The Prophet The Life Of Leon Trotsky:

The Prophet Isaac Deutscher, 2015-01-05 Few political figures of the twentieth century have aroused such intensities of fierce admiration and reactionary fear as Russian revolutionary Leon Trotsky His extraordinary life and extensive writings have left an indelible mark on the revolutionary consciousness Yet there was once a danger that his life and influence would be relegated to the footnotes of history Published over the course of ten years beginning in 1954 Deutscher's magisterial three volume biography turned back the tide of Stalin's propaganda and has since been praised by everyone from Tony Blair to Graham Greene In this definitive work now reissued in a single volume Trotsky's true stature emerges as the most heroic and ultimately tragic character of the Russian Revolution

The Prophet Outcast: Trotsky, 1929-1940 Isaac Deutscher, 1963 The 3d vol of the author's trilogy the 1st of which is *The prophet armed Trotsky 1879 1921* the 2d of which is *The prophet unarmed Trotsky 1921 1929*

The Prophet Unarmed Isaac Deutscher, 2004-01-17 Few political figures of the twentieth century have aroused as much controversy as the Russian revolutionary Leon Trotsky Trotsky's extraordinary life and extensive writings have left an indelible mark on revolutionary conscience yet there was a danger that his name would disappear from history Originally published in 1954 Deutscher's magisterial three volume biography was the first major publication to counter the powerful Stalinist propaganda machine In this definitive biography Trotsky emerges in his real stature as the most heroic and ultimately tragic character of the Russian Revolution This second volume of the trilogy first published in 1959 is a self contained account of the great struggle between Stalin and Trotsky that followed the end of the civil war in Russia in 1921 and the death of Lenin From the narrative of Trotsky's uncompromising opposition to Stalin's policies emerge character studies of the important Soviet leaders a brilliant portrait of Trotsky the man of ideas the Marxist philosopher and literary critic and a new assessment of the causes of defeat which led to his expulsion from the party his exile and his banishment from Russia

The Russian Revolution Walter Rodney, 2018-07-10 A never before published history of the Russian Bolshevik Revolution and its post colonial legacy woven together from lecture excerpts by the renowned Pan African revolutionary socialist theorist In his short life Guyanese intellectual Walter Rodney emerged as one of the foremost thinkers and activists of the anticolonial revolution leading movements in North America Africa and the Caribbean Wherever he was Rodney was a lightning rod for working class Black Power organizing His deportation sparked Jamaica's Rodney Riots in 1968 and his scholarship trained a generation how to approach politics on an international scale In 1980 shortly after founding the Working People's Alliance in Guyana the 38 year old Rodney was assassinated Walter Rodney's *The Russian Revolution* collects surviving texts from a series of lectures he delivered at the University of Dar es Salaam an intellectual hub of the independent Third World It had been his intention to work these into a book a goal completed posthumously with the editorial aid of Robin D G Kelley and Jesse Benjamin Moving across the historiography of the long Russian Revolution with clarity and insight Rodney transcends the ideological fault lines of the Cold War Surveying a broad

range of subjects the Narodniks social democracy the October Revolution civil war and the challenges of Stalinism Rodney articulates a distinct viewpoint from the Third World one that grounds revolutionary theory and history with the people in motion

Leon Trotsky and the Art of Insurrection 1905-1917 Harold Walter Nelson, 2013-07-23 First published in 1988 A functional definition of revolutionary military leadership is essential in understanding Leon Trotsky's role in the Russian Revolution and it is this goal that Harold Walter Nelson explores in this title The author states that the words revolutionary and general carry a heavy connotative burden and when the first is used to modify the second the new term does not lend itself to easy definition This book pursues an analysis of this title from the context of the Russian military from 1905-1917

Trotsky, The Passionate Revolutionary Allan Todd, 2022-09-15 Although Trotsky was dramatically assassinated just over eighty years ago he remains a controversial figure He has had many biographers over the decades ranging from the overly sympathetic to the extremely hostile Robert Service his most recent biographer expressed the hope that his book would finish off Trotsky a job he believed the ice axe had failed to do in 1940 This biography as expected deals with those aspects for which Trotsky is noted his passionate and fiery oratory which captivated and inspired huge crowds organising the Bolshevik Revolution of November 1917 masterminding the creation of the Red Army and ensuring its victory during the Civil War becoming the most determined opponent of Stalin's creation of a monolithic party and state being a Marxist theoretician of socialist revolution and combatting fascism and of course being the originator of the very specific brand of revolutionary socialism that as early as 1906 became known as Trotskyism However this biography also explores other aspects of Trotsky's life which are not so well known In particular from a very early age his love of writing the world of books and publishing became his first passion it remained his first love and if revolutionary politics had not taken over his life would have been a very literary one Immediately after the November Revolution he hoped to return to his literary work believing his main practical work as a revolutionary was over His writings on art and literature when compared to the stultifying strictures of the Socialist Realism associated with Stalinism are remarkably sympathetic and open while he also wrote many perceptive articles as a war correspondent covering both the Balkan Wars and the early stages of the First World War Other aspects covered by this biography concern his family life and his relationships with his children Also explored is his love life while it is known he had a brief affair with the Mexican artist Frida Kahlo there are also suggestions he may have had other affairs Whatever the truth of such allegations he certainly maintained a passionate relationship with his long term companion Natalya Sedova and readers should be aware that one proof of that provided towards the end of this book contains very explicit language

The Cambridge Companion to Nineteen Eighty-Four Nathan Waddell, 2020-10 The Cambridge Companion to Nineteen Eighty Four is aimed at undergraduates postgraduates and academics Situating the novel in multiple frameworks including contextual considerations and literary histories the book asks new questions about the novel's significance in an age in which authoritarianism finds itself freshly empowered

[U.S. Trotskyism 1928-1965. Part](#)

III: Resurgence Paul Le Blanc, Bryan D. Palmer, 2018-12-24 U S Trotskyism 1928 1965 Part III Resurgence Uneven and Combined Development is the third of a documentary trilogy on a revolutionary socialist split off from the U S Communist Party reflecting Leon Trotsky's confrontation with Stalinism in the global Communist movement Spanning 1954 to 1965 this volume surveys the Cold War era the civil rights and black liberation movements the third wave of feminism and other social and cultural developments of the 1950s and 1960s Documenting responses to a variety of anti colonial and revolutionary insurgencies the volume also surveys the crisis and decline of Stalinism Attention is given to internal debates and splits but also to the partial reunification of the international Trotskyist movement the Fourth International as well as substantial contributions to the study of history and the development of Marxist theory Scholars and activists will find much of interest in these primary sources Trotsky Dave Renton, 2004 Short of the founder of the Red Army later out manoeuvred by Stalin Trotsky and the Russian Revolution Geoffrey Swain, 2014-02-24 Supporters of Stalin saw Trotsky as a traitor and renegade Trotsky's own supporters saw him as the only true Leninist In Trotsky and the Russian Revolution Geoffrey Swain restores Trotsky to his real and central role in the Russian Revolution In this succinct and comprehensive study Swain contests that In the years between 1903 and 1917 it was the ideas of Trotsky rather than Lenin which shaped the nascent Bolshevik Party and prepared it for the overthrow of the Tsar During the autumn of 1917 workers supported Trotsky's idea of an insurrection carried out by the soviet rather than Lenin's demand for a party orchestrated coup d'etat During the Russian Civil War Trotsky persuaded a sceptical Lenin that the only way to victory was through the employment of officers trained in the Tsar's army As well as examining Trotsky's critique of Stalin's Russia in the 1930s this seminar reader probes deeper to explore the ideas which drove Trotsky forward during his years of influence over Russia's revolutionary politics exploring such key concepts as how to construct a revolutionary party how to stage a successful insurrection how to fight a revolutionary war and how to build a socialist state Trotsky Geoffrey Swain, 2014-05-22 Without Trotsky there would have been no Bolshevik Revolution but Trotsky was no Bolshevik Providing a full account of Trotsky's role during the Russian Civil War and concentrating on his time as an active participant in Russian revolutionary politics rather than his ideological writings of emigration Swain gives the student a very different picture of the Bolshevik Commissar of War This radically new interpretation of Trotsky's career spanning 1905 1917 incorporates the tense relationship between Trotsky and Lenin until 1917 and pays particular attention to the Russian Civil War and Trotsky's military organisation and contribution to the war Swain argues critically that Trotsky achieved where Lenin would have failed suggesting that Trotsky was in the main part responsible for the Bolshevik Revolution *The Russian Revolution, 1905-1921* Mark D. Steinberg, 2017 A new history of the Russian Revolution exploring how people experienced it in their own lives from Bloody Sunday in 1905 to the final shots of the civil war in 1921 The Russian Revolution 1905 1921 focuses on human experience to address key issues of inequality power and violence and ideas of justice and freedom *Reflections on the Marxist theory of history* Paul

Blackledge,2013-07-19 A decade after Francis Fukuyama announced the End of History anti capitalist demonstrators at Seattle and elsewhere have helped reinvigorate the Left with the reply another world is possible More than anyone else it was Marx who showed that slogans such as this were no utopian fantasies and that capitalism was just as much a historical mode of production no more natural and certainly no less contradictory than were the feudal and slave modes which proceeded it Paul Blackledge opens this study with a defence of the Marxist approach to the study of history against what he argues as being the naive empiricism of traditional historians and the relativism of the postmodernists He moves on to outline Marx and Engels analyses of concrete historical processes and their critiques of the alternative historiographic methodologies of their contemporaries He then discusses neglected historical works produced by Marxists in the half century or so after Marx and Engels deaths Two central chapters survey recent Marxist debates on first the nature of modes of productions including slave feudal and tributary systems and the revolutionary transitions between them and second the methodological debate over the issue of structure and agency in the movement of history Finally he shows the political relevance of these debates through a concluding survey of competing Marxist attempts to periodise the present postmodern conjuncture This book should be read by historians students of cultural social and political theory and anti capitalist activists

Trotsky's Notebooks, 1933-1935 ,1998-12 These two notebooks were discovered while Philip Pomper was doing research at Harvard s Russian Research Center for a book on Trotsky Lenin and Stalin after the Russian Revolution and were published by Columbia University for the first time in 1986 They present fascinating new insights into Trotsky s philosophy politics and psychology and this volume is a significant addition to an understanding of his revolutionary career They shed new light on his relationship to Lenin and Bolshevism his criticism of dialectics and Darwin evolutionism and his reflections of Freudian psychology as he ponders the relationship of the unconscious mind to the philosophical issues surrounding dialectics The original Russian text of the notebooks prepared and annotated by Felshtinsky is also presented here to make the material available to readers of Russian

Olivier Francis Beckett,2015-02-15 In the 1930s he established himself as a wide ranging Shakespearean actor His marriage in 1940 to Vivien Leigh his second wife seemed to complete the image of the romantic star From the mid 40s he excelled in directing himself in Shakespeare on film such as his dramatically shot Henry V 1944 with its timely excesses of patriotism When the new wave of British drama began in the late 1950s Olivier was immediately part of it As an actor of such wide range and a successful producer and director Olivier was a natural choice to bring the National Theatre into existence in 1963 Together with his new wife Joan Plowright they had married in 1961 he

Insurrections Andrea Greenbaum,2001-02-22 Explores theoretical and pedagogical approaches to resistance showing how this concept plays out in the college writing classroom The New Reformism and the Revival of Karl Kautsky Douglas Greene,2024-06-06 This text offers an authoritative historiography of German socialist theorist Karl Kautsky and his impact on debates about the Russian Revolution and the contemporary left Known as the Pope of Marxism Douglas Greene examines the totality of Kautsky's political career and dissects the fundamental opportunism and passive radicalism that defined his Marxism He later examines the most substantive Marxist critics of Kautsky namely Rosa Luxemburg V I Lenin and Leon Trotsky while offering a critical assessment of the work produced by scholars and activists Lars Lih Eric Blanc and Mike Mcnair seeking to revive Kautsky The New Reformism and the Revival of Karl Kautsky is an important addition to scholarship on the subject and a valuable resource for those interested in the Russian Revolution German politics socialism Marxism and contemporary left wing debates Karl Marx in America Andrew Hartman,2025-05-27 The vital and untold story of Karl Marx's stamp on American life To read Karl Marx is to contemplate a world created by capitalism People have long viewed the United States as the quintessential anti Marxist nation but Marx's ideas have inspired a wide range of people to formulate a more precise sense of the stakes of the American project Historians have highlighted the imprint made on the United States by Enlightenment thinkers such as Adam Smith John Locke and Thomas Paine but Marx is rarely considered alongside these figures Yet his ideas are the most relevant today because of capitalism's centrality to American life In Karl Marx in America historian Andrew Hartman argues that even though Karl Marx never visited America the country has been infused shaped and transformed by him Since the beginning of the Civil War Marx has been a specter in the American machine During the Gilded Age socialists read Marx as an antidote to the unchecked power of corporations In the Great Depression communists turned to Marx in hopes of transcending the destructive capitalist economy The young activists of the 1960s were inspired by Marx as they gathered to protest an overseas war Marx's influence today is evident too as Americans have become increasingly attuned to issues of inequality labor and power After decades of being pushed to the far left corner of intellectual thought Marx's ideologies have crossed over into the mainstream and are more alive than ever Working class consciousness is on the rise and as Marx argued the future of a capitalist society rests in the hands of the people who work at the point of production A valuable resource for anyone interested in Marx's influence on American political discourse Karl Marx in America is a thought provoking account of the past present and future of his philosophies in American society **Worlds of Irving Howe** John Rodden,2015-12-03 The Worlds of Irving Howe The Critical Legacy is a wide ranging anthology of criticism devoted to the literary cultural and political work of the writer Irving Howe The book offers a broad cross section of critical and biographical writings about Howe Collected here are assessments of Howe's work written by some of the most prominent intellectuals of the twentieth century among them Lionel Trilling Alfred Kazin C Vann
