Parallels: Volume 1, Integration on the Mainland Victor Lieberman, 2003-05-26 This ambitious work has two novel goals to overcome the extreme fragmentation of early Southeast Asian historiography and to connect Southeast Asian to world history Combining careful local research with wide-ranging theory Lieberman argues that over a thousand years each of mainland Southeast Asia's great lowland corridors experienced a pattern of accelerating integration punctuated by recurrent collapse These trajectories were synchronized not only between corridors but most curiously between the mainland as a whole much of Europe and other sectors of Eurasia He describes in detail the nature of mainland consolidation which was simultaneously territorial religious ethnic and commercial and dissects the mix of endogenous and external factors responsible Here then is a fundamentally original analysis not only of Southeast Asia but of the pre-modern world     **Kremlin Capitalism** Joseph R.

Blasi, Maya Kroumova, Douglas Kruse, 2018-10-18 The first book to describe Russia's massive economic transformation for an American audience *Kremlin Capitalism* provides a wealth of data and analyses not previously available in this country. The authors articulate the political and economic goals of Russian privatization, examine the current ownership of the largest enterprises in Russia, and chart the serious problem of corporate governance in the new private businesses. *Kremlin Capitalism* is based on the only continuous study of Russian privatization throughout the Russian Federation from 1992 to the present. The authors tracked down the story of the transition in the cities, towns, and villages of fifty of Russia's eighty-nine provinces, updating their findings after the June 1996 election. The result is an up-to-the-minute report of the largest property transfer in history and an analysis of one of this century's most significant economic transformations. The volume also characterizes the position of workers in terms of unemployment, wages, union power, and their changing role as employee shareholders. What really happened when Russia privatized its economy? The Kremlin brokered the initial struggle among different interest groups eager to claim a portion of Russian property: workers, managers, the Mafia, the old Soviet bureaucracy, regular citizens, entrepreneurs, Russian banks, and foreigners. While competing with one another, all struggled to free themselves from seventy years of Communist economic culture. Four years after the process began, large companies learned to offer goods and services profitably and pay dividends to shareholders. Individual stories come alive as the book explores problems Russians face in structuring a new economic system, defining the ownership and governance of thousands of corporations, one by one. Russian economic practices are being forged in the heat of fierce political struggles between resurgent Communists and nationalists and old Soviet managers on the one hand, and more liberal elements of its infant democratic system on the other. Whether a few big conglomerates and the powerful banks and holding companies from Soviet days will dominate the new Russian economy to the exclusion of most citizens remains to be seen. Many questions persist: How will billions of dollars of capital be raised to retool, restructure, and reorient the heart and soul of Russia's economy? Will open stock markets stimulate a new economic order, or will that new order be imposed through strong state supports and subsidies? What role will be played by shadowy conglomerates that are trying to shape a disorganized economy into something resembling the old Soviet system? The authors note the paradox of a capitalism conceived, designed, implemented, and evaluated by the Kremlin when one aim of reform is to allow market forces to play freely. *Kremlin Capitalism* asks whether rapid privatization has catalyzed or complicated the transition to a more liberal political and economic system, a question that will reverberate for decades.

Imperial Russia J. Paxton, 2000-11-17 *Imperial Russia* provides an accessible reference tool for students, researchers, historians, and Russian history enthusiasts. It covers the period from Ivan IV to the death of Nicholas II. There are chronologies for each of the reigns, and the handbook covers important political and administrative changes, the influence of the West, religion, serfdom, and economic progress. Wars and international relations are succinctly explained, as is the rise of radicalism and the revolutions of 1905 and 1917. Other sections deal with education

the arts law press and censorship It is essential reading for anyone interested in Soviet and East European history *The History of Russia* Charles E. Ziegler, 2009-10-13 An updated edition of the acclaimed history of Russia this new volume includes a wealth of material on events of the last decade When first published Charles Ziegler's *The History of Russia* was acclaimed as a source of information not easily found elsewhere and as clear balanced and insightful by Rajan Menon of Lehigh University Now Ziegler's remarkable volume returns fully updated to be the work of choice for readers looking for an introduction to the history of the world's largest country *The History of Russia* Second Edition moves from the 10th century founding of Kievan Rus to the czars to the Communist Era to the present with particular emphasis on the fall of the Soviet Union and the leadership of Mikhail Gorbachev Boris Yeltsin and Vladimir Putin In addition to a new chapter on the tumultuous last decade this edition features an updated introduction and an expanded chapter on the Yeltsin Era

**Bibliographic Guide to Maps and Atlases**, 2003 *Theoretical and Comparative Perspectives on Nationalism* Taras Kuzio, 2007-12-17 This volume brings together 15 articles divided into four sections on the role of nationalism in transitions to democracy the application of theory to country case studies and the role played by history and myths in the forging of national identities and nationalisms The book develops new theories and frameworks through engaging with leading scholars of nationalism Hans Kohn's propositions are discussed in relation to the applicability of the term civic with no ethno cultural connotations to liberal democracies Rogers Brubaker over the usefulness of dividing European states into civic and nationalizing states when the former have historically been nationalizers Will Kymlicka on the applicability of multiculturalism to post communist states and Paul Robert Magocsi on the lack of data to support claims of revivals by national minorities in Ukraine The book also engages with transitology over the usefulness of comparative studies of transitions in regions that underwent only political reforms and those that had quadruple transitions implying simultaneous democratic and market reforms as well as state and nation building A comparative study of Serbian and Russian diasporas focuses on why ethnic Serbs and Russians living outside Serbia and Russia reacted differently to the disintegration of Yugoslavia and the USSR The book dissects the writing of Russian and Soviet history that continues to utilize imperial frameworks of history analyzes the re writing of Ukrainian history within post colonial theories and discusses the forging of Ukraine's identity within theories of Others as central to the shaping of identities The collection of articles proposes a new framework for the study of Ukrainian nationalism as a broader research phenomenon by placing nationalism in Ukraine within a theoretical and comparative perspective **Strange Parallels: Volume 2, Mainland Mirrors: Europe, Japan, China, South Asia, and the Islands** Victor Lieberman, 2003 Blending fine grained case studies with overarching theory this book seeks to rethink 1 000 years of Eurasian history **The Russian Federation** Laurel Corona, 2001 Discusses the history geography people and culture of the individual countries that form what is now known as the Russian Federation as well as its geo political role in current world affairs **The CIS Handbook** Patrick Heenan, Monique
