The Routledge Guide to British Political Archives Chris Cook, 2012-10-02 This major new reference work provides an authoritative and wide ranging guide to archive sources now becoming available for British political history since 1945 With a user friendly layout the book presents a comprehensive range of 1 500 personal papers from leading statesmen backbench politicians writers campaigners diplomats and generals which cover the key aspects of British history since the end of the Second World War Compiled by an experienced archivist this comprehensive easy to use and authoritative guide is an invaluable resource for researchers of modern British history

The Routledge Guide to European Political Archives Chris Cook, 2012 This new publication a sister volume to the highly acclaimed Routledge Guide to British Political Archives provides a wide ranging survey of the non governmental archive sources for historians of post war Europe It provides within a single volume a rich treasure trove of resources drawn from the archives of the member states of the European Union and beyond These major archive resources range from the International Institute of Social History in Amsterdam to the Modern Records Centre at Warwick University from the European University Institute at Florence to the Archive of Social Democracy near Bonn from the Feltrinelli Institute in Milan to the Monnet Foundation in Lausanne The volume also concentrates on providing resources for areas of Europe s modern political past now increasingly attracting serious historical research They include the initial post war reconstruction era the rebirth of social democracy in Germany and Italy the beginning of European integration relations with Eastern Europe the Cold War decolonisation the fall of Communism and so forth A vital part of the story is represented by the papers of the principal architects of European integration such as Monnet Spaak Spinelli Mansholt and so forth However the remit of this volume extends far beyond statesmen and politicians It aims to embrace a wider spectrum of European political activism from libertarians to environmentalists economists and human rights activists campaigners for women s rights peace activists anti globalists trade unionists leaders of the student movement anarchists federalists and anti federalists and a plethora of others The wealth of information provided here will make this new publication the standard point of reference for students and historians

The Routledge Guide to European Political Archives Chris Cook, 2012-09-10 This new publication a sister volume to the highly acclaimed Routledge Guide to British Political Archives provides a wide ranging survey of the non governmental archive sources for historians of post war Europe It provides within a single volume a rich treasure trove of

resources drawn from the archives of the member states of the European Union and beyond These major archive resources range from the International Institute of Social History in Amsterdam to the Modern Records Centre at Warwick University from the European University Institute at Florence to the Archive of Social Democracy near Bonn from the Feltrinelli Institute in Milan to the Monnet Foundation in Lausanne The volume also concentrates on providing resources for areas of Europe's modern political past now increasingly attracting serious historical research They include the initial post war reconstruction era the rebirth of social democracy in Germany and Italy the beginning of European integration relations with Eastern Europe the Cold War decolonisation the fall of Communism and so forth A vital part of the story is represented by the papers of the principal architects of European integration such as Monnet Spaak Spinelli Mansholt and so forth However the remit of this volume extends far beyond statesmen and politicians It aims to embrace a wider spectrum of European political activism from libertarians to environmentalists economists and human rights activists campaigners for women's rights peace activists anti globalists trade unionists leaders of the student movement anarchists federalists and anti federalists and a plethora of others The wealth of information provided here will make this new publication the standard point of reference for students and historians

The Routledge Companion to Britain in the Twentieth Century , *The Oxford Handbook of the Cold War* Richard H. Immerman, Petra Goedde, 2013-01-31 The Oxford Handbook of the Cold War offers a broad reassessment of the period war based on new conceptual frameworks developed in the field of international history Nearing the 25th anniversary of its end the cold war now emerges as a distinct period in twentieth century history yet one which should be evaluated within the broader context of global political economic social and cultural developments The editors have brought together leading scholars in cold war history to offer a new assessment of the state of the field and identify fundamental questions for future research The individual chapters in this volume evaluate both the extent and the limits of the cold war's reach in world history They call into question orthodox ways of ordering the chronology of the cold war and also present new insights into the global dimension of the conflict Even though each essay offers a unique perspective together they show the interconnectedness between cold war and national and transnational developments including long standing conflicts that preceded the cold war and persisted after its end or global transformations in areas such as human rights or economic and cultural globalization Because of its broad mandate the volume is structured not along conventional chronological lines but thematically offering essays on conceptual frameworks regional perspectives cold war instruments and cold war challenges The result is a rich and diverse accounting of the ways in which the cold war should be positioned within the broader context of world history

The British National Bibliography Arthur James Wells, 2006 [Embassies in Crisis](#) Rogelia Pastor-Castro, Martin Thomas, 2020-10-29 Embassies are integral to international diplomacy their staff instrumental to inter governmental dialogue strategic partnerships trading relationships and cultural exchange But Embassies are also discreet political spaces Notionally sovereign territory immune from local jurisdiction in moments of

crisis Embassies have often been targets of protest and sites of confrontation It is this aspect of Embassy experience that this collection of essays explores and Embassies in Crisis revisits flashpoints in the recent lives of Embassies overseas at times of acute political crisis Ranging across multiple British and other embassy crises unusually this book offers equal insights to international historians and members of the diplomatic community **The British Anti-Psychiatrists** Oisín

Wall,2017-09-13 The British anti psychiatric group which formed around R D Laing David Cooper and Aaron Esterson in the 1960s burned bright but briefly and has left a long legacy This book follows their practical social and theoretical trajectory away from the structured world of institutional psychiatry and into the social chaos of the counter culture It explores the rapidly changing landscape of British psychiatry in the mid Twentieth Century and the apparently structureless organisation of the part of the counter culture that clustered around the anti psychiatrists including the informal power structures that it produced The book also problematizes this trajectory examining how the anti psychiatrists distanced themselves from institutional psychiatry while building links with some of the most important people in post war psychiatry and psychoanalysis The anti psychiatrists bridged the gap between psychiatry and the counter culture and briefly became legitimate voices in both Wall argues that their synthesis of disparate discourses was one of their strengths but also contributed to the group s collapse The British Anti Psychiatrists offers original historical expositions of the Villa 21 experiment and the Anti University Finally it proposes a new reading of anti psychiatric theory displacing Laing from his central position and looking at their work as an unfolding conversation within a social network **Longman Companion to Britain Since 1945** Chris Cook,John Stevenson,2014-09-09 This timely new edition of the Longman Companion to Britain since 1945 compiled by the series editors themselves provides a wide ranging compendium of key facts and figures on British history from the start of the landmark Attlee government in 1945 to the final years of the 1990s The book embraces all major aspects of British history government and society reflecting the massive social political and economic changes that have transformed the face of Britain since the end of the Second World War Fully revised and updated this new edition covers the advent of Tony Blair the electoral victory of New Labour in 1997 and the major constitutional changes currently underway in Britain This book will be invaluable to anyone interested in the history and politics of post war Britain from students and teachers to party activists and lovers of reader friendly reference books **The English Historical Review** ,2012

Translating England Into Russian Elena Goodwin,2020 From governesses with supernatural powers to motor car obsessed amphibians the iconic images of English children s literature helped shape the view of the nation around the world But as Translating England into Russian reveals Russian translators did not always present the same picture of Englishness that had been painted by authors In this book Elena Goodwin explores Russian translations of classic English children s literature considering how representations of Englishness depended on state ideology and reflected the shifting nature of Russia s political and cultural climate As Soviet censorship policy imposed restrictions on what and how to translate this book

examines how translation dealt with and built bridges between cultures in a restricted environment in order to represent images of England Through analysing the Soviet and post Soviet translations of Rudyard Kipling Kenneth Grahame J M Barrie A A Milne and P L Travers this book connects the concepts of society ideology and translation to trace the role of translation through a time of transformation in Russian society Making use of previously unpublished archival material Goodwin provides the first analysis of the role of translated English children s literature in modern Russian history and offers fresh insight into Anglo Russian relations from the Russian Revolution to the present day This ground breaking book is therefore a vital resource for scholars of Russian history and literary translation

A Short History of the Liberal Party

C. Cook,2010-08-31 Chris Cook lifts the lid on the third Party charting their fascinating journey over the last century from the landslide victory of 1906 under Asquith via their descent into divisions and decline in the interwar years to in depth analysis of the 2010 British Election and their return to Government in the Conservative Lib Dem coalition

Research within the Disciplines Peggy Keeran,Michael Levine-Clark,2014-04-28 Research within the Disciplines is designed to help reference librarians and students studying to become librarians gain that deeper understanding of disciplinary differences that allows them to comfortably solve information needs rather than merely responding to questions and practical knowledge about how to work with researchers in a library setting The book has three chapters that cover the disciplines at the broadest level humanities social sciences and sciences plus supplemental chapters that focus on associated disciplines research in history business and engineering research using government sources and across disciplines interdisciplinary and critical information literacy For the second edition of Research within the Disciplines several chapters have been added that together give a broader and deeper overview of research across all subject areas research practices of creative and performing artists and of clinical scientists research in international documents research strategies for foreign language materials and visual literacy across the disciplines Major shifts in technology have been accounted for that have changed how we do research and have expanded the range of resources available to researchers in all disciplines All of the chapters have been rewritten or heavily revised this is much more a new book than a new edition

Routledge Handbook of International Law David

Armstrong,2009-01-13 This Handbook provides a definitive global survey of the interaction of international politics and international law

The Routledge Companion to Decolonization Dietmar Rothermund,2006-04-18 This is an essential companion to the process of decolonization perhaps one of the most important historical processes of the twentieth century Examining decolonization in Africa Asia the Caribbean and the Pacific the Companion includes thematic chapters a detailed chronology and thorough glossary biographies of key figures maps Providing comprehensive coverage of a broad and complex subject area the guide explores the global context for decolonization nationalism and the rise of resistance movements resistance by white settlers and moves towards independence Hong Kong and Macau and decolonization in the late twentieth century debates surrounding neo colonialism and the rise of development projects and aid the legacy of

colonialism in law education administration and the military With suggestions for further reading and a guide to sources this is an invaluable resource for students and scholars of the colonial and post colonial eras and is an indispensable guide to the reshaping of the world in the twentieth century **The Labour Party, Denis Healey and the International Socialist Movement**

Ettore Costa,2018-05-18 This book describes how after the Second World War the Labour Party assumed leadership of the International Socialist Movement thanks to the achievements of the Attlee Government International Secretary Denis Healey guided the reconstruction of the Socialist International through the early Cold War making the British vision for socialist internationalism prevail over the French and Belgian At first the provisional Socialist International International Socialist Conference and Cominfo supported cohabitation with pro communist socialists and the USSR but with the Sovietisation of Eastern Europe it committed to militant anti communism Ambiguity between the Labour Party and Labour Government influenced British policy in Austria Czechoslovakia Greece Italy and Poland while the characterization and stereotypes of Eastern and Southern Europe shaped the language and actions of the British Furthermore the book shows how international contacts and the British and Swedish model encouraged the transition of socialist parties to responsible government parties fully embracing Western democracy and prepared the ideological revision of the 1950s *Routledge Handbook of Football Studies*

John Hughson,Kevin Moore,Ramón Spaaij,Joseph Maguire,2016-10-04 Football is unquestionably the world s most popular and influential sport There is no corner of the globe in which the game is not played or followed More countries are affiliated to FIFA football s governing body than to the United Nations The sport has therefore become an important component of our social cultural political and economic life The Routledge Handbook of Football Studies is a landmark work of reference going further than any other book in considering the historical and contemporary significance of football around the world Written by a team of leading sport scholars the book covers a broad range of disciplines from history sociology politics and business to philosophy law and media studies The central section of the book examines key themes and issues in football studies such as the World Cup and international competition governance and ownership fandom and celebrity The concluding section offers in depth surveys of the culture and organisation of football in each of the regional confederations from UEFA to CONCACAF This book will be fascinating reading for any serious football fan and an essential resource for advanced students or scholars undertaking research in football or sport studies and any practitioner or policy maker working in football The Routledge Handbook of Methodologies in Human Geography

Sarah A. Lovell,Stephanie E. Coen,Mark W. Rosenberg,2022-10-18 The Routledge Handbook of Methodologies in Human Geography is the defining reference for academics and postgraduate students seeking an advanced understanding of the debates methodological developments and methods transforming research in human geography Divided into three sections Part I reviews how the methods of contemporary human geography reflect the changing intellectual history of human geography and events both within human geography and society in general In Part II authors critically appraise key

methodological and theoretical challenges and opportunities that are shaping contemporary research in various parts of human geography Contemporary directions within the discipline are elaborated on by established and emerging researchers who are leading ontological debates and the adoption of innovative methods in geographic research In Part III authors explore cross cutting methodological challenges and prompt questions about the values and goals underpinning geographical research work such as Who are we engaging in our research Who is our research for What are our relationships with communities Contributors emphasize examples from their research and the research of others to reflect the fluid emotional and pragmatic realities of research This handbook captures key methodological developments and disciplinary influences emerging from the various sub disciplines of human geography *Routledge Handbook of Political Management* Dennis W. Johnson, 2010-03-17 A comprehensive overview of the field of applied politics encompassing political consulting campaigns and elections lobbying and advocacy grass roots politics fundraising media and political communications the role of the parties political leadership and the ethical dimensions of public life
