**Death Among the Stitches** Betty Hechtman, 2025-01-07 Meet Annie Hart, newly inherited yarn and tea shop owner and reluctant amateur sleuth. Annie Hart, daughter of Bryan Hart, talent agent to the stars, spends her life getting roped into whatever new task her father needs her to do for his VIP clients. So when she inherits a yarn shop in the small Indiana town of Franklin, she is curious to see what it feels like to have something that is solely hers. But when her arrival is greeted by the local law enforcement, Annie senses things are not quite as they seem in this idyllic town. Everyone knows everybody in Franklin, yet when it comes to the death of the shop's previous owner, nobody seems sure of anything. Annie soon discovers that Eleanor Danton was, in fact, murdered—strangled with her own yarn. Invigorated by her need to find out the truth and feeling somehow at home with the friendly bunch of local yarn artists who frequent the shop, she sets out to find the killer. Much can be achieved over a cuppa and a yarn. Readers who love super-cosy culinary mysteries will eat up this new charming cosy mystery series.

**Women, Pain and Death** Evy Johanne Håland, 2009-10-02 *Women Pain and Death: Rituals and Everyday Life on the Margins of Europe and Beyond* is a cross-cultural and multidisciplinary collection of articles representing different perspectives and topics related to the general theme of Women and Death from different periods and parts of Europe, as well as the Middle East and Asia—i.e., areas where, through the ages, there have been a constant interaction and discourse between a variety of people, often with different ethnic backgrounds. The studies illustrate many parallels between the various societies and religious groupings despite of many differences, both in time and space. The theme of death is mostly seen from what have been regarded as the geographical

margins of society as well as concerning the people involved women Thus the articles most of them presenting original material from areas which are not very known for English readers offer new perspectives on the processes of cultural changes The collection has important ramification for current research surrounding the shaping of a European identity the marketing of regional and national heritages In connection with the present day aim of connecting the various European heritages and developing a vision of Europe and its constituent elements that is both global and rooted the work has great relevance One may also mention the new international initiative on intangible heritage spearheaded by UNESCO
