Drew,2023-03-07 In the early days of motion pictures before superstars before studio conglomerates before even the advent of sound there was a woman named Pearl White 1889 1938 A quintessential beauty of the time with her perfectly tousled bob and come hither stare White s rise to stardom was swift her assumption of the title of queen of American motion picture serials equally deserved Born the youngest of five children in a small rural Missouri farm town White first began performing in high school She would eventually make the decision to cut her education short dropping out to go on the Trousdale Stock Company A bit player in the early years of her career she was eventually spotted by the Powers Film Company in New York She made her film debut in 1910 and soon set herself apart from her female colleagues with her reputation for fearless performances that often involved her own stunt work It was that same daring attitude that would put her on the map internationally as an actress From flying airplanes to swimming across rapid rivers to racing cars in serials like *The Perils of Pauline* 1914 White was undaunted by the demands of her onscreen career She went on to star in popular serial classics such as *The New Exploits of Elaine* 1915 *The Iron Claw* 1916 *The Fatal Ring* 1917 and *The Lightning Raider* 1919 As active socially as she was professionally White would also lend her audacious spirit to activism as she took part in the early feminist movement Her bravery and mastery of her craft made her a positive role model for suffragettes who battled for women s rights in the United States *The Woman Who Dared The Life and Times of Pearl White Queen of the Serials* is the first full length biography of this pioneering star In this study of film history and female agency Drew delves into the cultural impact of White s work and how it evolved along a concurrent trajectory with the social upheavals of the Progressive Era *The Perils of Pauline* Pauline Hicks,2022 **Logic Matters** P. The Perils of Pauline Charles Goddard,2022-08-10 In one of the stateliest mansions on the lower Hudson near New York old Stanford Marvin president of the Marvin Motors Company dozed over his papers while Owen his confidential secretary eyed him across the mahogany flat topped desk A soft purring sound floated in the open window and half roused the aged manufacturer It came from one of his own cars six cylinders chanting in unison a litany of power to the great modern god of gasoline These things had been in his mind since the motor industry started He had lived with them wrestled with them during his meals and taken them to his dreams at night Now they formed a rhythm and he heard them in his brain just before the fainting spells which had come so frequently of late He glanced at the

secretary and noted Owen's gaze with something of a start Silent Films, 1877-1996 Robert K. Klepper, 2015-09-16 This film reference covers 646 silent motion pictures starting with Eadweard Muybridge's initial motion photography experiments in 1877 and even including *The Taxi Dancer* 1996 Among the genres included are classics dramas Westerns light comedies documentaries and even poorly produced early pornography Masterpieces such as *Joan the Woman* 1916 *Intolerance* 1916 and *Faust* 1926 can be found as well as rare titles that have not received critical attention since their original releases Each entry provides the most complete credits possible a full description critical commentary and an evaluation of the film's unique place in motion picture history Birth dates death dates and other facts are provided for the directors and players where available with a selection of photographs of those individuals The work is thoroughly indexed **Women**

Filmmakers in Early Hollywood Karen Ward Mahar, 2008-08-25 A study of how and why women in early twentieth century Hollywood went from having plenty of filmmaking opportunities to very few *Women Filmmakers in Early Hollywood* explores when how and why women were accepted as filmmakers in the 1910s and why by the 1920s those opportunities had disappeared In looking at the early film industry as an industry a place of work Mahar not only unravels the mystery of the disappearing female filmmaker but untangles the complicated relationship among gender work culture and business within modern industrial organizations In the early 1910s the film industry followed a theatrical model fostering an egalitarian work culture in which everyone male and female helped behind the scenes in a variety of jobs In this culture women thrived in powerful creative roles especially as writers directors and producers By the end of that decade however mushrooming star salaries and skyrocketing movie budgets prompted the creation of the studio system As the movie industry remade itself in the image of a modern American business the masculinization of filmmaking took root Mahar's study integrates feminist methodologies of examining the gendering of work with thorough historical scholarship of American industry and business culture Tracing the transformation of the film industry into a legitimate big business of the 1920s and explaining the fate of the female filmmaker during the silent era Mahar demonstrates how industrial growth and change can unexpectedly open and close opportunities for women With meticulous scholarship and fluid writing Mahar tells the story of this golden era of female filmmaking *Women Filmmakers in Early Hollywood* is not to be missed Samantha Barbas *Women's Review of Books* Mahar views the business of making movies from the inside out focusing on questions about changing industrial models and work conventions At her best she shows how the industry's shifting business history impacted women's opportunities recasting current understanding about the American film industry's development Hilary Hallett *Reviews in American History* A scrupulously researched and argued analysis of how and why women made great professional and artistic gains in the U S film industry from 1906 to the mid 1920s and why they lost most of that ground until the late twentieth century Kathleen Feeley *Journal of American History* *Women Filmmakers in Early Hollywood* offers convincing evidence of how economic forces shaped women's access to film production and presents a complex and engaging story of the women who took

Lee: The Film Town Richard Koszarski,2005-03-02 During the 1910s motion pictures came to dominate every aspect of life in
 the suburban New Jersey community of Fort Lee During the nickelodeon era D W Griffith Mary Pickford and Mack Sennett
 would ferry entire acting companies across the Hudson to pose against the Palisades Theda Bara Fatty Arbuckle and Douglas
 Fairbanks worked in the rows of great greenhouse studios that sprang up in Fort Lee and the neighboring communities Tax
 revenues from studios and laboratories swelled municipal coffers Then suddenly everything changed Fort Lee the film town
 once hailed as the birthplace of the American motion picture industry was now the industry s official ghost town Stages once
 filled to capacity by Paramount and Universal were leased by independent producers or used as paint shops by scenic artists
 from Broadway Most of Fort Lee s film history eventually burned away one studio at a time Richard Koszarski re creates the
 rise and fall of Fort Lee filmmaking in a remarkable collage of period news accounts memoirs municipal records previously
 unpublished memos and correspondence and dozens of rare posters and photographs not just film history but a unique
 account of what happened to one New Jersey town hopelessly enthralled by the movies Distributed for John Libbey

 Michael Curtiz s Casablanca 1942 or Victor Fleming s Gone With The Wind 1939 are representing the entire film output of an
 era to a new generation that knows little of the past and is encouraged by popular media to live only in the eternal present
 What will happen to the rest of the films that enchanted informed and transported audiences in the 1930s 1940s and even as
 recently as the 1960s This collection of essays aims to highlight some of the lesser known treasures of the past those titles

that have been pushed aside by today's wave of cinema amnesia *Melodrama and Modernity* Ben Singer, 2001-04-05 In this groundbreaking investigation into the nature and meanings of melodrama in American culture between 1880 and 1920 Ben Singer offers a challenging new reevaluation of early American cinema and the era that spawned it Singer looks back to the sensational or blood and thunder melodramas e.g. *The Perils of Pauline* *The Hazards of Helen* etc and uncovers a fundamentally modern cultural expression one reflecting spectacular transformations in the sensory environment of the metropolis in the experience of capitalism in the popular imagination of gender and in the exploitation of the thrill in popular amusement Written with verve and panache and illustrated with 100 striking photos and drawings Singer's study provides an invaluable historical and conceptual map both of melodrama as a genre on stage and screen and of modernity as a pivotal idea in social theory
