Caste Question in Colonial India Shashi Bhushan Upadhyay, 2025-06-06 This book comprehensively surveys and critically analyses Gandhi's ideas on caste and untouchability. It emphasizes the fact that Gandhi was a considerable thinker who had seminal ideas on the caste question. As an intellectual history, this book is not just a study of his ideas but also of what he practised. It narrates his lifelong struggle against untouchability since his South African days and focuses on his distinctive understanding of the caste question which differed sharply from that of his contemporaries both on the right and the left. The book also critically analyses and questions the attribution of strategy to Gandhi with regard to both the nationalist and anti-untouchability movements. The volume will be of great interest to scholars and researchers of history, caste and discrimination studies and South Asian studies.

The English Problem Beena Kamlani, 2025-01-28 A young Indian man is tapped to help his country's fight for freedom but his heart engages him in a different war. Grand, sweeping, mesmerizing, a richly detailed, politically profound story of love, of migration of individuals caught up in the great convulsions of history. Joseph O'Neill, PEN Faulkner Award winning author of *Godwin*. Shiv Advani is an eighteen-year-old growing up in India. But he is no ordinary young man. Shiv has been personally chosen by Mahatma Gandhi to come to England, learn their laws and then return home and help drive the British out of India. Before he leaves, his family insists he fulfill his arranged marriage and he is hastily betrothed to a young woman he hardly knows. He arrives in London and soon discovers a world he is both repelled by and drawn to. Shiv knows his duty: get in, learn the letter of the law, get out. But as anyone who has ever lived in a British colony can tell you, the English Problem is multifaceted. The racist colonialism of the empire, on which the sun never sets, seeps into everything, not just landed territories but territories of the mind: literature, language, religion, sexuality, self-identity. Soon the people Shiv sought to be liberated from will be the people he desperately wants to be a part of. In the end, Shiv must fight not only for his country's liberation but also his own. Set against the backdrop of the Indian independence movement, with appearances by historical figures such as Virginia Woolf and Mahatma Gandhi, *The English Problem* is so self-assured and ambitious it is hard to believe it is a debut.

The Ambedkar-Gandhi Debate Bindu Puri, 2022-02-22 This book reconstructs the philosophical issues informing the debate between the makers of modern India, Ambedkar and Gandhi. At one level, this debate was about a set of different but interconnected issues: caste and social hierarchies, untouchability, Hinduism, conversion, temple entry and political separatism. The introduction to this book provides a brief overview of the engagements and conflicts in Gandhi and Ambedkar's central arguments. However, at another level, this book argues that the debate can be philosophically re-interpreted as raising their differences on the following issues: The nature of the self; The relationship between the individual self and the community; The appropriate relationship between the constitutive encumbrances of the self and a conception of justice; The relationship between memory, tradition and self-identity; Ambedkar and Gandhi's contrary conceptions of the self, history, *itihaas*, community and justice; unpack incommensurable world views. These can be properly articulated only as very different answers to questions about the relationship between the present and

the past This book raises these questions and also establishes the link between the Ambedkar Gandhi debate in the early 20th century and its re interpretation as it resonates in the imagination and writing of marginalized social groups in the present times

Annihilation of Caste in India Hira Singh,2025-02-25 This book offers a critical re examination of the relationship between caste and class Singh demystifies caste based on a comparative analysis between a Weberian and Marxian understanding of power He rejects Max Weber s account of caste as rooted in culture which Weber saw as analytically distinct from the economic and political power In contrast Singh offers a Marxist analysis of caste as a matter of land means of production and labor social relations of production Extending his critique of the cultural understanding of caste Singh examines one of the most prominent accounts of caste as a religious phenomenon specific to Hinduism The book aims to show the intrinsic interconnectedness of class and caste

Teachings from the 51st Kopan Meditation Course: Lamrim Teachings from Kopan 2018 Lama Zopa Rinpoche,2025-02-20 From December 6 18 2018 Lama Zopa Rinpoche taught the students of the fifty first Kopan course the one month intensive lamrim course given each year at Kopan Monastery Kathmandu the principal monastery of the FPMT

This ebook presents twelve lectures given by Lama Zopa Rinpoche during this meditation course. In the teachings Rinpoche gives an overview of the path to enlightenment and explains that the antidote to the sufferings of samsara is meditation on emptiness. The meditation course concluded with a Vajrasattva initiation on December 18. Prior to the empowerment Rinpoche taught on Vajrasattva and explained how to purify our negative karma. Rinpoche also discusses the importance of developing the good heart and advises that with this precious human life we have a rare opportunity to practice Dharma and actualize the path. Other vital subjects covered in this course include the kindness of the mother, the ultimate nature of the mind, the twelve links, and the Wheel of Life. These teachings were simultaneously transcribed and then edited by Ven. Joan Nicell and simultaneously checked for errors by Tania Duratovic and Laura Haughey. They have been subsequently lightly edited by Gordon McDougall.

Congressional Record United States. Congress, 1963 The Postcolonial Gramsci Neelam Francesca Rashmi Srivastava, Baidik Bhattacharya, 2012. The importance of Antonio Gramsci's work for postcolonial studies can hardly be exaggerated and in this volume contributors situate Gramsci's work in the vast and complex oeuvre of postcolonial studies. Specifically, this book endeavors to reassess the impact on postcolonial studies of the central role assigned by Gramsci to culture and literature in the formation of a truly revolutionary idea of the nation, a notion that has profoundly shaped the thinking of both Frantz Fanon and Edward Said. Gramsci, as Iain Chambers has argued, has been instrumental in helping scholars rethink their understanding of historical, political, and cultural struggle by substituting the relationship between tradition and modernity with that of subaltern versus hegemonic parts of the world. Combining theoretical reflections and re-interpretations of Gramsci, the scholars in this collection present comparative geo-cultural perspectives on the meaning of the subaltern, passive revolution, hegemony, and the concept of national popular culture in order to chart out a political map of the postcolonial through the central focus on Gramsci.

This book lists every format of every single, EP, and album released in the UK in the 1980s by over 140 of the decade's biggest acts, from ABBA to Paul Young. This fourth edition has been fully revised and expanded to include even more acts than ever before, with additional sections to cover Band Aid style charity congregations and compilation albums from the early 80s, K Tel efforts through to the Now That's What I Call Music series and its competitors. Compiled by Steve Binnie, editor of the 80s music website Sound of the Crowd, and writer, producer, and co-host of the unconventional 80s chart show *Off The Chart* broadcast weekly on Mad Wasp Radio.
