Every two hundred years Dagon a savage and evil god who desires complete control of the world selects a champion to help him escape Dagon has been imprisoned for fifty thousand years in Tartarus behind a door that only a human can unlock but the key has been lost for many years So far all attempts by mortals to free Dagon have failed Now Dagon has selected twenty nine year old Neville a single man living alone and working at Kentucky Fried Chicken to attempt the escape If Neville succeeds he will be granted immortality Neville discovers that he comes from a long bloodline of great warriors through the ages and his chances of success are great To decline Dagon's request is not an option To follow the quest requires a firm and possibly deadly commitment Neville must not only locate the key to unlock the door but he must collect the three pieces from his sword Each item is on a separate island Each island is scattered around the world and each item is protected by a savage beast Neville wonders if the quest will be worth the reward of eternal life
