The Poverty Of Radical Orthodoxy Postmodern Ethics:

The Poverty of Radical Orthodoxy Lisa Isherwood, Marko Zlomislíć, 2012-09-21 Radical Orthodoxy whose founding father is John Milbank claims that God has been pushed to the margins in modernity and that a false and misleading neo theology has taken hold that needs to be revisited and contested It is this return to the premodern that often leads theologians to have reservations about Radical Orthodoxy when they might otherwise have some sympathy for many of its positions Radical Orthodoxy like most traditional theology claims that the power of God is in all creation and that God sits everywhere for all to partake of But there appears to be a failure to see that the church and theology do not set in place systems that live out this basic assumption Liberation theology while sharing much of the same assumption that God is everywhere and to be shared at the same time engages in a critique of the structures that claim to facilitate this vision and finds them wanting From here then liberation theologians attempt to refigure our understanding of shared power in order to broaden the vision while it may be argued that Radical Orthodoxy simply restates the assumption with little political critique of the issues Perhaps this point explains why this book is titled *The Poverty of Radical Orthodoxy* rather than *Radical Error* *The Metaphysics of Historical Jesus Research* Jonathan Rowlands, 2015-10-15 In this book Rowlands interrogates the theological and philosophical foundations of the Quest for the historical Jesus from Reimarus to the present day culminating in a call for greater metaphysical transparency and diversity in the discipline This multidisciplinary approach to historical Jesus research drawing on historiography sociology philosophy and theology makes a significant and original contribution to the field Part I outlines the implicit role of metaphysical presuppositions in historical methodology by examining the concept of an historiographical worldview Part II provides an overview of the Quest for the historical Jesus demonstrating that the disparate historiographical worldviews operative in the Quest evidence a particular shared characteristic in that they might accurately be described as secular Rowlands study concludes with a call for a greater plurality and openness regarding the philosophical and theological presuppositions at work in historical Jesus research *The Metaphysics of Historical Jesus Research* is of interest to students and scholars working on New Testament studies and historical Jesus research

Liturgy, Theurgy, and Active Participation Kjetil Kringlebotten, 2023-09-08 Providing a metaphysical grounding for liturgical participation this book argues that active participation in the liturgy must be understood principally as our participation in God's act particularly in the act of Christ and only secondarily as our ritual involvement Utilizing Neoplatonist philosophy Kjetil Kringlebotten proposes that this should be understood in terms of theurgy which is the human participation in divine action which finds its consummation in the incarnation of Christ Without the incarnation all acts will remain extrinsic and imposed but acts can become real and intrinsic precisely because the incarnation makes possible true union with the divine a metaphysical union in distinction without confusion because this union is not extrinsic Through union with Christ as the one common focus of the divine human relation we can have true union with God and may offer true

worship In order to make sense of active participation then we need to understand theology in theurgic terms where theurgy is understood not as a mechanical coercion of God but as a participation in His act in creation and through Christ as the true theurgist the master theurgist Whose work transforms our act and the liturgy **Interpreting the Postmodern** Rosemary Radford Ruether, Marion Grau, 2006-01-19 A collection of feminist historical liberation and constructive theological responses Radical Orthodoxy **Exorbitant Enlightenment** Alexander Regier, 2018 Exploring an Anglo German network of thought and writing in Britain between 1700 and 1790 this volume offers a new approach to eighteenth and early nineteenth century literature and culture It explores a set of radical figures and institutions that are exorbitant with particular focus on William Blake and Johann Georg Hamann Jairus's Daughter and the Haemorrhaging Woman Arie W. Zwiep, 2019-06-05 In this work Arie W Zwiep examines the gospel stories of the raising of Jairus's daughter and the healing of the haemorrhaging woman Mark 5 21 43 Matt 9 18 26 Luke 8 40 56 from a plurality of sometimes conflicting interpretive strategies to demonstrate the need and fruitfulness of a multi perspectival exegetical approach Among the various diachronic and synchronic methods that are being applied in this study are philological criticism form criticism and structural analysis tradition and redaction criticism orality studies and performance criticism narrative analysis textual criticism and the study of intertextuality Such a comprehensive approach it is argued leads to an increased knowledge and a deepened understanding of the ancient texts in question and to a sharpened awareness of the applicability of current scholarly research instruments to unlock documents from the past **Between Speech and Silence** Stephen J. Costello, 2022-09-16 This book concerns itself with the origin of speech and language takes the reader through the steps of dialectic how to reason and rhetoric how to persuade examines the importance of stories and symbols and the role of thinking and highlights the necessity of silence and the practice of meditation Though it is written from a philosophical perspective it is eminently practical with guidelines exercises ancient advice and concrete suggestions on how to communicate convince and commune with one's self Dr Costello draws on both Eastern and Western thought to show the power poetry and potential of words It explores the following how to question Socrates and Plato how to argue Aristotle and Cicero how to be right Schopenhauer how to think Heidegger how to spot your speaking style the enneagram how to communicate compassionately Thich Nhat Hanh how to meditate and stay silent various contemplative traditions Theologies of Liberation in Palestine-Israel Nur Masalha, Lisa Isherwood, 2014-04-29 This collection of essays concerns the development of contextualized theologies of liberation in Palestine and the indigenous Palestinian people's struggle for justice and liberation The work is innovative because of its inclusion of indigenous perspectives within its remit and the introduction of new concepts such as civil liberation theology The collection offers other ways to look at biblical discourses and their impact on the ongoing conflict ways to live peace ways to be ethical when visiting these conflicted lands understandings of resource ethics and even a new way to understand how we approach our understanding of liberation theology Contributors include well known scholars from

Muslim Jewish Christian Palestinian Israeli Indian American and British contexts This work goes beyond standard academic collections It is aimed not only at scholars and students but also at peace activists and policymakers It should be of use not only in academic courses but also for practitioners of conflict resolution peace and reconciliation *Zizek: Paper Revolutionary* Marko Zlomislíć, 2018-05-18 In this new book Marko Zlomislíć argues that Slavoj Žižek's work does not contain any sort of radical emancipatory project especially as it passes through the ideology of communism and Lacanian psychoanalysis The evidence for the failure of communism is vast and includes the more than six hundred mass graves recently located in Žižek's homeland of Slovenia Zlomislíć demonstrates that the way out of the capitalist dilemma is not a repetition of communism but a return to the late medieval notion of haecceity or individual thisness that was rejected by modernity Haecceity or the indescribable and indefinite here and now of the person shows that the late medieval Franciscans were already postmodernists It is no wonder that the totalitarianism of the modernist Hegel is embraced by thinkers such as Žižek Badiou Hardt Negri and Laclau and was already rejected by Leibniz Kierkegaard Nietzsche Levinas Deleuze and Derrida This important book shows that Žižek's work must be rejected because it does not uphold the dignity worth and uniqueness of the person *Agape and Bhakti with Bataille and Mark at Loyola and St. Francis* David L. Goicoechea, 2016-10-10 David L. Goicoechea presents his fourth volume in a series on agape The book focuses on the complementarity of agape Christian love and bhakti Hindu love First he shows how the Jesuit Spirituality at Loyola in Chicago and the Franciscan Spirituality at St. Francis in Joliet Illinois helped him to appreciate mystical love Secondly he shows how agape with all nine of its characteristics is central to the Gospel of Mark Then especially with the help of the work of Dr Raj Singh he shows how bhakti developed throughout the history of India Finally Goicoechea shows how Georges Bataille especially with the help of St John of the Cross looks deeply into the Inner Experience of the Mystical Ways *Lincoln's Political Ambitions, Slavery, and the Bible* Edwin D. Freed, 2012-07-01 Abraham Lincoln did not take his family Bible to the White House And the reason he did not use the Bible in his first inaugural address was not because it failed to arrive in his baggage Freed concentrates on what Abraham Lincoln himself says instead of what others say about him which yields insights into understanding Lincoln's speech before the Young Men's Lyceum his reply to the Loyal Colored People of Baltimore and his Second Inaugural Address The author shows that much of what has been written about Lincoln's knowledge of the Bible and its influence on his thought is myth Although his language was replete with vocabulary from the Bible Lincoln's knowledge of it was superficial and he did not use the Bible to promote religion He was always a politician but with a moral sensitivity With the Declaration of Independence and the US Constitution he used the Bible to help him achieve his political ambitions and to support the emancipation of slaves A unique book on a subject never treated so thoroughly this is a must read for all Lincoln admirers *The Nine Faces of Fear* Stephen J. Costello, 2022-01-13 This book which draws on the principles and practices of philosophy is packed full of sound concrete advice and guidance from the wise of both East and West It shows us how to

become free of fear that tyrant of the soul by living more from the Self than the ego Dr Costello details the dynamics of fear from the perspective of Advaita Vedanta its forms and figures before presenting the nine fundamental fears with the help of the Enneagram system There are Stoic strategies for facing fears existential exercises and recommended daily practices Dr Costello writes as both a philosopher and clinician and brings to this fascinating subject in which we re all implicated his erudition in both theory and therapy The work complements his online course hosted by Udemy Therapy Technique for Anxiety Phobias OCD which highlights the importance of paradoxical intention derived from Viktor Frankl s school of philosophical psychology *Agape and the Four Loves with Nietzsche, Father, and Q* David L. Goicoechea,2013-03-13

Goicoechea explains Nietzsche s thesis that the agapeic love of Jesus is humankind s highest affirmation even for sinners like the author s father Joe Goicoechea who lived it out existentially Already before the Q scholars Nietzsche saw this love as the essence of the Sermon on the Mount and based his philosophy upon it Throughout the Catholic tradition agape fulfilled the affection of Empedocles the eros of Plato the friendship of Aristotle and the agape of Plotinus While as Anders Nygren shows modernists protested such syntheses now postmodernists once again let agape and the four loves contribute to one another

Dynamics of Discernment Stephen J. Costello,2022-09-27 This is a unique book drawing together the profound insights of Eastern philosophy Advaita Vedanta Western depth psychology Jungian and spirituality Ignatian as applied to decision making Mention is made of Plato C G Jung Ira Progoff Viktor Frankl and Bernard Lonergan amongst others Powerful and practical tools and techniques for making wise decisions are offered There are sections on Descartes s famous square the ego and the Self the I Ching and synchronicity archetypes neuroscience and the triune brain biases and blind spots which can derail decision making together with chapters on creativity the aha experience and the Enneagram with its nine decision making styles Dr Costello is at pains to point out that heart emotions head reason and hands action doing must be integrated before effective decision making can take place and bear fruition *The Total Enemy* Mikkel Thorup,2015-02-23 The Total Enemy explores the most radicalized forms of enmity trying to unravel some of its historical and contemporary expressions Starting from the premise that one of modernity s constitutive values is non violence the book explores how non violence or rather the making of a world free of violence becomes a cause of violence in some instances even extreme violence and totalitarian terror The book consists of six case studies each exploring and discussing historically specific expressions of depicting an enemy as one the actors believe they can only deal with violently It begins by looking at two important sites in the development of the total enemy the French Revolution and the emergence of terrorist thinking in the middle of the nineteenth century The book then turns to the twentieth century beginning with the pre WWII conceptualizations of the total in European political thought as an answer to a liberal state deemed unfit to manage and control mass society Secondly it considers the totalitarian enemy in Nazi Germany especially Soviet Russia Finally the book turns to two forms of contemporary total enmity Islamism and in right wing extremism These concluding chapters look specifically at what

happens to the total enemy concept once it goes from the state concept of the twentieth century to the private practice of the twenty first

Interrupting the Church's Flow Al Barrett, 2020-10-30 How can we develop and embody an ecclesiology in contexts of urban marginality that is radically receptive to the gifts and challenges of the agency of our non Christian neighbours Drawing on resources from political theologies and in particular conversation with Graham Ward and Romand Coles this book challenges our lazy understanding of receptivity digging deep to uncover a rich theological seam which has the potential to radically alter how theologians think about what we draw from urban places It offers a game changing liberative theology rooted not in the global south but from a position of self critical privilege

Agape and Hesed-Ahava David L. Goicoechea, 2015-02-19 Goicoechea presents his third volume in a series on agape In this book he shows in four ways how the agape of Jesus fulfills the ahava and hesed of the Hebrew Bible First he shows existentially how he learned and lived this for six years in a Benedictine Minor Seminary and then for three years in a Sulpician Major Seminary Second he demonstrates how ahava or our love for God and neighbor and hesed or God's love for us develop through the Hebrew Bible Goicoechea argues that St Matthew's Gospel explains the fulfilment of ahava and hesed with Jesus agape He concludes by drawing attention to how Levinas and Derrida two Jewish postmodern philosophers treat Jewish and Christian love

A Trinitarian Theology of Law David H. McIlroy, 2009-07-01 This book explores the neglected significance of the doctrine of the Trinity for the understanding of human law Through interaction with the thought of Jurgen Moltmann Oliver O Donovan and Thomas Aquinas it argues that human law is called to play a positive but limited role in maintaining shallow justice and relative peace Human law is overshadowed by the work of the Son included in the purposes of the Father and used as an instrument by the Holy Spirit However the Spirit works in those who are in Christ to effect deep justice a work of sanctification which culminates in glorification the experience of perfect free willing obedience in heaven Thinking about law in the light of the Trinity enables us to understand its role its purposes and its limits
