The View from On the Road Omar Swartz, 1999 Through careful analysis of Jack Kerouac's On the Road Omar Swartz argues that Kerouac's influence on American society is largely rhetorical Kerouac's significance as a cultural icon can be best understood Swartz asserts in terms of traditional rhetorical

Protocols Bruce Christianson, Bruno Crispo, James A. Malcolm, Michael Roe, 2006-12-30 Another year another workshop Here are the proceedings of the seventh Cambridge International Workshop on Security Protocols All very well you may think but can there really still be anything genuinely new to say Is it not just the same old things a tiny bit better Well perhaps surprisingly this year we discovered some radically new things beginning to happen The reasons in retrospect are not far to seek advances in technology changes in the system context and new types of consumer devices and applications have combined to expose new security requirements This has led not only to new protocols and models but also to known protocols being deployed in delicate new ways with previous fragilities of watermarking and mutual authentication for example becoming desirable features At the workshop we identified several of these developments and began to map out some lines of enquiry This volume brings you a selection of deliberately disputatious positions followed by not quite verbatim transcripts of the discussions which they provoked As always our purpose in making these proceedings available to you is the hope that they will move your thinking in an unexpected direction If you find your attention caught by something here if it makes you pause to reflect or to think why that is just so wrong then good We're waiting for your mail
