Gusewelle so eloquently notes Some of us learn forgiveness by studying the lives of saints And some of us keep dogs **On the Way to Other Country**

Gusewelle, 2008 **The Rise & Fall of the Mounted Knight** Clive Hart, 2023-01-05 The medieval mounted knight was a fearsome weapon of war captivating and horrifying in equal measure they are a continuing source of fascination They have been both held up as a paragon of chivalry whilst often being condemned as oppressive and violent Occupying a unique place in history knights on their warhorses are an enigma hidden behind their metal armor and seemingly unreachable on their steeds This book seeks to understand the world of the medieval knight by studying their origins their accomplishments and their eventual decline Forged in the death throes of the Roman Empire the mounted knight found a place in a harsh and dangerous world where their skills and mentality carved them into history From the First Crusade to the fields of Scotland knights could be found and their human side is examined to see how

these men came to both rule Europe and ride into enduring legend The challenges facing the mounted knight were vast and deadly from increasingly professional and competent infantry forces to gunpowder the rise of political unity and the crunch of finance The factors which forced the knight into the past help to define who and what they were as well as the legacy that they have left indelibly imprinted on the world The standout feature of this book is the focus on the equine half of the partnership from an author who practices the arts of horsemanship on a daily basis including combat with sword and lance The psychology of the horse refined by the experience of actually training warhorses has helped the author to add to the body of academic work on the subject This insight opens up the world of the mounted knight and importantly and uniquely challenges the perception of what he and his horse could really do

#### **The Eternal Decline and Fall of Rome** Edward J.

Watts,2023-10-11 The Eternal Decline and Fall of Rome tells the story of 2200 years of the use and misuse of the idea of Roman decline by ambitious politicians authors and autocrats as well as the people scapegoated and victimized in the name of Roman renewal It focuses on the long history of a way of describing change that might seem innocuous but which has cost countless people their lives liberty or property across two millennia

*Empire ... The Second Edition* Edward Gibbon, 1776      *Two Souls: Four Lives* Catherine Kairavi, 2010-10-16

Is it possible that two of the greatest men of the Norman Conquest William the Conqueror and his son Henry I of England have recently reincarnated as Paramhansa Yogananda spiritual master and author of the classic *Autobiography of a Yogi* and his close disciple Swami Kriyananda and if so what are the subtle connections between the Norman Conquest and modern times How will these past lives influence our future In *Two Souls Four Lives* Catherine Kairavi describes a society much more primitive than our own in both knowledge and consciousness she depicts the days of William and Henry as having been far more brutal than our own despite the much greater capacity for destruction of modern weaponry Historians will inevitably object that mankind was the same in William's day as it is today For they are intellectual scholars and there is no aspect of human consciousness more disposed to argument than the intellect It is kept vital and alive after all by argument It will probably be other historians who grow up with this new and broader perspective on their subject Catherine Kairavi devoted ten years carefully researching for this book For the rest maybe Paramhansa Yogananda's statement that he himself was William could outweigh for many readers any doubts and challenges that may be presented to disprove certain statements in this book It is a completely new take on present and future trends in modern society
