This is the destiny we create

for ourselves as a result of the judgment of our acts in our present and past lives We experience the consequences of our past lives but this does not imply an irreversible sentence for the rest of our life because karma is not a law of punishment It is indicative of the love of the creator towards his creation us This is because it allows us to set ourselves free from our past set a new course to our lives and partake in the cosmic perfection Seen that way knowledge of the past lives of certain people might prove particularly useful so that we can either emulate them or steer away from the mistakes that have cost them Lifecycles Christopher Bache, 1998-06 Lifecycles combines the best scientific testimonies about reincarnation with philosophically sound yet accessible arguments about its implications Lifecycles is the first book to both describe the dynamics of rebirth and explore the ramifications of adopting a reincarnationist perspective The book begins with a masterful synthesis of recent findings from consciousness research and near death studies It includes the work of such eminent therapists and scholars as Stanislav Grof and Dr Ian Stevenson and critically surveys the most compelling evidence for rebirth Lifecycles emphasizes the lessons for self awareness and spiritual growth inherent in a reincarnationist world view showing us how we can reconnect with the order intelligence and beauty of the universe around us **PALMISTRY - The** Mystery of Destiny Sunita Chabra, 2011-07-01 Palmistry is the cryptic code of life A soul takes birth with his her manual of destiny written on the hand What an intriguing thought Though we do not remember our past births probably due to karmic amnesia our brains store this information in addition to the blueprint of our present lives According to proven scientific theory nerves carry messages from the brain to the hands Palmistry believes that the nerves also carry the cryptic code of our destiny from the brain to the hands Palmistry can trace its roots back to ancient India The first section of this volume tells us how to interpret lines and signs on the palm using Hindu palmistry Some of the ancient signs that are included here appear for the first time in any book published on the subject The second section is devoted to outlining the destiny paths of the rich and famous Barrack obama Vladmir Putin Albert Einstein Sonia Gandhi Michael Jackson Prince Charles Nicole Kidman Benazir Bhutto and Hillary Clinton This book includes spiritual messages to help us understand the larger picture and move towards peace and happiness in the journey of life Freedom of the Soul M. M. Ray, 2000 Indestructible Truth is one of the most thorough introductions to the Tibetan Buddhist world view ever published at the same time it is also one of the most accessible The author presents complex and sophisticated teachings and practices in nontechnical language using engaging stories and personal anecdotes to illustrate his points Indestructible Truth presents Tibetan Buddhism in its traditional form but also shows how the Tibetan traditions are applicable to the problems and challenges of modern life in the West In Indestructible Truth Tibetan Buddhism is introduced not as an exotic religion but
