## **The Politics Of Gun Control Sixth Edition:**

**Politics of Gun Control** Robert J. Spitzer, 2015-11-17 The new edition of this classic text covers the latest developments in American gun policy including shooting incidents plaguing the American landscape especially Sandy Hook the Colorado theatre shootings and the tragic death of Trayvon Martin placing them in context with similar recent events The incidents described in the book sparked a wave of gun control legislation at local state and national levels some of which was successful some doomed and all controversial At the national level President Obama put his political capital on the line to push for new gun control measures only to see them shot down by Congress Robert J Spitzer has long been a recognised authority on gun control and gun policy His even handed treatment of the issue as both a member of the NRA and the Brady Center continues to compel national and international interest including interviews by the likes of Terry Gross Tom Ashbrook and Diane Rehm This sixth edition of *The Politics of Gun Control* provides the reader with up to date data and coverage of gun ownership gun deaths school shootings border patrols and new topics including social media stand your ground laws magazine regulation and shooting related mental health initiatives *The Politics of Gun Control* Robert J.

Spitzer, 2023-08-10 Since its initial publication this book has become the classic work on every important element of the tumultuous national gun debate in America This new edition brings together the latest developments and research in gun politics policy law history and criminology to provide a comprehensive and accessible source widely used by scholars journalists and in classrooms In this era of polarized politics this book provides a unique window into how and why that polarization drives our politics Among the new topics covered in this edition are the Bipartisan Safer Communities Act new Supreme Court protections for concealed carry permits and the impacts of the COVID 19 pandemic on gun violence and policy New to the Ninth Edition Examines current gun control legislation at both state and federal levels particularly the circumstances that lead to the passage of the Bipartisan Safer Communities Act in 2022 Introduces the new constitutional standards for gun control legislation set by the controversial pro Second Amendment Supreme Court ruling in *New York State Rifle Pistol Association v Bruen* 2022 Provides expanded and updated consideration on related issues including the rise of gun carry movements on college campuses attempts to regulate ghost guns bump stocks and guns with high capacity magazines 50 caliber sniper rifles and the impacts of the COVID 19 pandemic the January 6 Capitol Attack and the Black Lives Matter movement on contemporary gun control debates Tracks the financial political and legal crises that threaten the dominance of the National Rifle Association and examines the rise of new gun rights groups such as the National Association for Gun Rights Presents new and updated statistical research on gun ownership in America gun related fatalities public opinion support of red flag laws and other gun control measures Incorporates new pedagogical features of chapter summaries and discussion questions into each chapter **Vote Gun** Patrick J. Charles, 2023-05-02 Today gun control is one of the most polarizing topics in American politics However before the 1960s positions on firearms rights did not necessarily

map onto partisan affiliation What explains this drastic shift Patrick J Charles charts the rise of gun rights activism from the early twentieth century through the 1980 presidential election pinpointing the role of the 1968 Gun Control Act Gun rights advocates including the National Rifle Association had lobbied legislators for decades but they had cast firearms control as a local issue After the assassination of President John F Kennedy in 1963 spurred congressional proposals to regulate firearms gun rights advocates found common cause with states rights proponents opposed to civil rights legislation Following the enactment of the Gun Control Act lawmakers on both sides of the aisle began to stake out firm positions Politicians including Richard Nixon and Ronald Reagan recognized the potential of gun control as a wedge issue and gun rights became increasingly tied to the Republican Party Drawing on a vast range of archival evidence Charles offers new insight into the evolution of the gun rights movement and how politicians responded to anti gun control hardliners He examines in detail how the National Rifle Association reinvented itself as well as how other advocacy groups challenged the NRA s political monopoly Offering a deep dive into the politicization of gun rights Vote Gun reveals the origins of the acrimonious divisions that persist to this day

Political Humility Blake Roeber, 2024-04-30 This book aims to change the way we think about politics talk about politics and vote It does this in two ways First it shows it s impossible for a Republican Democrat or voter in any political party to possess a significant level of knowledge of facts that would help their party secure or maintain political power It calls this knowledge political knowledge and shows how unfeasible it is for anyone to have it Second it explains how we might best be politically engaged given that we have virtually no political knowledge To argue that it is impossible for any person to possess a significant amount of political knowledge the book depends on two empirically verified facts The first is that we have virtually no means of acquiring political information except by believing what other people say The second is that when people start talking about politics they become highly unreliable They re very likely to say false things when voicing political opinions because they employ a belief forming process that psychologists call identity protective cognition This is a type of reasoning aimed not at truth but at preserving one s membership in some identity defining group In combination these two observations cast serious doubt on all of our political beliefs As the book explains however the proper response to this doubt is not to simply avoid politics Rather the best response is a kind of humble but real engagement with politics that constantly manifests one s awareness that one is at best making educated guesses rather than speaking and acting from knowledge

**Gun Control** Tom Frame, 2019-09-01 In the aftermath of the Port Arthur massacre on 28 April 1996 when a gunman murdered 35 people and injured another 23 at a popular Tasmanian tourist attraction John Howard a conservative prime minister who had been in office for just six weeks surprised his colleagues and startled the nation by moving swiftly to transform Australia s lax firearm laws The National Firearms Agreement produced just twelve days after the massacre with support from all levels of government and across the political divide is now held up around the world as a model for gun control Gun Control analyses whether the Australian Government achieved its intention and what it

might have done in response to the massacre and didn't. Anyone interested in learning how a democratic nation reduced senseless gun deaths needs to read this. Jeffrey Bleich, former US Ambassador to Australia.

**The Government Taketh Away** Leslie A. Pal, R. Kent Weaver, 2003-04-01 Democratic government is about making choices. Sometimes those choices involve the distribution of benefits. At other times they involve the imposition of some type of loss: a program cut, increased taxes, or new regulatory standards. Citizens will resist such impositions if they can or will try to punish governments at election time. The dynamics of loss imposition are therefore a universal, if unpleasant, element of democratic governance. *The Government Taketh Away* examines the repercussions of unpopular government decisions in Canada and the United States, the two great democratic nations of North America. Pal, Weaver, and their contributors compare the capacities of the US presidential system and the Canadian Westminster system to impose different types of losses: symbolic losses (gun control and abortion), geographically concentrated losses (military base closings and nuclear waste disposal), geographically dispersed losses (cuts to pensions and to health care), and losses imposed on business (telecommunications deregulation and tobacco control). Theory holds that Westminster style systems, with all things being equal, have a comparative advantage in loss imposition because they concentrate power and authority; though this can make it easier to pin blame on politicians too. The empirical findings of the cases in this book paint a more complex picture: Westminster systems do appear to have some robust abilities to impose losses, and US institutions provide more opportunities for loss avoiders to resist government policy in some sectors. But in most sectors, outcomes in the two countries are strikingly similar. *The Government Taketh Away* is essential for the scholar and students of public policy or comparative policy. It is also an important book for the average citizen who wants to know more about the complexities of living in a democratic society where the government can give but how it can also sometimes painfully taketh away.

*Tragedy in Aurora* Tom Diaz, 2019-10-31 *Tragedy in Aurora* is about the 2012 murder of budding sports journalist Jessica Jessi Redfield Ghawi in a public mass shooting and the widening circle of pain it inflicted on her family, friends, police, medical first responders, and others. The book is at the same time a deep examination of the causes and potential cures of the quintessential 21st century American sickness: public mass shootings. At the heart of that examination is an unpacking of America's deep polarization and political gridlock. It addresses head-on the question of why. Why is American gun violence so different from other countries? Why does nothing seem to change? The Parkland kids inspired hope of change. But the ultimate questions stubbornly remain: what should, what can, and what will Americans do to reduce gun violence? *Tragedy in Aurora* argues that the answer lies in a conscious cultural redefinition of American civic order. Over recent decades, America has defined a cultural new normal about guns and gun violence. Americans express formalistic dismay after every public mass shooting. But many accept gun violence as an inevitable, even necessary, and to some laudable part of what it means to be American. Although Americans claim to be shocked with each new outrage, so far they have failed to coalesce around an effective way to reduce gun death and injury. The debate is bogged

down in polarized and profoundly ideological political and cultural argument Meanwhile America continues to lead the globe in its pandemic levels of gun deaths and injuries Combined with the cynical learned helplessness of its politicians the result is gridlock and a growing roll of victims of carnage Is there a path out of this cultural and political gridlock Tragedy in Aurora argues that if America is to reduce gun violence it must expand the debate and confront the fundamental question of who are we Tom Diaz gives a new understanding of American culture and the potential for change offered by the growing number and ongoing organization of victims and survivors of gun violence Without conscious cultural change the book argues there is little prospect of effective laws or public policy to reduce gun violence in general and public mass shootings in particular

Gun Control and the Constitution Robert J. Cottrol, 2023-06-14 First Published in 1993 This volume is a collection of legal and historical material of the second amendment that includes court cases and decisions law review articles and gives a balanced view of both sides of the debate

**The Changing Politics of Gun Control** John M. Bruce, Clyde Wilcox, 1998-05-14 In recent years political discourse about gun control and the Second Amendment has become increasingly volatile and this collection of original essays by top scholars illuminates the various reasons why Gun lobbies such as the National Rifle Association are more organized and aggressive and their issue agenda has evolved as new and more powerful weapons and militia appear On the other side of the debate the critical wounding of James Brady gave gun control advocates a visible martyr with strong ties to Republican conservatives In sum gun control and the right to bear arms have become hotly disputed issues where political alignments are constantly shifting The contributors chart these changes and explore how Congress the courts the President and individual states are currently addressing the issue of gun control This book which includes profiles and examinations of relevant interest groups the gun control coalition recent Supreme Court decisions and public opinion surveys will be of great interest to classes in political science American government law and sociology

**The Roles of Public Opinion Research in Canadian Government** Christopher Page, 2006-01-01 The Roles of Public Opinion Research in Canadian Government demonstrates that opinion research has a greater variety of roles than is often recognized and that despite conventional wisdom its foremost impact is to help governments determine how to communicate with citizens

Canadian Politics, Sixth Edition James Bickerton, Alain-G. Gagnon, 2014-03-31 The sixth edition of Canadian Politics offers a comprehensive introduction to Canadian government and politics by a highly respected group of political scientists For this edition the editors have organized the book into six parts Part I examines Canadian citizenship and political identities while Parts II and III deal with Canadian political institutions including Aboriginal governments and contain new chapters on the public service and Quebec Parts IV and V shift the focus to the political process discussing issues pertaining to culture and values parties and elections media groups movements gender and diversity The chapters on Parliament bureaucracy political culture political communications social movements and media are new to this edition Finally three chapters in the last section of the book analyze components of Canadian politics that have been gaining prominence

during the last decade the effects of globalization the shifting ground of Canadian American relations and the place of Canada in the changing world order Of the 21 chapters in this edition 9 are new and the remainder have been thoroughly revised and updated

**Children as Rhetorical Advocates in Social Movements** Luke Winslow, Eli Mangold, 2024-03-05 This book examines Rhetorical Children as visible and vocal communicators shaping public discourse on contentious social issues related to organized labor civil rights gun violence and climate change This book explores four key social movement case studies the 1903 Mother Jones led March of the Mill Children to reform child labor laws the 1963 Dr Martin Luther King Jr led Children s Crusade to end segregation the 2018 Parkland student led March for Our Lives movement to end gun violence and the ongoing struggle for climate change mitigation led by Swedish activist Greta Thunberg Through these case studies the book outlines three rhetorical strategies namely children s ability to activate adults moral obligation to invoke threats to natality and lost childhood and to disrupt social order It enables readers to better understand rhetorical children and the rhetorical tools required for social movements Assessing the powerful role children play in shaping public discourse this book will be of interest to students and scholars in the fields of Communication Studies Rhetoric Public Address Social Movements and Cultural Studies

**Issues in American Political Life** Robert Thobaben, Charles Funderburk, Donna Schlagheck, 2015-07-02 A core text for undergraduate courses in American Public Policy or supplemental reading in such courses as Introduction to American Government or Politics American Public Policy Analysis Introduction to Political Science A substantive alternative to typical issues texts which cover too many issues too superficially this intriguing and comprehensive text offers a more in depth and coherent approach to contemporary policy problems and solutions It provides a conceptual framework in which students can become comfortable actually doing policy analysis and in learning skills beyond reading about certain political issues Thematically organized it looks at nine specific issues grouped into three broad categories that hold an enduring importance in American political life money and politics violence and politics and biology and politics All nine chapters and their respective topics campaigns corruption welfare crime terrorism arms control the environment biomedical issues and biotechnology have a strong conceptual base with current political dimensions and policy concerns woven throughout Students not only learn the context status and prospects of issues confronting the U S government but also see how these issues now cross our domestic borders into a global realm

**All-American Massacre** Eric Madfis, Adam Lankford, 2023-06-16 In this edited collection topic experts report on the social and cultural roots of various motivations and correlates of American mass shootings The examinations of each contributing social problem center the question of why mass shootings are such an American phenomenon

**Women and Guns** Deborah Homsher, 2015-05-20 This timely and provocative book looks at contemporary American women and their experiences with guns Scrupulously balanced this new paperback edition features a new appendix containing a wealth of primary source documents that help illuminate both the dangers and attractions of guns in our society

**Keeping the Republic: Power and Citizenship in**

**American Politics, 6th Edition The Essentials** Christine Barbour, Gerald C. Wright, 2013-01-15 Every section and every feature in the book has one goal in mind to get students to think critically and be skeptical of received wisdom Serving as a true aid to teachers each chapter is designed to build students analytical abilities By introducing them to the seminal work in the field and showing them how to employ the themes of power and citizenship this proven text builds confidence in students who want to take an active part in their communities and government to play their part in keeping the republic and to consider the consequences of that engagement *The Political Uses of Motherhood in America* Cynthia Stavrianos, 2014-11-13 As various contemporary groups use the language of motherhood to advance their political causes maternal rhetoric has become very visible in the American political discourse of late Yet while it has long been recognized that women have invoked their political status as mothers to organize and authorize their political action in the past scholars have only just begun to examine the recent reemergence of this frame This book describes the wide variety of political causes that mothers are organizing to address and analyses whether ideologically conservative organizations are disproportionately represented among groups using motherhood to mobilize women Stavrianos examines the use of maternal discourses in closer detail through a comparative case study of five groups using motherhood as their primary frame for collective political action Mothers Against Drunk Driving Million Mom March Mothers Against Illegal Aliens Mainstreet Moms Organize or Bust and Mothers in Charge Scholars interested in women and politics interest group politics social movements political behavior women's studies motherhood studies and framing strategies will find this book noteworthy as it adds to a growing body of literature exploring the use of motherhood as an emerging political frame and to the interdisciplinary discussion of contemporary discourses of motherhood **Why We Are Losing the War on Gun Violence in the United States** Marie Crandall, Stephanie Bonne, Jennifer Bronson, Woodie Kessel, 2020-12-09 This edited collection of data and perspectives takes a fresh approach to gun violence prevention by addressing the question why are we losing the war on gun violence in America Although successes and failures in the prevention of gun violence are examined it is a war we are losing due to restrictions on research funding entrenched historical perspectives structural violence and perhaps differing priorities or views on what is right or wrong Gun violence is a public health crisis It remains politicized and has been paralyzed with inaction In the chapters the authors write candidly about the challenges that have thwarted gun violence prevention as well as highlight possible strategies for progress to save lives Critical areas explored among the chapters include Gun Violence Structural Violence and Social Justice School Shootings Creating Safer Schools Mental Illness and Gun Violence Understanding the Political Divide in Gun Policy Support The Second Amendment and the War on Guns The Impact of Policy and Law Enforcement Strategies on Reducing Gun Violence in America Youth Gun Violence Prevention Organizing Smart Guns Don't Kill People With this compendium the editors and authors hope to bridge the growing gap between groups or ideologies and create common ground to discuss workable solutions *Why We Are Losing the War on Gun Violence in the United States* is

essential reading for a broad audience including practitioners academics researchers students policy makers and other professionals in public health behavioral sciences including social work and psychology social sciences health sciences public policy political science and law as well as any readers interested in the path to decreasing gun violence in America

**Confronting Gun Violence in America** Thomas Gabor, 2016-09-12 This book critically examines the link between guns and violence It weighs the value of guns for self protection against the adverse effects of gun ownership and carrying It also analyses the role of public opinion the Second Amendment to the US Constitution and the firearms industry and lobby in impeding efforts to prevent gun violence Confronting Gun Violence in America explores solutions to the gun violence problem in America a country where 90 people die from gunshot wounds every day The wide range of solutions assessed include a national gun licensing system universal background checks a ban on military style weapons better regulatory oversight of the gun industry the use of technologies such as the personalization of weapons child access prevention repealing laws that encourage violence changing violent norms preventing retaliatory violence and strategies to rebuild American communities This accessible and incisive book will be of great interest to students and researchers in criminology and sociology as well as practitioners and policy makers with an interest in gun ownership and violence Guns and Contemporary Society Glenn H. Utter, 2015-12-01 This three volume set examines various approaches to firearms including constitutional and legal issues public health and criminal justice concerns and perspectives on personal safety and self defense Recent mass shootings have led to renewed calls for additional legislation at the state and federal levels to address gun access and control In this hard hitting compilation experts delve into various aspects of firearms in America from gun control and gun rights to militia movements to school related shootings and to the recent trends in gun ownership by women Authors from varied backgrounds and viewpoints share their perspectives on the pros and cons of firearm ownership as all of the following a constitutional right a key instrument of self defense a guarantee of political freedoms and as a major factor in crime and personal injury The reference is divided into three volumes The first volume covers firearm history legislation and policy the second volume explores public opinion gun ownership trends international laws and self defense and the third considers popular debates about firearm policy including concealed carry of firearms terrorism and the ownership of firearms background checks for purchasing guns and stand your ground laws The work concludes with an informed debate on gun policy between Richard Feldman president of the Independent Firearm Owners and Paul Helmke former president of the Brady Campaign to Prevent Gun Violence
